PRESIDENT BUSY WITH POLITICAL FENCE PATCHING

Offers Peace Where Vendettas Fail.

BY ARTHUR SEARS HENNING.
[Chicago Tribune Press Service.]

Washington, D. C., June 12.—[Special.]—With the Republicans denouncing Democratic manipulation of relief, pump priming, and other government appropriations for political purposes, President Roosevelt drove forward today on a dozen fronts to strengthen and consolidate his forces for the 1938 and 1940 elections.

Gov. Lehman gets Roosevelt O. K.

While giving Thomas G. [Tommy the Cork] Corcoran and his elimination committee free rein to continue their attempts to purge the party of Democrats who opposed him on the scheme to pack the Supreme court, the President devoted himself today to peace making in quarters where his vendetta has failed.

Makes Peace with Gillette.

With open arms he welcomed to the White House Senator Guy M. Gillette, the Iowa Democrat who, though he fought the court packing bill, triumphed last week over the President's attempt to eliminate him to the tune of a two to one vote in the primary. They lunched together, buried the hatchet, and swore true faith to each other to make common cause against the Republican enemy in the November election.

What they had for lunch was not revealed. The politicians didn't need to be told that the President helped himself to a liberal serving of crow and pretended to like it.

Mr. Roosevelt revealed his viewpoint in his latest press conference. By implication it was that he exercises a democratic right to oppose renomination of any Democrat who has opposed his wishes. But it is the democratic right of a constituency to renominate the candidate despite presidential opposition. Iowa had illustrated the operation of the democratic process.

Gillette Tells of Meeting.

Senator Gillette on emerging from the White House said that he and the President had lunched alone in their shirtsleeves and had had a most amicable conversation. He indicated that they had tacitly agreed to let bygones be bygones and had started from scratch against the Republicans.

"I told the President," said the senator, "that Iowa is going to offer a clear cut test of popular estimate of the New Deal. The issue is sharply drawn. On the one hand I, as a liberal Democrat, contend for the vindication of the New Deal. Opposed to me is the Republican candidate, former Senator Dickinson, who never has said a kind word for any New Deal reform. I suggested to the President that he include Iowa in his itinerary on the trip he projects in the fall."

Whether Iowa can be saved to the Democrats was the principal topic of discussion at the dinner given in honor of Senator Gillette tonight by Senator Clyde Herring and the Iowa members of the house. According to several members of the delegation Postmaster General James A. Farley has deplored the President's attempt to defeat Gillette as an egregious blunder that renders Democratic success in Iowa this year extremely problematical.

Accepts Lehman, Too.

The day was also productive of news of another serving of crow to which the President has been compelled to help himself. He has sent word, it was disclosed, to the New York Democrats that the renomination of Gov. Herbert H. Lehman will be acceptable to him. This was a bitter pill for the President, who has not concealed his dislike of Lehman ever since the governor in a letter to Senator Robert F. Wagner [D., N. Y.] came out against the court packing bill.

Mr. Roosevelt first groomed Robert H. Jackson, now solicitor general, for the Democratic nomination for governor of New York. That was a flop. Then he trotted out Harry Hopkins, relief administrator. No more success in that quarter. Inasmuch as Leh-

NAZIS' VICTORY PARADE BROKEN UP BY POLICE

Henlein's Party Gets Big Majority.

PRAGUE, Czechoslovakia, June 12.—(AP)—Fourteen persons were injured tonight in a municipal election disorder as unofficial returns gave the Czechoslovakian government and the Sudeten German [Nazi] party each strong gains in the regions where their opposing nationalities predominate.

Konrad Henlein [top] and Premier Milan Hodza.

Sudeten German supporters of Konrad Henlein unofficially polled 90.9 per cent of the total vote in Germanic districts.

In Czech regions progovernment parties, especially the Socialists and Nationalists, gained majorities similar to those of the two previous Sundays of balloting which were interpreted as a vote of confidence in Premier Milan Hodza's government.

Police Break Up Parade.

The one election day outbreak was at Maerisch-Schoenberg where five policemen and nine Nazis were injured after police dispersed a victory parade celebrating a big Sudeten vote.

Shouting "police have been clubbing our women," about 50 followers of Henlein fought it out with the police, but finally were suppressed.

The Sudeten German party tabulation of returns showed a total of 824,282 German votes including registered voters of those towns where Henlein's followers were unopposed and elections thus were waived. Of this total Sudeten German candidates received 749,820 votes.

Out of a grand total of 1,268,649 votes for the three elections—May 22, 29, and today—Henlein candidates received 1,154,946 votes, or 91.44 per cent.

Estimate 87 Per Cent Majority.

The party figures were taken with reserve, however, and it was believed a neutral tabulation would show about 87 per cent of Czechoslovakia's Germans in favor of Henlein.

The Sudeten Fuehrer's most striking gain curiously was in Bratislava, chief city of Slovakia, but even there the government had a comfortable majority.

Henlein's candidates received 15,000 votes, compared with 5,000 in the 1935 election. Father Andreas Hlinka's Slovak Autonomist party received 8,000, while the government coalition parties received about 25,000.

The last of the municipal elections, involving some 4,000 communities, brought nearer a decision the nation's war fraught conflict with her 3,250,000 German minority.

Germans Decorate Homes.

While in predominantly Czech communities the voting was carried out in a matter-of-fact manner, the predominantly German towns made a great festival of the occasion.

Sudeten Germans beflagged their homes, decorated buildings with green boughs, and last night illuminated streets and buildings to mark the climax of their campaign for a near 100 per cent vote for Henlein candidates.

Two official British observers traveled about on the alert for untoward incidents. They were Maj. Sutton Pratt, British assistant military attaché, and Peter Pares, British consul at Reichenberg. Their presence gave the balloting a flavor of the Saar plebiscite.

Germans Get Proposals Tomorrow.

Tomorrow, with the elections out of the way, the government hopes to complete its formulation of proposals for a new nationalities statute. This proposed statute is designed to settle issues with all minorities in the country. Formulated proposals are scheduled to be handed to a representative of Henlein on Tuesday.

The crucial question of just how far the government is willing to go to conciliate the Sudeten Germans thus may be answered by the middle of the week and the equally crucial question of how Henlein will react may be answered within a day or two thereafter.

Premier Hodza meanwhile will begin discussions with representatives of Hungarian and Polish minorities.

Wassau Girl Missing from Vassar 6 Days

(Picture on back page.)

Wausau, Wis., June 12.—[Special.]—Search for Jane Grant Ford, 19 years old, daughter of Mr. and Mrs. Grant Ford of Wausau, who disappeared from Vassar college, Poughkeepsie, N. Y., six days ago, was revealed here today when aid of state and city police in middle western states was requested. The missing girl shipped her clothing to St. Louis, Mo., and departed on her bicycle two days later.

Parents of the missing girl could not account for the selection of St. Louis as a destination for her trunks. So far as they know she has no friends there and there was no evidence of an elopement.

Mother at Vassar.

Mrs. Ford is in Poughkeepsie to attend the annual reunion of her class of '14, having arrived Friday, four days after Vassar officials reported her daughter missing.

Mr. Ford, who is division engineer for the Wisconsin Public Service corporation, expressed concern tonight for his daughter's safety. He said he feared that an inexperienced girl, alone on the highways, might come to harm.

While Mr. Ford said he had no idea of his daughter's whereabouts, a dispatch from Poughkeepsie tonight quotes Mrs. Ford as saying that she had received information that the girl is safe and that she left school because she found the work too hard. The mother did not say where the girl might be found. She said Jane knew that she was planning a trip to the Vassar commencement.

No Hint in Letter.

The girl's most recent letter contained no hint that she contemplated leaving Vassar and told of the part she, as a member of the Vassar choir, would have in the commencement exercises that started last week and will close tomorrow.

Mrs. Ford, a daughter of Stephen B. Maynard, 326 West 64th street, Chicago, stopped in that city for a day of shopping when on the way to Poughkeepsie. A message from school officials that day informed Mr. Ford here of his daughter's absence. He notified Mrs. Ford and she sped east.

In Poughkeepsie Mrs. Ford learned that her daughter bought a round-trip railroad ticket to New York June 4, took two trunks with her and when in New York shipped them by express to St. Louis. The trunks arrived there and St. Louis police are watching for a claimant.

The girl returned to school the night of June 4 and stayed over Sunday. The last time she was seen there was early Monday morning.

Wausau friends of the girl speculated today on the theory that she left Vassar because she was dissatisfied. They said she never had wanted to go there to school, the choice of her mother, and had expressed a preference for a co-educational university.

ARMY OF 600 ON U. S. DAM BUILDING JOB AT $0.00 PER HOUR

Washington, D. C., June 12.—[Special.]—Plans to put an army of beavers to work in the small streams of Idaho this year were announced today in a report by F. R. Carpenter, director of the division of grazing in the department of the interior. He reported that crews of beavers, working over time at their prevailing wages, soon would begin the construction of a series of dams to prevent soil erosion and increase the watering facilities of the region.

About 600 of the industrious animals will be resettled along Idaho water courses this year. A 100 per cent increase in beaver population is anticipated the first season, with an annual increase of 150 per cent thereafter.

Field reports, Carpenter said, indicate that while it costs $8 to trap and transport each animal to the new scene of operations, every beaver is worth at least $300 for conservation purposes.

GERMANS TEAR DOWN SYNAGOGUE FOR PARKING LOT

MUNICH, Germany, June 12.—The principal synagogue in the heart of this city is being demolished in order to make room for a parking area. Orders for its removal followed a twenty-four hour ultimatum from the minister of interior to the Jewish community to vacate the edifice in return for $20,000 compensation. The offer was flatly refused, but work of dismantling was promptly undertaken. The edifice was erected at a cost of $40,000 and its value was assessed for taxation at $140,000. There is only one little synagogue left in Munch.

TheGoodEarth Yields Crop of Assorted Fish

Fish Story No. 1:

John Burchard set out Ponderosas, Earlianas, and Little Giants in his tomato patch. But his harvest yesterday was perch, sunfish, and carp.

While neighborhood boys fished his tomato patch optimistically for rainbow trout and rejoiced over the perch, sunfish, and carp they actually caught, Mr. Burchard explained at his Leyden township farm at Mannheim and Irving Park roads.

He hoped a trifle too enthusiastically for rain when he set out his tomatoes. The rain he got flooded a tributary of the Des Plaines river until the water flowed over the banks into his tomato patch and got the stream's fish hopelessly mixed up with his tomato plants.

Double Deck Principle Impractical.

Mr. Burchard, a truck farmer, read a number of pamphlets about combining the raising of hogs and corn so that the hogs could eat the corn. But nowhere could he find that fish liked tomatoes or vice versa. The double deck principle of tomatoes on one level and fish on another was obviously novel, but Mr. Burchard was compelled to concede that it was impractical.

And so when urchins carrying their fathers' finest fishing tackle suggested that they catch his fish, Mr. Burchard beamed. With the fish gone his problem would be half solved. Get rid of the water, now, he said, and everything would be O. K.

It takes optimism, of course, to expect a visit from a herd of thirsty camels, but a gentleman who's had as many fish drop in as Mr. Burchard has gets to expect odd guests.

Fish Story No. 2:

Police locked Harry Carr up yesterday when he smashed the window of a sporting goods store at 211 South State street. But Mr. Carr said it was an accident. He had just leaned against the window to admire the fishing tackle display, he said, because he's an enthusiastic angler, and the window gave way.

2 Little Kodiak Bears Visit City on Way to London Zoo

If you have a monocle, a cane, or an English accent you're not using, there are a couple of young and unsophisticated little kodiak bears at the Brookfield zoo who'll be needing things like that. They're visiting at the zoo on their way from Alaska to the London zoo, where they're going to make their home. Pip-pip!

Airliner Hit Peak in Storm in California

Burbank, Cal., June 12.—(AP)—Transcontinental and Western Air officials announced here tonight they had evidence their transport plane which disappeared during a storm last March 1 with nine persons aboard had been found in Yosemite National park. The plane was flying from San Francisco to Los Angeles.

They said the park superintendent had telephoned TWA offices in Fresno that H. O. Collier, a mountain hiker, came into the ranger headquarters in Yosemite tonight and reported he had stumbled across the wrecked plane on the south slope of Buena Vista peak, about ten miles northeast of Wawona. The peak has an elevation of 9,692 feet. It is one of many high mountains surrounding Yosemite valley and is about eighteen miles south and east of the ranger headquarters in the park.

Finds Pilot's Brief Case.

"The authenticity of this report was borne out by a brief case which Collier brought in lettered 'H. M. Salisbury,' who was a TWA pilot dead-heading on this flight," the announcement said.

Chief Forest Ranger Forest C. Townsley said he was convinced that Collier had found the plane. Townsley immediately organized a searching party and said he would start at daybreak for the scene of the wrecked plane. TWA headquarters at San Francisco also dispatched men to the scene of the wreckage.

Collier said he counted eight bodies scattered around the area. All were unrecognizable. He was of the opinion the ninth body was in the vicinity. The plane, he said, was smashed to bits but apparently had not burned. Wreckage was scattered for a wide area about the slope.

Here Is Passenger List.

Aboard the plane were Capt. John D. Graves, 35 years old, pilot, of Palo Alto; First Officer C. W. Wallace, Tucson, Ariz., and Hostess Martha Wilson, Philadelphia, Pa., crew members, with Salisbury riding as supercargo.

The other passengers were Tracy Dirlam and Mary Lou Dirlam of Mansfield, O.; Mr. and Mrs. L. B. Walts, Bieber, Cal., and Victor Krause, Lincoln, Neb.

BLAMES CRASH ON STORM.

John B. Walker, vice president of the TWA, in charge of trafic, who arrived in Chicago early today, commenting on the finding of the wrecked air liner said:

"The dispatching and clearance of the ship were all in accordance with the best air procedure. All company officials are convinced that the crash occurred during the worst storm on the Pacific coast in sixty-four years."

Find Two Air Crash Victims.

NAIROBI, Kenya Colony, June 12.—(AP)—British royal air force planes today discovered the bodies of Dr. Charles F. M. Swynnerton and B. D. Burtt, authorities on sleeping sickness, fifty miles from Singida, Tanganyika.

The scientists were killed when the plane in which they were flying from Singida to Dodoma and Dar-es-Salaam crashed on June 8. The pilot, W. M. Bawden, also was killed.

5 PRONG REBEL DRIVE CLOSES IN ON CASTELLON

Loyalists in Retreat Toward Valencia.

HENDAYE, France [at the Spanish Frontier.]—June 12.—(AP)—Five columns of Spanish rebels, 20,000 strong, converged today on rich Castellon de la Plana, which finally lay under Generalissimo Francisco Franco's field guns after a bitter, seven week campaign.

Gen. José Miaja's coastal defense line, which had blocked the rebel drive to the south since Franco drove a salient to the Mediterranean in mid-April, crumpled yesterday with a government retreat from Albocacer.

Albocacer, twenty-seven miles north of Castellon, had been weakened as a defense bulwark by rebel penetration deeper inland and closer to the port city from the northwest. This had threatened isolation of Albocacer.

Sweep Through Many Towns.

By dawn rebel troops were streaming along the network of inland roads and two main coastal highways for a concerted assault on Castellon, the principal barrier to conquest of Valencia, forty miles to the southwest.

[Rebel dispatches asserted their troops battled their way to the outskirts of Castellon late in the day, bitterly resisted by government defenders in the orange groves. Loyalists disputed this, saying the rebel advance was halted at Villafames, nine miles northwest of Castellon. They asserted that defenders entrenched in the high mountains northwest of Castellon were holding up the drive.]

Scores of lesser towns, villages, and hamlets fell to the converging sweep of the rebels. Their dispatches reported several thousand government prisoners were taken in the last two days, but government sources said Miaja's retreat was orderly, with a minimum loss of men and supplies.

Crescent Shaped Front.

Painstakingly the rebels drew their forces around Castellon in a crescent shaped line from the west of the city on up to the north and over to the coast. Castellon is a modern port and before the war had a population of 36,600.

In the process Galician forces under Gen. Garcia Valino, which for a week had laid siege to Lucena del Cid, sixteen miles northwest of the port, captured that lead and iron mining center and drove forward to support their most advanced detachment. The latter had thrust through Borriol, less than five miles northwest of the outer fringe of Castellon.

A column of Italian legionnaires, which had failed in a dozen attempts to crack the Albocacer line, started forward along the easternmost of twin coastal highways on the heels of Miaja's retreating "milicianos."

Marchers Near Oropesa.

The Italians crossed the Segarra river south of Alcala de Chisvert and occupied Torreblanca and Torrenostra, about twenty miles from Castellon, before pushing on south toward Oropesa, a coastal town about eleven miles northeast of Castellon.

Marching along the highway on the Italians' right a mixed column of Moroccans and foreign legionnaires occupied war-scarred Cuevas de Vinroma and then pushed on south through Torre de Endomenech, Villanueva de Alcolea, and Benlloch, the last about fifteen miles from Castellon.

Navaresse cavalrymen and Aragonese infantrymen followed a water course southwest of Albocacer, La Rambla de la Viuda [ravine of the widow], to Villafames, nine miles northwest of Castellon, which they occupied after a brief but fierce engagement.

Move in River Valley.

The fifth rebel column, picked troops backed up by field artillery and screened by bombing and fighting planes, picked its cautious way along the western side of La Rambla de la Viuda, which connects with the Mijares river just south of Castellon.

Continuing their air raids on the eastern coast the rebels attacked Sagunto, fourteen miles north of Valencia. Forty-one rebel planes were reported to have dropped 300 bombs on Sagunto.

Most of the projectiles fell on the beach or in the sea and caused little damage. Government commanders said their anti-aircraft guns at Sagunto brought down two rebel bombers, which crashed into the sea.

URGES FRANCE AVOID WAR

PARIS, June 12.—(AP)—Former Premier Pierre Flandin today urged his followers in the Democratic Alliance party to oppose war unless France is attacked.

Speaking at Vienne, at a convention of his party, he warned that the danger of war was increasing in Europe and called for "conciliation and arbitration" to prevent a conflict.

He declared that the government of Premier Edouard Daladier was prepared to order the mobilization of French soldiers last month when the first of the German-Czechoslovak frontier incidents occurred. France and Czechoslovakia are bound by a mutual assistance pact.

Declares War Impossible.

"Less than twenty years after the armistice would we see again the tragic white posters calling men to arms?" he asked.

"I say it is impossible as long as France herself is not attacked and all methods of conciliation and arbitration are not exhausted to prevent war."

He said the Spanish civil war still was the greatest threat to France, asserting that "official France is not neutral." He demanded strict non intervention to facilitate a reconciliation with Italy.

Cot Makes Reply.

Flandin's speech brought an immediate reply from Pierre Cot, Radical Socialist former air minister, who told the National Congress of Republican Reserve Officers at Chambrey:

"A reserve officer must reply to a mobilization order without discussing the reason or causes of mobilization. Suspicious propaganda is trying to trouble our consciences. They say France should defend herself only if attacked. This language is contrary to our dignity and security."

NEW TEMBLOR JOLTS EUROPE; DAMAGE SLIGHT

[Chicago Tribune Press Service.]

LONDON, June 12.—Another earthquake jolted parts of Belgium, France and The Netherlands today, causing slight damage as these nations, together with England and Germany surveyed the toll of yesterday's severe shock.

The new disturbance was considerably lighter and lasted only three seconds. Two buildings were reported damaged at Terneuzen in southern Holland.

Scientists at the Brussels observatory said yesterday's quake apparently centered in the vicinity of Ghent, with the tremors originating nearly 15 miles under the crust of the earth. Belgium was hardest hit. At least three persons were killed. More than forty were injured and over 600 houses damaged.

In London, experts will examine St. Paul's cathedral tomorrow to determine if any structural damage was done to the ancient edifice during the three minute quake which rumbled across the five nations yesterday.

5 Hand Grenades Thrown in Shanghai Anti-Jap War

SHANGHAI, June 12.—(AP)—Five hand grenades were thrown at different places in the international settlement within one hour tonight in a new outburst of terrorism. One Japanese and three Chinese passersby were injured and an American owned radio station was damaged. The bombings followed two recent assassination attempts against Chinese affiliated with organizations which Chinese patriots regard as pro-Japanese. The radio station, owned by the Henningsen Produce company, continued operations.

Floods Hit North Sweden; Troops, Planes Aid Victims

[Copyright: 1938: By the New York Times.]

STOCKHOLM, Sweden, June 12.—Troops and planes are helping hundreds of families in northern Sweden who face ruin from floods caused by melting snow. Thousands of acres have been submerged and the floods now threaten towns and villages. The damage thus far is estimated at $2,500,000.

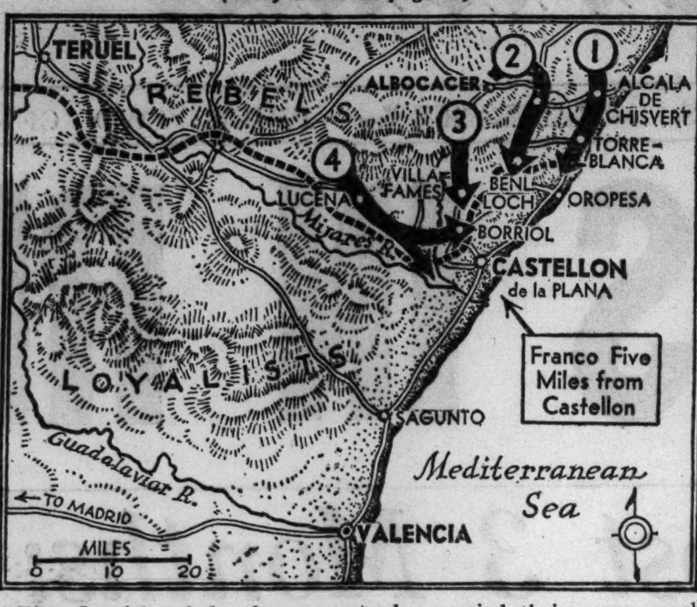
Rebels Roll Siege Guns Up to Castellon

(Story starts on page 1.)



Five Spanish rebel columns yesterday carried their seven weeks' drive almost to the gates of Castellon. On the coastal highway column No. 1 was nearing Oropesa; inland No. 2 had captured Benlloch, and No. 3 was at Villafames. Of two others (4) operating in a valley one column had reached Borriol, about five miles from Castellon, and another column was pushing toward the Mijares river. JAP WAR PLANES RAID CANTON BY LIGHT OF MOON

Burst of Bombs Heard Through Night.

CANTON, China, June 12.—(AP)—Japanese war planes raided Canton by the light of the moon tonight for the sixteenth day of bombardments which have inflicted casualties estimated between 6,000 and 10,000.

There were resounding detonations from the exploding bombs in scattered sections of the city. They fell in already devastated areas and were believed to have caused little damage.

Of the casualties from the relentless raids, it was estimated that between 3,000 and 4,000 persons have been killed outright or have died from wounds caused by shell fragments and falling buildings.

Fear for Foreign Colony.

Besides daily raids on Canton, the Japanese blasted surrounding Kwangtung province and adjoining Fukien province on the northeast. From the seacoast 40 Japanese planes roared far inland bombing scores of villages Japanese alleged to be military objectives.

The belief persisted that this bomb-shattered metropolis was in for more and heavier attacks. Foreign consular authorities expressed grave anxiety over the possibility of new raids on the densely populated waterfront, close to Shameen, the foreign settlement.

Americans, Britons, Frenchmen and Germans making up the foreign settlement population for days have been living under wartime conditions. It was believed that new mass raids on the nearby waterfront would result in their evacuation.

Build Defense for Battle.

Chinese authorities said they anticipated further assaults on Canton would precede a Japanese land invasion of Kwantung province.

Preparations were being rushed for the defense of Canton from the anticipated invasion. Additional troops were being trained and equipped and a network of concrete blockhouses and trenches were being constructed about the city.

Although every railway station in the city has been demolished by the raiders, passenger and freight trains continue to operate. Munitions are flowing by the trainload into the city.

ITALIANS ADMIT NEW ACTIVITY IN SPAIN; HOLD FRANCE TO BLAME

ROME, June 12.—(AP)—Virginio Gayda, the Fascist editor, asserted today that continued French support of the Spanish government had caused the Italian Black Arrow brigade to return to action in the Spanish civil war.

"The heroic Italian legionnaires have returned to the fray," Gayda wrote in La Voce d'Italia, Sunday edition of Il Giornale d'Italia, in commenting on the Spanish rebel drive on Castellon de la Plana. "Their new intervention after a long absence which lasted since April was imposed by long, violent, and documented French intervention . . ." Gayda wrote.

"It is the French themselves who furnish us, in addition to our own precise news, further indications of the presence of the French not only in the way of war materials and fighters but high commanders." Gayda then cited the names of a dozen generals and lower officers who he said were publicly known to be fighting in Spain.

ENVOY KENNEDY TO REPORT ON WAR FEARS IN EUROPE

[Chicago Tribune Press Service.]

LONDON, June 12.—Before sailing for the United States on Wednesday, Ambassador Joseph P. Kennedy will consult British ministers, the German, French and Italian ambassadors and business men for their opinions on the war rumblings in Europe.

Kennedy will make a detailed report to President Roosevelt. Unofficially, it is learned that diplomats now hold graver views on the situation in Europe. This accounts for Kennedy's decision to return to the United States, though he also plans to attend the graduation of his son from Harvard.

It is known that Kennedy six weeks ago discounted the possibilities of trouble in Europe. It is for that reason that diplomats here are studying with interest his decision to return to America at this time.

RAINS AND FLOOD DELAY JAP DRIVE NEAR CHENGCHOW

Chinese Utilize Chance to Counter-Attack.

SHANGHAI, June 12.—(AP)—Heavy rains and flood waters breaking through dikes along the mighty Yellow river fought tonight on the side of the stubborn Chinese defenders of Chengchow and helped to delay the Japanese drive on Hankow, which is 300 miles south of Chengchow.

Ankle deep mud on the fields and roadways along the Lunghai railway to Chengchow's east and lowlands inundated by rampant waters from "China's Sorrow"—[the river]—restricted the attackers to snail's pace movements.

The Chinese seized the opportunity to counterattack along the Lunghai and reported they had repulsed a Japanese attack on Paisha, 13 miles east of Chengchow, where the east-west Lunghai crosses the Peking-Hankow railway.

Floods Terrify Civilians.

But if rain, mud, and flood were the allies of the Chinese troops, they were also the enemies of Chengchow's terrified civilians. Most of the noncombatant population which had dared to remain in the railway junction city despite Japanese encroachments fled from the Yellow river flood plodding along with a few possessions.

Chinese headquarters admitted that a shock force of 200 cavalrymen had penetrated Honan province to the railway, occupying Sincheng, 25 miles south of Chengchow.

Japanese engineering squads were reported last week to have dynamited the Peking-Hankow line in three places between Chengchow and Hankow, but the Japanese in force had not reached the railway.

The virtual stalemate at Chengchow shifted Japanese pressure to the Yangtze river front and what the Japanese had proclaimed as their naval offensive against Hankow.

Battle to Land Troops.

A Japanese spokesman said this phase of the war was "progressing according to schedule." About forty Japanese gunboats and transports bearing landing parties were reported within 250 miles of Hankow and already in action, supported by war planes.

Under cover of fire from gunboats, Japanese troops attempted landings on the north and south banks of the Yangtze near Anking, 215 miles downstream from Hankow.

Generalissimo Chiang-Kai-shek was said to have been informed by long distance telephone that 500 Japanese landed on each bank of the river, but that Chinese forces charged and fought at close range until the Japanese were forced to return to their transports.

The Chinese reported that eight transports, carrying an entire brigade, were steaming upriver from Nanking to attempt a large scale landing near Anking. Civilian Chinese were reported fleeing Kiukiang in fear of air raids to further the river drive.

Boom Bars River Passage.

The greatest barrier to Japanese assault from the river was a boom of sunken, rock laden junks, augmented by heavy timbers, stone and concrete across the Yangtze below Kiukiang, 135 miles down river from Hankow.

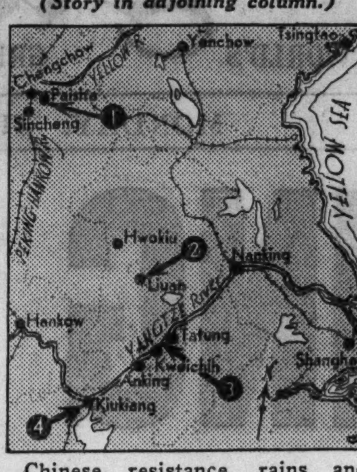
Chinese airmen challenged the drive up the river with an attack on a Japanese gunboat near Kweichih, 247 miles by river from Hankow. The Chinese said the gunboat was damaged.

The Chinese admitted that a squadron of 31 Japanese planes bombed their river front defenses at five points between Kweichih and Tatung, 15 miles farther down stream.

Meanwhile, Japanese land forces reported progress in drives to reach the Peking-Hankow railway between Chengchow and Hankow. One column was advancing westward against Liuan preparatory to wheeling to the southeast for an assault on Anking.

Japanese Slowed Up

(Story in adjoining column.)



Chinese resistance, rains and floods yesterday held up Japan's Central China drive at Paisha (1) 13 miles from Chengchow. Japanese cavalrymen, however, were reported to have reached Sincheng. Another Japanese column was fighting westward from Liuan (2). Gunboats on Yangtze river fought to land troops near Kweichih (3). A Chinese boom at Kiukiang (4) bars the Japanese naval drive toward Hankow.

TRI-COUNTY WAR ON BLOODTHIRSTY SKEETERS URGED

Ædes Vexans Grow Up and Head for City.

(Map on back page.)

A unified plan for mosquito elimination over the whole of Cook, Lake, and Du Page counties was urged yesterday as swarms of Ædes vexans, the flood water variety of the pests whose breeding has been favored by recent excessive rainfall, flew in bloodthirsty hordes into Chicago.

J. Lyell Clarke, sanitary engineer for the Des Plaines valley mosquito abatement district, said that such a project would be ideal for the Works Progress administration and that the spending of about $4,332,500 would give adequate control of the mosquito problem in the entire area of 1,733 square miles, in which more than four million persons live.

Can Travel 15 Miles.

"In the Des Plaines district we have all the thirty-one common varieties of mosquitoes under control," said Clarke, "but we can't do anything about the Ædes vexans which are bred in the Du Page county swamps and, with favorable winds, can fly fifteen miles."

He pointed out that the territory in the three abatement districts [Des Plaines valley, north shore and Lake Forest-Highland Park] is small and that the city will be invaded by many varieties of mosquitoes from the unserviced hinterland during the summer.

"New York," he said, "has recently received an additional $2,540,000 from the WPA, making a total of about $10,000,000, for drainage and spraying of marshlands on Long Island and near New York. Inasmuch as WPA authorities recognize mosquito abatement as the most efficient work relief program, Chicago ought to take advantage of its opportunities and obtain funds to relieve the whole population of the mosquito plague."

Costs $2,500 a Square Mile.

Clarke said that the cost of draining the breeding grounds and stocking ponds with fish to eat the mosquito wigglers would average $2,500 a square mile. He estimated that once the construction work was completed, maintenance for the three counties would not cost much more than $500,000 a year. Oil is also spread on the water to kill the wigglers.

"We pay 25 cents per capita for maintenance in the Des Plaines valley district," he explained, "and over the larger area it would be only about half as much."

Among the varieties which will afflict Chicago later are the Psorophora ciliata, a big one that attacks fiercely; the purple Psorophora ferox, and the small Culex pipiens [polluted water mosquito] which is the kind most prevalent in the city.

Eggs of the current pest, Ædes vexans, are laid on dry ground near ponds and in the marshes. They hatch when rising water reaches them. The egg covering is tough and the hatching may take place from one to four years after they are deposited. Vast numbers have come forth with each heavy rain.

CZECHS MENACE PEACE IN EUROPE, HITLER AID SAYS

Charges Prague Is Unable to Protect Own Citizens.

[Chicago Tribune Press Service.]

BERLIN, June 12.—The most ominous sounding speech heard in Germany in many years was delivered today by Rudolf Hess, the usually mild spoken deputy leader of the Nazi party. He spoke in the presence of Reichsfuehrer Adolf Hitler and 500,000 Nazis of northern Germany at Stettin.

Rudolf Hess.

Hess said that Czechoslovakia's recent actions "created a situation that practically amounts to a state of war." He indicated, by pointing to Germany's military strength, that Hitler is determined to carry on his fight for the "cause of the Sudeten Germans."

Hess attacked the Czechoslovak republic, asserting: "First, this state obviously is no longer in a position to uphold law and order within its own boundaries and is in no position to protect the lives of its own citizens. Second, this state has become a danger center for all Europe.

Sees Threat to Peace.

"The mobilization it ordered means a threat to the peace of Europe. It mobilized with no reason whatsoever. But it did not only mobilize. With lightning-like rapidity its relations with neighbors along the borders developed into a situation which, for all practical purposes, amounts to a state of war.

"Rarely has the fate of nations been played with as recklessly as in the last few weeks. The leading rôle was assumed by a state which owes its existence only to the lie of Versailles and which, thanks to this lie, is able to stir the entire world. It is a state into which the Versailles treaty tyrannically forced a number of strong and healthy minorities."

His listeners roared with anger when Hess said: "The present situation of the minorities is a mockery of promises of rights and self-determination which once were given them. Being members of non-Czech nationalities they are being struck down, clubbed, and shot only because they are not Czechs."

Says Hitler Loves Peace.

The deputy leader said that reports of German troop movements were merely "unsubstantiated rumors based on unconfirmed reports."

With enthusiasm Hess described Hitler's love of peace.

"We warn the world not to consider Germany's love of peace as a weakness," Hess went on. "Whoever believes that on the strength of this love of peace he can go on sinning against the Germans does not know the German people. He will experience a ghastly awakening some day if his provocation has led to its consequences."

Hitler in a brief address said Germany's future rests on twin pillars—the army and the Nazi party.

NAZI URGES BAN ON SHORT SKIRTS AND BARE NECKS

Jewish Dress Designers Assailed by Expert.

BY SIGRID SCHULTZ.

[Chicago Tribune Press Service.]

BERLIN, June 12.—Women's dresses in Germany must be designed to "allow space for the motion of the Nordic body needs," declared an educational expert in the magazine of the Nazi Teachers' Association for Female Education.

The writer asserted that international and Paris fashions are "contaminated by Jews," and are "racially dangerous." It is up to German teachers to compel girls to reject French and other foreign fashions and devise German styles, the Nazi expert argued.

The article also said that the "Jew uses the French fashion world as his means to power."

Calls Low Necks a Danger.

"Jewish fashions lead to spiritual decadence and profane relations of the sexes," the writer maintained. "They cripple our racial substance and our people."

"Fashionable padded shoulders and small waists, short skirts and bared necks represent such a danger to our women's spiritual poise that our racial and population experts have good reason to rebel," the expert wrote, again blaming Jews for this fashion.

The writer did not mention that short skirts, small waists, and low neck dresses are features of a large number of old German peasant costumes now being revived in the new dirndl fashion. It is true, however, that the average German woman is usually thicker around the waist than French, Anglo-Saxon, and Austrian women and wears a dirndl less frequently than they do.

Assails Fashion Pictures.

Fashion pictures must also be purged, the expert went on.

"How can we bring our people back to a feeling of pure form when they see in magazines pictures of the latest Paris attractions?" the writer asked. "Dresses designed by the 'reich women's director' in 1937 should be pleasing to German girls because they are suited not only for the needs of our women but also for their conception of life."

Schools, the article continued, should teach girls to make their own dresses and at the same time "make young girls aware of their obligation to keep their bodies unspoiled and healthy for their duty as women."

3 DESPERADOES SHOOT WAY OUT; JAILER KILLED

Galveston, Tex., June 12.—(AP)—Three desperate criminals shot their way out of the county jail here today, killing Jailer Ernest E. Goode, 41 years old, and beating Jailer William Lindgren, 52, with an iron pipe. The trio, Peter John Calandra, 28; Roland C. Tyler, 28, and Edward Francis Sutton, 34, all under burglary sentences, stole an automobile and sped into the nearby business section of this island town. The desperadoes were believed trapped in this island city two and a half miles off the Texas coast. The causeway to the mainland and all ferries were placed under guard five minutes after the break.

BRITONS OUSTED BY SOVIET REACH ESTONIAN HAVEN

Turned Out by Russians in Hunt for Spies.

BY DONALD DAY.

[Chicago Tribune Press Service.]

TALLINN, Estonia, June 12.—Survivors of the once prosperous British colony in Leningrad, Russia, now a poverty stricken group of aged and ailing refugees, have arrived here. They received a warm welcome from members of the Estonian Red Cross who met them at the soviet border with food, clothing, and medical assistance.

The British embassy at Moscow, which unsuccessfully intervened with the soviet government in their behalf, requested the Estonian government to assist the invalids who are now under the care of doctors at the Tallinn poorhouse.

All Foreigners Suspected.

The refugees report that Leningrad authorities are determined to expel all foreigners because of espionage.

None of the refugees left Russia willingly. Their families and friends are buried there and others are related through marriage to Russian families who have assisted them to survive the waves of persecution, famines, and epidemics. Some are descendants of families who founded large factories in Russia, others were employed for many years by the czarist government as specialists in the days when Leningrad was St. Petersburg and later Petrograd.

Other Refugees to Come.

Some held humbler positions as tutors and governesses in the noble and wealthy families which have been exterminated by the GPU [secret police].

Another group of the Britishers is expected to arrive this week. They are planning to remain at Narwa, just across the border from Russia.

ORDER TRANSFER TO PONTIAC FOR MOTHER SLAYER

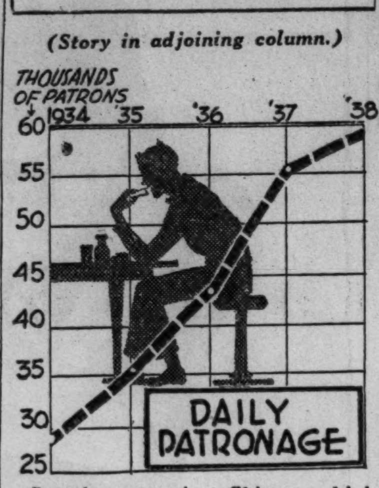
Theodore Danielsen Jr., 16 years old, who is serving a fourteen year prison sentence for the knife murder of his mother, will be transferred this week from the diagnostic depot at Joliet penitentiary to Pontiac reformatory. Joseph Ragen, warden of the penitentiary, said yesterday that he will be sent to Pontiac with the next load of young offenders, who have been examined by physicians and psychiatrists at the depot.

Danielsen, who killed his mother, Mrs. Eleanor Danielsen, last March 3 in their home at 5316 Lieb avenue, entered Joliet on May 13.

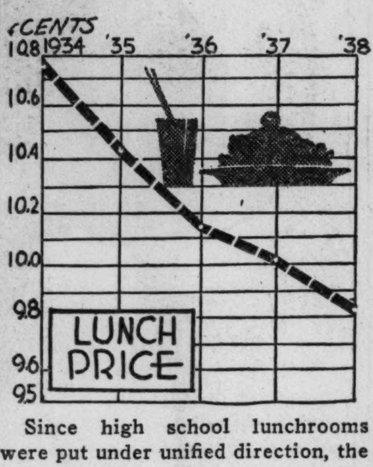
"During the period the Danielsen boy was undergoing the usual examinations," Ragen said, "he was cheerful and read a great deal. He was then placed in the Pontiac classification. When he arrives at the reformatory, he will enter the vocational training school and learn a trade."

Lunchrooms Boom

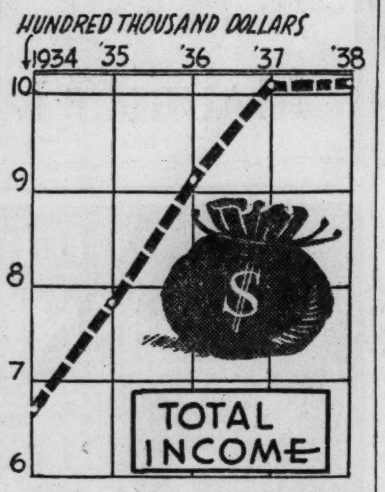
(Story in adjoining column.)



Lunchrooms in Chicago high schools are now serving nearly twice as many pupils as five years ago, when centralized control was established.



Since high school lunchrooms were put under unified direction, the average price of a meal has decreased nearly a cent.



Increased patronage and business management has nearly doubled the total income of the school lunchrooms in five years.

SERVE 10 MILLION MEALS TO PUPILS IN HIGH SCHOOLS

F. O. Washam, director of school lunchrooms for the board of education, reported yesterday that 10,448,692 meals were served to high school pupils in the school year just closing at an average cost of 9.8 cents a meal. The lunchrooms were operated in fifty-two high schools and branches and were patronized daily by 53.9 per cent of the attending pupils.

The lunchrooms were taken out of the hands of school principals and local clubs in 1934, when only 27.58 per cent of the attending pupils patronized them. That year 5,207,532 lunches were served, at an average cost of 10.77 cents, and the department lost $3,936. This year a profit of $1,670 was shown, and the department was able to spend $108,400 out of receipts for equipment. In 1934 only $14,623 was available for equipment.

NEW EAST LANE OF LAKE SHORE DRIVE OPENED

(Picture on back page.)

With the opening yesterday of the new east lane of Lake Shore drive between Belmont avenue and Byron street, Chicago motorists had their first opportunity to travel on all three drives, comprising fifteen trafic lanes.

Today, however, the middle drive between these points will be closed to permit completion of pedestrian subways at Aldine avenue and Addison street.

Trafic Engineer Otto K. Jelinek of the park district said that all three drives will not go into permanent use until about July 15, after construction work on the center drive is finished. Trafic will be routed into the west portion of Lake Shore drive and the new east drive until that time.

MOSCOW'S PHONE CONNECTION WITH EUROPE CUT OFF

Calls Rejected; Wires Are Reported Down.

[Copyright: 1938: By the New York Times.]

LONDON, June 13 [Monday].—Since 9 o'clock last night London has been unable to connect with Moscow by telephone and inquiries early this morning indicated that other European capitals also had been unable to communicate with the capital of Soviet Russia.

At 2 a. m. correspondents in Paris reported they were unable to telephone to Moscow, calls being rejected on the ground that "the wires are down between Warsaw and Moscow."

The British postoffice then reported its direct line to Moscow was "dead," and subsequent efforts of London newspapers to reach the soviet capital through Berlin, Warsaw, Stockholm or Riga also were unsuccessful. British postal officials could offer no explanation for failure of the telephone line and apparently operators in the other capitals rejected calls with the terse official reply, "We cannot get them."

Stalin Seeks U. S. Experts.

[Chicago Tribune Press Service.]

RIGA, Latvia, June 12.—Much attention is being paid in Moscow diplomatic circles to the conversation between Dictator Josef Stalin and Ambassador Joseph E. Davies of the United States before the latter's departure to his new post at Brussels, Belgium.

Disorganization is reported by the soviet press in all branches of industry. Anti-Stalin agitation has also developed among the workers.

Stalin's conference with Davies, according to information obtained from diplomats, concerned the possibility of the Moscow government receiving technical assistance from America. The successive purges of the last two years have resulted in hundreds of youthful and inexperienced technicians and engineers being appointed to key positions in soviet industry without improving production or decreasing costs.

Want Skilled Workers.

It is reported that the soviet government again is anxious to recruit engineers and skilled workers of all kinds in America to replace Europeans, chiefly Germans, Austrians, Italians, and Scandinavians who have been expelled since the inauguration last January of Stalin's latest spy hunt.

Acts of sabotage, which the newspaper Pravda said are increasing alarmingly, were blamed upon Polish, German, and Japanese agents. Commissars now stumping Russia during the windup of the new soviet election campaign are blaming Poland, Germany, and Japan for Russia's internal difficulties.

REUNITE MOTHER WITH DAUGHTER AFTER 36 YEARS

Eureka, Cal., June 12.—(AP)—Mrs. Hattie Madsen, the former Mabel Baker of vaudeville, and her daughter who she was told died thirty-six years ago, have been reunited. Mabel Baker was married in Tacoma, Wash., in 1900. Her husband deserted her shortly after the birth of a daughter, Myra.

The actress, forced to earn her living, entrusted her child to a friend, who secretly placed the child in a foundling home but continued to accept payment for the baby's support. When the mother went to Portland to see the child she was told her baby had died.

Meanwhile a family in Tacoma took the baby from the foundling home, adopted her, and named her Charlotte.

In 1915 Miss Baker married Emil Madsen in Oakland, Cal. They moved to Eureka three years later. About the same time Charlotte learned that she was an adopted child. She began a search for her parents, which ended last week when she located her mother in Eureka.

10,000 Red Student Officers Get Orders to Join Army

[Chicago Tribune Press Service.]

RIGA, Latvia, June 12.—Ten thousand student officers studying in military schools of soviet Russia have been ordered to join the Red army at once. Klementi E. Voroshilov, commissar for defense, said the youths were taken from schools two months before graduation because the general staf wanted them to participate in autumn maneuvers.

STALIN HIGHEST IN VOTE FOR TWO RED ASSEMBLIES

MOSCOW, June 12.—(AP)—Josef Stalin's native Georgia elected a supreme soviet of 237 members today with Stalin's name topping the list.

Armenia also elected a supreme soviet with 256 members and there, too, Stalin, the secretary of the central committee of the communist party was the first choice. The elections were the first among the soviet union's 11 constituent republics which are replacing central executive committees with supreme soviets, or legislatures.

The supreme soviets of the separate republics are similar to the two chamber legislature of the soviet union for which the first nation-wide elections were held last Dec. 12. There is a single list of candidates of a "party and non-party bloc" in each republic with emphasis laid on getting out the most possible votes.

Air Conditioned Capitol Cuts Colds, Doctor Says

Washington, D. C., June 12.—(AP)—Dr. George Calver, the capitol doctor, believes members of future congresses have a better chance of keeping healthy than their predecessors. He said today that operation of the new $3,000,000 air conditioning system in the capitol and its three office buildings had reduced colds among the members by half.

CITY WELCOMES MUSCLE MAN IN 3-CORNER PANTS

At 6 Mos. Wallace Chins Himself Twice.

A husky youngster with broad shoulders and a fine contempt for playing with rattles came to town yesterday and promptly set out for Grant park for his daily routine of strenuous exercises.

This infant athlete is Wallace Key Gough, 6 months old and twenty-five pounds of solid muscle. His parents, Galen and Martha Gough, of Fort Worth, Tex., call him "the superboy."

As a starter, little Wallace was thrown into the air and then caught several times by his father. Next, on a cane held by his parents, he chinned himself twice. He clambered up and down a four foot ladder rapidly and without aid. Finally, he lay flat on his back, then sat up from that position without using his hands to support himself.

Now for a Real Stunt!

"Now watch him do a real stunt," said Papa Gough, who weighs well over 200 pounds himself and is a war veteran, health psychologist, and movie stunt man. "This next trick takes real nerve!"

For the "real stunt" climaxing the day's routine, the parents took Wallace to the Stevens hotel roof. The father gripped the boy's right foot firmly and held him, erect and grinning, out over a ledge 28 stories above Michigan boulevard.

Later, in their hotel room, the boy topped off the exercises by swinging back and forth on a trapeze landing finally in his father's arms.

Gives Credit to Mother.

"Baby's condition is due to maternal influence, proper diet, and steady exercise," Gough said. "Since his birth we've tried to train him to depend on himself—that's why he's so physically fit. He'll need a strong body later. But credit everything about him to his mother.'

Mrs. Gough, a former school teacher, smiled shyly and said, "He's wonderful, our little Wallace, but he's like all other children in one respect—he just loves ice cream." The "super boy" looked up at this, gurgled happily, and the Goughs went to the nearest soda fountain for some chocolate ice cream.

Cedillo's Bodyguard Gives Up; He Still Hides in Hills

MEXICO CITY, June 12.—(AP)—The government announced tonight that 43 members of Gen. Saturnino Cedillo's bodyguard had surrendered to federal officers. The rebel chieftain himself is reported still hiding in the hills of his native San Luis Potosi state.

Put Damage from Erupting Mayon Volcano at $100,000

MANILA, June 12.—(AP)—Mayon volcano, which began erupting June 3, was still spouting fire and smoke today but with less intensity. Philippine commonwealth officials estimated damage to crops from volcanic ash at $100,000. Ashes fell eighty miles from the volcano.

Want a Perfect Vacation?
—Let Field's Serve Your Four Needs

If you're at the point where you quiver when a train toots : : : dream about pleasant patches of grass under cool trees : : : or long to saddle the milkman's horse . . : you need a vacation, and you'd better come right down and let us fix you up. A perfect vacation requires many detailed answers to four major problems. The problems are yours—and the answers are ours.

Where to go

Many a back yard or porch offers prospects for a perfect vacation. If you want that kind of vacation, we can help make it a good one. But most people want to go away, and many wonder where to go. We can make suggestions . . . paint word pictures . . . give you folders . . . answer questions as to climate, weather, scenery, foods, and costs. Our Travel Service knows about play places and look places at home and abroad . . . discusses the Finger Lakes, Brittany, and Capri with equal aplomb. Where to go? Let us help you find it, just around the corner or across the world.

How to go

Whether you're going in the family flivver or an Hispano Suiza, you'll want to know what roads and routes are best, and good places to stop or stay. Ask our Personal Service Bureau on the first floor for help—including marked maps and friendly advice! But maybe you want to fly, or go by bus, or the Normandie or Rex. That's the Travel Service again. They read time tables, talk of exchange, and plan and buy transportation with a worldly way, relieving you of much detail and responsibility. The point is—how to go is simple for you, if you'll let us help.

What to wear

Clothes can make a vacation or spoil it. A man dressed without solid comfort and a woman without éclat might as well be home for all the relaxation they get, even though the éclat should come from rakish dude overalls instead of filmy formal frocks. Ask us for what you want to wear—to be comfortable, proper, cool, or entrancing. Ask us for polo helmets or Hawaiian bathing suits, men's bush jackets or women's shorts. Ask us for huaraches or gabardine shirts, tweedy sport things or formal finishing touches. And the children? Bless them—the fourth floor *teems* for them.

What to take

What you like to do is your affair. What you take to do it with we made ours. From a perfectly peaceful butterfly net to a .375 caliber rifle we have massed vacation-perfecting things to be enjoyed by the men. And for the ladies, cool summer jodhpurs or the most alluring travel robes—with all the in-betweens. Then there's movie equipment, games, binoculars, sun glasses, picnic sets, fishing tackle, little radios and phonographs, waterproof wrist watches, and books! Let us help you equip yourself.

And there you have it. Try us as vacation headquarters and find out that your pleasure is an easy old specialty of ours.

WAGE-HOUR BILL READY FOR HOUSE VOTE TOMORROW

Predict Measure to Face Court Tests.

Washington, D. C., June 12.—(AP)—A joint congressional committee put its formal approval today on a compromise wage-hour bill. Conferees unanimously predicted it would be adopted by congress and sent to the President for signature by midweek.

The final draft was completed at a Sunday session. The conferees will report it formally to the house tomorrow, where it must lay over one day under the rules.

Senate May Act Tomorrow.

It will be taken up there on Tuesday and Chairman Mary T. Norton [D., N. J.] of the house labor committee predicted its prompt adoption. Senator Elbert D. Thomas [D., Utah] said he believed the senate also would act on it Tuesday.

The compromise, described by Senator Thomas as "the greatest development in our federal system since the passage of the social security legislation," is almost sure to face a court test when it is put into operation. Under the bill the President may appoint the wage-hour administrator immediately after he signs the law and the administrator in turn can set up the machinery to fix minimum wages and maximum hours in interstate industries.

Believes Law Is Valid.

Thomas, who is chairman of the senate labor committee, said he believed the bill would stand up under a court test if attacked under the "due process" clause of the constitution "because of its humanitarian aspects."

"If I were arguing the court case," he said, "I would contend that the government is entitled to take care of the welfare of all the citizens of the United States and that for that reason the law is valid."

The compromise bill contains flexible wage differentials sought by southern senators, although they are wrapped about with qualifications under which exemptions to wage and hour orders would be granted.

TRIES TO RESCUE THREE FRIENDS IN LAKE; DROWNS

Thomas Moore, 30 years old, a department manager in a Sears-Roebuck & Co. store, drowned yesterday in Long lake, west of Waukegan, after he had become exhausted in a heroic battle to save the lives of three companions thrown into the water with him when a small boat overturned.

Moore, the best swimmer of the four, helped John Cain, 3938 West 21st street, to another boat and then turned to go back to aid the others, J. B. Stites, 4350 North Winchester avenue, and Eric Van Eman, 4622 North Wolcott street. They were clinging, nearly exhausted, to the capsized craft. As he swam toward them Moore sank. His body was recovered several hours later.

All the men were employés of the Sears store at 1900 Lawrence avenue, and Moore was in charge of sporting goods there. His home is at 18 South 4th avenue, Aurora. Witnesses said the boat, which had an outboard motor, overturned when it made a sharp turn. Stites, Van Eman and Cain were all treated by a physician after they were rescued.

FATHER BRAVES FLAMES TO SAVE SLEEPING BOY, 7

Abe Tupler, 43 years old, was severely burned early yesterday when he ran through flames in his first floor apartment at 2735 Evergreen avenue to rescue his son, Harold, 7 years old.

Tupler's wife, Rose, 37, was awakened by smoke and aroused her husband. He ran to another room and awakened two other sons, Jack, 15, and Jerome, 10, and sent them outside with their mother. The younger son was sleeping in a rear room cut off by flames. The father dashed through the fire, seized the child, and took him out through a back door. Burned about the hands, arms, and legs, he was taken to Lutheran Deaconess hospital.

Ten other persons living in the upper two floors of the building fled to the street in their night clothes. Damage was estimated at $1,000 by Chief Walter Bobzien of the fourth battalion.

Children of Trail

Richard Vale (top left), 5 years old, and Dixie Jean, 6; Bill (lower left), 18 months, and Betty Lou, 2.

Springfield, Mo., June 12.—[Special.]—Mr. and Mrs. Richard F. Vale of this city claim to be America's first trailer family. Back in 1929 they set out in a forty foot trailer unit and have lived in it constantly since that time. They have traveled 120,000 miles and been in every state except Connecticut, and have reared four children. Their two elder children, Richard, 5 years old, and Dixie Jean, 6, were born in hospitals along the route, but Betty Lou, 2, and Bill, 18 months, were born in the trailer.

QUIZ VAGRANTS ON MURDER OF ALKY PEDDLER

Floaters and panhandlers of the west side flophouse and moonshine district were being questioned by detectives yesterday concerning the murder Saturday night of Eugene D'Alessandro, 41 years old, 1511 Adams street, an ex-convict known as a moonshine peddler on West Madison street.

D'Alessandro was slain at Madison and Throop streets by a coatless man who jumped from an automobile and fired four shots at him, then jumped back in the automobile and was driven away.

PRESIDENT BUSY WITH POLITICAL FENCE PATCHING

Offers Peace Where His Vendettas Fail.

[Continued from first page.]

man would like to run for senator this year, Mr. Farley proposed to draft Senator Wagner for governor. Wagner resisted and Mayor Fiorella H. La Guardia of New York City made it known that if Lehman should run for senator he would deem it his duty to run against him.

Now the President rules out the Lehman-Wagner switch and puts it up to Lehman to say whether he will stand for reëlection. Mr. Roosevelt swallows his wrath because renomination of Lehman and Wagner would give the Democrats their best chance of retaining control of the state.

The main reason the President turned down the Lehman-Wagner switch was that the American Labor party, representing 400,000 voters in New York, would support La Guardia against Lehman for senator. Mr. Roosevelt is cultivating the support of the labor party and other radical elements in the 1938 elections not without an eye on their support in the 1940 presidential election.

He is keeping on good terms with the La Follettes with their newly launched National Progressive party. Within the last few days he has yielded to John L. Lewis' C. I. O. and the Farmer-Labor party of Minnesota by firing Victor Christgau as Works Progress administrator for Minnesota, whose removal has been demanded by those elements because he resisted prostitution of the WPA to influencing votes in support of the renomination of Farmer-Laborite Governor Elmer Benson.

According to the Republicans and the anti-Roosevelt Democrats the Christgau incident is proof that the prostitution of relief to politics is not only condoned but practiced by the President himself. The fact that he admitted firing Christgau but refused to give any reason therefore is likewise characterized by his critics as a demonstration of the dictatorship now obtaining in Washington.

Will Make Relief Issue.

The Republicans are preparing to make an issue of politics in the relief administration. They stress the President's approval of Harry Hopkins' indorsement of Senator Gillette's opponent in the Iowa primary and the subsequent defeat by the Democrats in the senate of three separate attempts to outlaw political activity in the relief administration.

They are printing and circulating millions of copies of a speech made by Senator Alben W. Barkley of Kentucky, Democratic leader of the senate, who led the successful opposition to these proposed amendments of the 3¾ billion dollar relief and pump priming bill with the argument that candidates against whom state patronage is employed ought not to be deprived of the employment of WPA funds and forces in their behalf.

"We all know," Barkley said, "that there is not a state in the Union in which the political organization which is in control of the state does not prostitute for its own political purposes the employment of men and women on the highway, and within the offices constructing and conducting the highways."

Names Other Employés.

He named other groups of state employés, such as the unemployment compensation services, which although supported by federal funds are free to engage in political activity.

"They are at liberty" Barkley said, "to roam around at their will, or at the will of their boss or their organization, and indulge in politics to their heart's content; but we are proposing that anybody connected with a job under WPA or PWA, or CCC or the AAA, or any other activity for which we appropriate money in this joint resolution, shall be tied with a rope to a tree so that he is helpless and cannot even speak unless he can whisper in the ear of somebody what his convictions are, while all these others who draw pay out of the treasury of the United States are free to roam at will and play the political game to their heart's content."

Cardenas Asks Firm Stand on 'Economic Imperialism'

[Copyright: 1938: By the New York Times.]

MEXICO CITY, June 12.—President Cardenas of Mexico today called on the people of Latin America to stand together and fight to eliminate "economic imperialism" in a speech broadcast from Tampico especially for Cuban listeners. Mexico's strong man, who recently expropriated United States and British petroleum companies, indicated that Mexico would work actively to promote similar moves in the rest of Latin America.

NEW MOBILE GUN SENDS 200 POUND SHELLS 20 MILES

Can Be Shifted Speedily Coast to Coast.

(Picture on back page.)

Watertown, Mass., June 12.—(AP)—Death will ride a flat car from coast to coast if America's shores ever are threatened by foreign invasion from the sea.

A new type eight inch railway mount in which has been incorporated artillery improvements made by the United States since the world war, is virtually completed at Watertown arsenal.

Gun and mount weigh 113 tons and can be sped rapidly from the Atlantic to the Pacific coastlines with mechanism to send a 200 pound projectile whistling 20 miles across the water toward challenging warships. The gun will fire four shots a minutes, and its projectiles, traveling 2,400 feet a second, are capable of smashing eight inch armor plate.

The gun barrel itself is little changed in principle from the first breech loaders, but years of experimentation since the world war has eliminated, in theory at least, the old bugaboos of mobile artillery—unsteadiness and inaccuracy.

Limit After-Shock.

Outriggers embedded in the earth will limit after-shock motions to inches instead of feet. Massive jacks, suspended from beneath the gun's turntable mount, maneuver the mount to its track firing positions.

"You might call it streamlining," say the army engineers, "for we have borrowed freely from the advances of automotive and railroad industries to give us speed backed up by stability."

Watchful of its man power, the army also has improved the loading mechanism, substituting a fixed loading tray for the old movable table, which was slow and dangerous to the gun crew.

The army engineers speak only in general terms of the improvement; the details are the army's secret.

Recoil Mechanism Secret.

Closest guarded secret of all is the recoil mechanism, which stops the gun after it thunders out its discharge. Heavy coats of alloy steel conceal it from prying eyes, and even the gun workers understand only its effect, not its cause.

Experts have figured the force of recoil and the comparison is readily made from the classic analogy the arsenal workers have for a smaller gun—the three inch anti-aircraft piece.

"To stop the three-incher in recoil," they explain, "is the same as stopping a heavy passenger automobile going 240 miles an hour in 28 inches."

Honor Graduates

Cadet Harold Kelley holding merit cup and Cadet John Jannarone with general merit saber at West Point.

West Point, N. Y., June 12.—[Special.]—Two New Jersey cadets carried off the academy's top honors as awards were handed out at last evening's parade at the United States military academy.

Cadet John R. Jannarone of Nutley, N. J., honor man of the graduating class, received the star decoration as a distinguished cadet, and four other awards: the Francis Vinton Greene memorial saber, the Veterans of Foreign Wars field glasses, the George Washington wrist watch presented by the D. A. R., and the Robert E. Lee memorial saber.

Cadet Harold Killian Kelley of Gloucester City, N. J., received the cup presented annually by the Sons of the Revolution to the cadet having the highest rating in military efficiency, and the Pershing sword, awarded to the cadet regimental commander.

VETERANS PLAN FIREWORKS AND POLO FOR JULY 3

A fireworks display and a polo match between the 124th Field Artillery team and the Cuban Army team will be the major items at an Independence day celebration in Soldiers' field July 3. Plans for the celebration, to be held by the Cook County Council of the American Legion, were announced yesterday by Col. A. A. Sprague, general chairman. A girl to be the official hostess of the Chicago delegation to the American Legion convention in Los Angeles will be chosen at the celebration.

Nation-Wide Observance of Day Planned.

(Picture on back page.)

"In these times of world-wide turmoil, marked by a death struggle between democracy and totalitarianism, when communists, Nazis, and Fascists are striving to discredit and destroy our country's ideals and institutions, it is most fitting that all loyal Americans should on every appropriate occasion display the Stars and Stripes."

Acting on this statement by Col. James A. Moss, president general of the United States Flag association, Americans tomorrow are expected to take part in a great, nation-wide display of flags marking the 161st anniversary of the continental congress' adoption of the Stars and Stripes as the national emblem.

Kelly to Address Children.

Numerous ceremonies will take place in Chicago in observance of Flag day.

Mayor Kelly will address 10,000 school children in Stanton park at 2:30 p. m.

Guy B. Woodson, commander of the Harold A. Taylor post of the American Legion, will lead the boys and girls in repeating the oath of allegiance.

Other American Legion posts, the Disabled American Veterans of the World War, Veterans of Foreign Wars, United Spanish War Veterans, Elks club, and Illinois Daughters of the American Revolution are among the groups conducting ceremonies.

Programs Are Planned.

The Elks' program will be held at 8:30 p. m. in the lodge hall, 57 West Monroe street. The D. A. R. observance will be in the afternoon in the Stevens hotel north ballroom.

Dr. Louis Warren of the Lincoln foundation will officiate in the morning at the D. A. R.'s dedication of a monument to Abraham Lincoln at the spot in Lawrence county, opposite Vincennes, Ind., where, as a boy, Lincoln first entered Illinois. The American Flag society's program is scheduled for 2 p. m. at the Lincoln park bandstand.

ARRAIGN UNION OFFICIAL TODAY ON DOPE CHARGE

George O. Roberts, president of a decorators' union, arrested Saturday night by federal agents who found morphine and heroin valued at $100,000 in his vault in the basement of the building at 208 South Wells street, will be arraigned before United States Commissioner Edwin K. Walker today.

Arraigned with him will be John Konig, a dope peddler who has served two sentences in the Leavenworth penitentiary for violation of the narcotics law. Roberts and Konig were arrested on the lower level of Wacker drive near Wells street when Roberts, according to federal agents, handed Konig a package containing eleven ounces of morphine. Both will be charged with possessing contraband drugs.

Roberts is head of the Drapery, Window Shade and Tapestry Decorators' union. He lives at 6750 North Ashland avenue.

LEGISLATURE SET TO RENEW FIGHT ON RELIEF ISSUE

Assembly Will Convene Again Tomorrow.

BY PERCY WOOD.
[Chicago Tribune Press Service.]

Springfield, Ill., June 12.—[Special.]—Action on most of the important and controversial subjects in the special session call is scheduled for this week, after the legislature convenes on Tuesday.

The lower chamber will start at 10 a. m. on Tuesday with further discussion of whether funds exist in the state treasury which could be diverted for relief. Finance Director Sam Nudelman is expected to repeat that declining business will be reflected in declining revenues during the remainder of the biennium, and that to appropriate further from general revenue would jeopardize the budget.

See $11,000,000 Available.

In this contention, Nudelman met opposition last week from Elmer J. Schnackenberg, house Republican leader, who produced figures purporting to show that $11,000,000 could be diverted to the jobless and the credit of the state left unimpaired. Nudelman is expected to attempt to refute Schnackenberg's calculations on Tuesday.

Tuesday afternoon will bring another round on the city manager bills in the house municipalities committee. The hearing last week was planned for proponents of the measures, but the degree of opposition displayed by Democratic members of the committee changed the complexion of the meeting.

When the city manager proponents departed, they left with instructions to bring with them Tuesday a balance sheet of their organization and a list of donations. This request was made by Representative Richard J. Daley [D., Chicago], because of the campaign now in progress to collect $250,000 to promote the plan.

License Bills on Docket.

Also in a position for action by the house are the driver's license bills passed by the senate last week, which would vest administration of the safety statute in the hands of Secretary of State Hughes' office. Opposition measures giving the same authority to Gov. Horner's highway department could be acted upon by the house, if it chose, but it is expected an attempt would be made to advance the senate measures.

The resolution for a constitutional convention sponsored by Representatives F. W. Lewis [D., Robinson] and Joseph H. Davis [D., Murphysboro] has been approved by the house executive committee and could be called this week, if the proponents desired. It faces a fight.

Another battle is scheduled in the house revenue committee Tuesday afternoon when the licensing measures proposed by Mayor Kelly are considered. An active opposition lobby recruited by businessmen, the Illinois Manufacturers' association, and kindred organizations is expected to be on hand.

Squabble Over School Bill.

In the senate the big squabble will come over the governor's state school board bill which was introduced by Senator Harry C. Stuttle [D., Litchfield]. Mr. Horner went on the air last Thursday night to plug for it, but forces against it have been gathering and have manifested a desire to make their position clear to the legislature.

As the new legislative week opened, there were reports that the governor is considering appointing Robert Zuppke, veteran football coach at the University of Illinois, to the vacancy on the boxing commission caused by the death of George F. Getz of Chicago. Coach Zuppke visited the governor on Friday.

Such an appointment might be popular, but a question arises, according to the governor's advisers, as to whether the coach would want to quit the athletic staf at the university in order to accept it, or if he could retain both positions.

OPEN CAMPAIGN AGAINST LITTER ON PARK LAWNS

Chicago parks will not be littered with rubbish every Monday morning this summer if the campaign of a citizens' committee is successful. The committee, headed by Karl Eitel, plans a program of education, and the park district will use its facilities to keep old papers, lunch garbage, bottles, and other débris off the park lawns.

This week seventh and eighth grade pupils in the public and parochial schools will be asked to write essays on why it is wrong to litter public places and injure growing things. Brightly colored poster stamps will be distributed from park fieldhouses to all who submit essays.

Robert J. Dunham, president of the park district, pledged the support of his staf. "Twelve thousand waste containers have been placed in convenient places in parks and boulevards," he said. "Last year 320 men and 28 trucks were needed to keep the parks clean."

Mayor Kelly has been named honorary chairman of the citizens' committee. B. E. Sunny is vice chairman.

Fair Is Forecast

Bright sunshine and mild temperatures yesterday lured many thousands of Chicagoans to the open roads, the beaches and the forest preserves. A continuation of the fair weather, with rising temperatures, is promised for today.

A return to the rainy conditions that have prevailed over most of the period since May 14 is expected tomorrow, however. Forecaster J. R. Lloyd said there probably would be showers in the afternoon. Since June 1 rainfall totaled 3.80 inches, a half inch more than normal for the whole month.

2 Bandits Rob Secretary of $250 in Church Hall

Mrs. Anna Prapor, 1653 West 18th street, secretary of St. Anny lodge of the Bohemian Catholic union of St. Vita's church, was robbed of $250 in club funds yesterday by two bandits who walked into the meeting hall on the second floor of the church at 1818 South Paulina street. Two other women members of the society lost $12.

STATE TO SEEK EARLY RETRIAL OF CRABB CASE

Pekin, Ill., June 12.—[Special.]—Early retrial of James W. Crabb II. on a charge of manslaughter growing out of the fatal shooting last March 1 of his wife, Betty Collison Crabb, will be asked this week by States Attorney Rayburn L. Russell. Deadlocked for thirty-three hours on the question of manslaughter or accidental shooting, the jury that heard the first trial was discharged last midnight.

W. J. Reardon, one of three defense attorneys, welcomed Judge Joseph E. Daily's order for a new trial.

John E. Cassidy, special prosecutor, expressed disappointment that the jury had been unable to agree. It is the clear duty of the state, he said today, to prosecute until some conclusion is reached.

L. Glenn Collison, father of the dead bride, said he believed the state would be able to prove its case at the retrial. "I know positively that Betty did not commit suicide," he said.

Child Dies from Bean in Windpipe After Wild Ride

Evansville, Ind., June 12.—[Special.]—Melba Sue Harding, 2 year old daughter of Mr. and Mrs. Leo Harding of Gerald, died in a doctor's office here last night where she had been brought to have a bean removed from her windpipe. Physicians at Tell City near the Harding home were not equipped for removing the bean and the parents started for Evansville with the child. Their car stalled about ten miles out and they waved down a passing motorist who brought them here, but it was too late to save the baby.

GARDNER NAMED CHIEF OF COUNTY G. O. P. CAMPAIGN

Committee of 11 to Direct Election Drive.

BY PARKE BROWN.

Henry A. Gardner.

Henry A. Gardner will have charge of the Republican campaign in Cook county for the election of Nov. 8. County Chairman Edward F. Moore named him as chairman yesterday in an announcement of the personnel of the campaign committee of eleven.

Moore will be an ex-officio member of the campaign unit. The other Chicagoans appointed, with their wards in parentheses, are Charles Krutckoff [4th], Robert C. Rohn [19th], State Senator William E. King [2d], Ald. William V. Pacelli [20th], John T. Dempsey [33d], and Max Landesman [46th].

The township committeemen in addition to Gardner, who lives in Winnetka and represents New Trier township on the county committee, are William H. Weber [Worth], L. A. Westcott [Oak Park], and George A. Paddock [Evanston].

Former Bar President.

Township committeemen were elected for the first time in 1936, and that year and again this year Gardner was elected without opposition from his big township, which includes Wilmette, Kenilworth, Winnetka, Glencoe, and some smaller suburbs. He has been practicing law in Chicago since 1908 and was president of the Chicago Bar association in 1935.

Chairman Moore announced his appointments in a letter sent to each member of the county committee. He told his ward leaders also of the high hopes of Republicans for victory in November, saying that the turn of events has given the party extremely strong issues in both national and local fields.

"The Roosevelt New Deal panaceas," he wrote, "wild experimentations, and radical political and economic theories have collapsed much sooner than was expected.

"More than 12 million able-bodied Americans are walking the streets unemployed, with no jobs in sight. Many millions of our citizens on the relief rolls are being deprived of their meager allotments through mismanagement, favoritism, and corruption.

"Those employed are in constant fear of losing their jobs by reason of New Deal antagonism to employers. Business and industry have been put into a strait-jacket by the national administration. Confiscatory tax policies and legislation have blocked our progress. 'Redistribution of wealth' has resulted in nation-wide distribution of poverty, and the 'more abundant life' has visited sorrow upon the American people."

Points to Election Frauds.

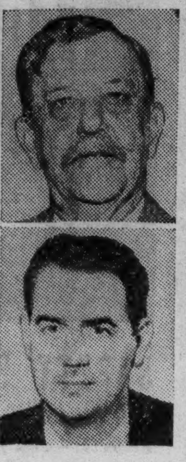
Taking up what he indicated as the big local issue, Moore wrote:

"Elections in Cook county have become a farce and a mockery. Ballot thieves have been operating with impunity for years. Ballot boxes have been stuffed and stolen. Men with criminal records have been permitted to serve as judges and clerks of elections. Vote buying and padded registrations are realities conceded by the county judge and his election commissioners.

"The recent primary of April 12 climaxed sixteen years of incompetency and inefficiency by a complete breakdown of election administration in Cook county. Thousands of citizens were disfranchised by removal of their registration cards from the files.

"We realize that to attain victory in November we must defeat an all powerful, ruthless and unscrupulous opposition, deeply entrenched by thousands of pay rollers and enriched by millions of dollars lavished upon them by the all-record-breaking spenders in Washington."

CAROLINA PRIMARY RIVALS EAT, SLEEP, TRAVEL TOGETHER



E. D. Smith [top] and Gov. Johnston.

Columbia, S. C., June 12.—[Special.]—Primary election politics in Democratic South Carolina is making stranger bedfellows this year with United States Senator Ellison D. Smith opposed for a sixth term by two other candidates. Gov. Olin D. Johnston and State Representative Edgar A. Brown are his opponents in the Aug. 30 primary where victory is assurance of a senate seat.

Carrying their pleas for support into every county in the state, the three candidates travel together, have their meals together, and frequently in small towns are forced to share the same room at night. Eight candidates for governor, including Cole L. Blease, a former governor and senator, follow the same practice.

Johnston is reported to have President Roosevelt's support, having announced his candidacy when he left the White House after talking over the South Carolina political situation with the President. Brown also is an avowed Roosevelt supporter, who in 1926 was defeated by Smith by 5,000 votes. Smith often has criticized Roosevelt's policies.

VAN NUYS TO SEE IF WPA FUNDS WILL FIGHT HIM

Indianapolis, Ind., June 12.—(AP)—Senator Frederick Van Nuys disclosed plans tonight for an investigation in all parts of the state to determine whether WPA funds are to be used against him in his campaign for reëlection as an independent.

"I propose to make a searching inquiry into every part of Indiana to see whether relief funds are directed along political lines," Van Nuys said, "but I have great confidence in the fairness and high ideals of State WPA Administrator John K. Jennings and hope and feel that none of that stigma will be permitted to attach itself to Indiana."

Van Nuys was ticketed for discard by the state administration of Gov. M. Clifford Townsend because of his stand against President Roosevelt's proposal to reorganize the Supreme court.

The senator said his goal of "100,000 independent voters" to assist in his campaign had been reached.

ART OF MAKE-UP

By CALEB

ON EVERY newspaper is one man, known by various descriptive names (official and otherwise), responsible for the front page of the paper. It is he who weighs the value of the available news and decides what prominence it shall be given.

To his desk comes information about local happenings covered by the city staff. He knows what all the various editors have on hand or in prospect; he follows closely the material from telegraph and cable desks—until finally he has a complete picture of the news supply for the day.

From this great grist he chooses the one item that tops the rest and specifies for it the first position in display on the front page. After that he disposes of the various other stories in lesser prominence, according to their news value.

Thus are shaped the familiar face and personality of a newspaper. The way the editor handles the news and his choice of front page material varies endlessly with personal judgment, policy, time, expediency and competition.

This daily choice and final make-up are not confined to editors. The process is common to all of us. Each one of us has, as the day starts, a certain blank space to fill. As the day wears on, a flood of items reaches us for prominent attention, for obscure use in an inside position—or for the wastebasket.

What we do with these incoming elements marks us as clearly and finally as the familiar make-up of our favorite newspaper. The world soon knows our make-up—good or bad. It learns with disconcerting swiftness what sort of thing we choose as top value in our day's grist. It knows the sort of thing we bury on page 17—and what we aim at a corner where the wastebasket stands.

Front page make-up *can* be changed—but usually isn't. It's a hard assignment. So, too, it is hard to re-design a life; to put a new set of values at the top—and relegate others to the wastebasket. But it sometimes has to be done. After a visit from the Publisher it is too late.

YOUTHS OF CRIME PLANT SEEDS OF HOPE IN JAILYARD

Warden Sain Is Testing Harrington Theory.

(Picture on back page.)

Young criminals serving sentences in the county jail have been put to work turning the jail yard from a dump pile into a small farm and garden spot. Warden Frank Sain yesterday told of his experiment, which he said is working to the advantage of both the jail and the prisoners.

Warden Sain.

About a month ago Warden Sain decided to test a theory—advanced by Chief Justice Cornelius J. Harrington of the Criminal court—that if young criminals are tired out by an honest day of work and play they will be too tired to think of crime. For his experiment forty-four prisoners ranging in age from 14 to 20 years were chosen.

All First Offenders.

These prisoners are first offenders. Their crimes were such that Criminal court judges denied them probation, but at the same time refused to send them to the penitentiary.

The first step was to open one of the closed tiers of the jail and segregate them from other prisoners. Then the warden sought to develop a strenuous schedule of work and play.

The work problem was solved when he decided to clean up the jail yard, an area of about 300 yards square.

The prisoners attend the regular jail school to start the day, taking up studies where they dropped them when they quit school for crime.

Next comes lunch time and then work in the yard.

In addition to vegetable gardens the prisoners have planted flower beds and have made a jail yard lake, fashioned after a rock garden pool. One space has been set aside as a drill field. On this they drill at least one hour a day before going back into the jail quarters about 3 p. m.

Sleepy at Bedtime.

There they read or rest until dinner time. Another reading period is also permitted after dinner. When bedtime comes at 9 o'clock many of them are already asleep, the warden reported.

"They are beginning to feel happier and they look healthier," said Warden Sain. "When night comes they are glad to turn in. I also have a merit system whereby a prisoner by hard work may be advanced to a corporal or captain of his little work company."

Judge Harrington, who has been an ardent advocate of a semi-military vocational school for the juvenile criminals, commended the experiment of Warden Sain.

SAFECRACKER SOUGHT FOR LA CROSSE, WIS., SLAYING IS CAPTURED

Carl Wagner, 34 years old, an ex-convict, was arrested in Chicago early yesterday as the last of a gang of three safe crackers who shot and killed a La Crosse, Wis., policeman during a gun battle there last Dec. 5. Police said he admitted his part in the slaying. One of the gang is serving a life term for the murder while the second gunman was captured in Duluth, Minn., a year ago.

Carl Wagner.

The policeman killed was John Donndelinger, 38 years old. Floyd Wagner, cousin of Carl, was captured at the time and sentenced to the penitentiary and Robert Pond, the second gunman, is awaiting trial in La Crosse.

Carl Wagner was arrested without a struggle in a rooming house at Roscoe and Clark streets by squads under Sergt. Andy Aitken and Michael McFadden after Aitken had traced him there. In Wagner's car police found a set of burglar tools, an automatic rifle, and a drum of machine gun bullets.

C. I. O. AUTO UNION TAKES CIVIL WAR TO JOHN L. LEWIS

Two Factions Battle for Control.

Washington, D. C., June 12.—(AP)—John L. Lewis sat six hours today with representatives of opposing factions of the United Auto Workers' union and merely announced afterward that the conference would be resumed tomorrow.

None of the 24 members of the union's international executive board, who met with the C. I. O. chairman, would say whether any progress had been made to restore harmony among the leaders of this powerful C. I. O. affiliate.

Two Disputing Factions.

One faction is headed by union President Homer Martin, and the other by Richard T. Frankensteen, a vice president. Martin deposed Frankensteen as an assistant union president. Frankensteen referred reporters to Lewis whose only comment was that the board would reassemble Monday afternoon to take up unfinished business.

Prior to the conference members of the Frankensteen faction said the dispute was whether the union was to operate in the interest of the workers or to maintain union leaders in their jobs.

There were reports that the Martin group might try to oust Frankensteen, Vice President Wyndham Mortimer, and Secretary-Treasurer George Addes from their offices.

Take Troubles to Lewis.

Today's conference was agreed upon after leaders of both factions had talked separately with Lewis last week. The full meeting of the board, it was understood, was to bring a final and complete airing of all leadership troubles.

Two weeks ago Martin won a unanimous vote of confidence from the board on a harmony program, but subsequent developments, termed arbitrary actions by the Frankensteen group, precipitated a new split.

Representatives of both sides carefully avoided each other before the conference, registering in separate hotels.

2 Sleep Sickness Experts Die in African Plane Crash

[Copyright: 1938: By the New York Times.]

DAR-ES-SALAAM, Tanganyika Territory, Africa, June 12.—Dr. Charles Francis Massy Swynnerton and Dr. B. D. Buritt, two leading authorities on sleeping sickness, were killed in an airplane crash last week near Singida, Tanganyika, it was discovered today. The pilot of the plane, William Bawden, also was killed. Wreckage of the plane, which had been hired by the British government for scientific purposes, was discovered by royal air force craft that had been searching for the party since it was reported missing on Wednesday.

AUTO HITS SIDE OF TRAIN; TWO FARMERS KILLED

Two young McHenry county farmers were killed early yesterday when their automobile crashed into the side of an Illinois Central freight train on State Route 25, five miles south of Elgin.

They were Albert Thompson, 36 years old, and Edward Roe, 25, tenants on a farm east of Crystal Lake. Thompson's wife said Thompson, the driver, had been having trouble with the brakes on his car.

Herman Blinder, 51 years old, 5120 Hyde Park boulevard, part owner of the Nelson Brothers furniture warehouse, was seriously injured last night when he was struck by an automobile driven by a garage car driver at Hyde Park boulevard and Cornell avenue. Spencer Stevens, 22, of 5239 Harper avenue, who was taking the car to the Ritz-Lake Park garage at 5027 Lake Park avenue, was charged with reckless driving. Blinder was taken to the Illinois Central hospital.

A woman, taken unconscious to the County hospital after she had been struck by a hit-run automobile at Roosevelt road and Hoyne avenue on Saturday, was identified yesterday as Mrs. Mary Prietz, 77 years old, 1236 South 56th avenue, Cicero. Her condition was said to be critical.

Up to 4 p. m. yesterday 367 persons had been killed by automobiles in Cook county since Jan. 1. Of these, 284 were killed in Chicago, where 7,881 were injured in the same period.

FACTS.. FIGURES.. FITNESS.. ARE HER BUSINESS!

BUSINESS GIRL—1938 MODEL—Office manager Olive Tucker keeps disarmingly calm despite her nerve-nagging days of phones, buzzers, interviews. "If anyone needs healthy nerves, I certainly do," Miss Tucker smiles, adding: "That's one reason why I smoke Camels regularly. They never get my nerves upset." Later—much later—Miss Tucker skips to the roof-top gym for a quick work-out. Next—a shower—a rub—a Camel—and she's up and off again! Tired? Here's Miss Tucker's answer: "Camels give my energy a refreshing 'lift.'"

WELKER COCHRAN, who has won many important championships at billiards, voices *his* choice among cigarettes: "Camels give me *real* smoking pleasure. Under the strain of a championship match, Camels never make me feel jittery or unsure. 'I'd walk a mile for a Camel' too!"

DRAMATIC PHOTOGRAPHS are the specialty of camera-genius Margaret Bourke-White. Many points about Camels appeal to Miss Bourke-White, who sums up *her* preference for Camels in: "Sticking to Camels makes a big difference in the fun and contentment I get out of smoking."

JOE DI MAGGIO, country-wide idol of baseball fans, speaks for millions of smokers when he comments on his favorite cigarette: "I'm a steady smoker, and Camels don't irritate my throat. That shows Camels have real mildness all right. Watch the ball players pull out Camels!"

CIGARETTES MAY *LOOK* ALIKE—BUT WHAT AN APPEALING DIFFERENCE THERE IS IN CAMELS!

As a smoker, you'll be interested to read what Miss Tucker, successful young office manager, said to Miss MacGregor about the difference between Camels and other cigarettes *(below)*.

"Olive, do you always serve Camels because you feel that there's a big difference between Camels and other cigarettes?"

"I'm very glad you've brought that question up, Helen. I've tried as many kinds of cigarettes as most people have, I guess, and I'm amazed at how *different* Camels are. Camels are extra-mild—they never bother my throat at all! Camels taste so good and rich, yet they never leave me with that 'cigaretty' after-taste. Really, in so many ways, Camels *agree* with me."

OLD MAN BUSINESS licked for another day, Miss Tucker entertains dinner guests—*thoughtfully!* There are lots of Camel cigarettes around her living room. Miss Tucker observes: "Camels are the favorite with my guests and are delightful for topping off a meal. During and after dining, I smoke Camels 'for digestion's sake.' That's another way Camels set me right!"

ONE SMOKER TELLS ANOTHER "CAMELS AGREE WITH ME!"

"You bet Camel is our choice in cigarettes"

say these tobacco planters—and they know tobacco because they grow it!

"I know just what tobaccos the cigarette companies buy at the auctions," says Mr. John Durham, Jr., well-known planter. "One year after another, I've seen Camel buyers take the finest grades in the market—the best of my own crops and those of my friends. They took the best part of my last crop too. So, like most planters, I smoke Camels. I know the quality tobacco in them!"

"There's quite a difference between fine tobacco and ordinary grades," says Mr. Calvin Wiggins, who has sold tobacco to Camel for 20 years. "From my own experience, it's Camel who buys the best. Camel bought the really fine baskets of my last crop. I smoke Camels, myself. Most of my grower friends do too. I know, and they *know*, Camel uses *costlier tobaccos!*"

Planter Joe Brewer had a fine tobacco crop last year. He says: "As they have for many years, Camel bought the best lots, and paid me the best prices I ever got. Camel has been my cigarette for years. There's a real difference. Camels are the favorite smoke of planters. They *know* they're getting *extra-quality tobacco in Camels.*"

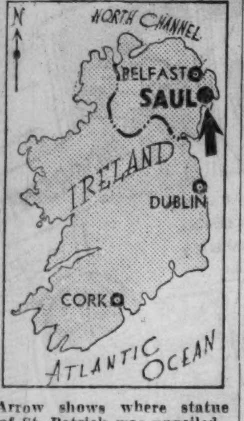
UNVEIL STATUE OF ST. PATRICK IN NORTH IRELAND

Cardinal Climbs Hill in Gale to Bless It.

SAUL, County Down, Northern Ireland, June 12.—(AP)—A 40 foot statue of St. Patrick was unveiled today overlooking the place where Ireland's patron saint landed more than 15 centuries ago to conduct his first mission.



Arrow shows where statue of St. Patrick was unveiled.

Cardinal Joseph MacRory, who is 77 years old, climbed the 300 foot hill to the foot of the statue to bless it in a wild wind before 15,000 persons.

Land lines laid for the broadcast of his message to Dublin were cut before the ceremony. Repairs were rushed and the lines thereafter were guarded by armed police.

Bishop Preaches Sermon.

The Most Rev. Patrick Lyons, bishop of Kilmore, preached the sermon, and the Most Rev. Daniel Mageean, bishop of Down and Connor, who was patron of the memorial committee, headed the large number of Catholic clergy who attended.

The monument, which cost $35,000, first was planned in 1932, the 1,500th anniversary of St. Patrick's landing.

Francis W. Doyle-Jones, the late Irish sculptor, was commissioned in 1934 to design and erect the memorial. He completed the work shortly before his death last May 10.

Carved from County Down granite, the statue stands on a hillside overlooking Strangford Lough.

Inscriptions Tell a Story.

Inscriptions on four panels around the monument tell a story of events in the life of St. Patrick. Bishop Mageean said in an address:

"In the diocese of Down and Connor are many places intimately associated with St. Patrick: Slemish, where he spent six years in captivity; Saul, where he landed for his first Irish mission, said his first mass in Ireland, and where he died, and Downpatrick, where he was buried and where his relics still repose."

HUNT RAPISTS FOR ATTACK ON WOMAN IN CAR

Warren avenue police last night were searching for three young men who forced Mrs. Elizabeth Delahunt, 31 years old, 2031 Grand avenue, mother of three children, into their automobile Saturday night and held her captive for four hours while two of the men raped her.

Mrs. Delahunt told police she was waiting for a street car shortly before midnight at Madison street and Damen avenue, after visiting a sister, when she was forced into the car at the point of a gun. After the attack she was shoved from the machine at Race and Hoyne avenues. She went to the Warren avenue station and then was taken to the County hospital.

THE RAILROADS HEARD AT LAST.

The belated acknowledgment by the administration that this country is faced with a pressing railroad problem is welcome even though it means that the adjournment of congress will be delayed. The need for action has been apparent for many months. In Washington it has been easy to seem to be doing something about the railroads by appointing committees and commissions and filing their reports. While all this has been going on the plight of the railroads has been growing steadily worse.

To observers here in Chicago the indifference of the administration, its inability to reach a decision, and its unwillingness to act have been little short of shocking. Here the problem presents itself not as a lot of typed figures in voluminous reports but as a reality of men out of work, idle locomotives and cars, closed shops, roadbeds in need of maintenance, and bankruptcy proceedings in our courts.

The news that at last something is to be attempted would be more welcome if the proposals now being put forward in Washington showed any real understanding of what is wrong. Why is more than 30 per cent of the first-class mileage of the country in receivership and why is it confidently predicted that the figure will be twice as large by the end of the year if present conditions are allowed to continue?

The answer is two-fold. The immediate cause is the Roosevelt depression, the depression which was planned that way. Railroad business is bad because other business is bad. The administration doctors know only one drug: The spending of borrowed money. It can safely be said that if the patient gets well it will be in spite of the treatment, not because of it. The prospect of a spontaneous improvement in the railroad business is therefore none too bright.

The long-run cause is excessive regulation imposed at a time when the railroads were without any such competition in the overland freight and passenger business as they now face. Now there are trucks, buses, pipe-lines, passenger automobiles, and many new waterways to compete for the carrying trade. If formerly there was justification for the type of rate regulation from which the industry suffers, that justification no longer exists. The railroads should be given far greater freedom than they now enjoy to fix rates which will attract new and hold old business. The interference of the government in the rate-making process should be confined pretty largely to preventing plain cases of unfairness and injustice. The interstate commerce commission should be allowed to intervene only when it has received positive evidence of real damage resulting from rates offered by a railroad.

So far as the immediate future is concerned, some good may come of the proposal to ease the requirements for RFC loans to the railroads, but unless the more fundamental problems are attacked this will only mean that the taxpayers' money will be jeopardized in unsound loans. In a few months or years the same process must be gone through again. The other proposal to expedite railroad reorganizations in the courts can be regarded only as a confession of incompetence to deal with the problem except by destroying investment values which would not be destroyed if the burocracy would relax its strangle-hold. Neither of these proposals is, on the face of it, a bad one, but neither of them offers more than a palliative.

It is to be hoped that with congress held over to enact railroad legislation, the Pettengill bill will be passed. It is a step in the right direction. It will make it a little easier for the railroads to compete in transcontinental business with the ship lines using the Panama canal. Of all the railroad proposals now before congress it is the only one which can be regarded as constructive.

AMERICAN PLANES FOR BRITAIN.

The repeated rumor that the British government intended to buy military airplanes in this country has now been confirmed. The contracts have been signed. Within two years 400 planes are to be delivered in England at a cost of 35 million dollars. There are to be 200 Lockheed ships to be used both for reconnaissance and bombing and 200 advanced training planes produced by the North American Aviation company.

It remains to be seen on whose territory the bombs will fall. We hope it won't be ours. We could be reasonably confident on this point if Britain would make over to us her islands off our shores. At present they provide her with airplane bases which some day might be used against us. With the islands in our possession, our sense of security would be far greater than it can be today, for we would hold not only the coast of our country but the outposts guarding it. We could then continue to supply Britain with bombers and have no reason to fear they would be used to our injury.

The islands could be turned over to us by Britain and France in part payment of their debts to us. Incidentally, the insincerity of one of the excuses for nonpayment is now fully exposed. It was said that Britain could not honor her obligation because of the difficulties of the so-called transfer problem. It was impossible, so the argument ran, to transfer the annual payments. How, then, is it possible to transfer 35 million dollars for unproductive war planes without causing the slightest disturbance to the exchanges?

THE BRIGHTER SIDE IN CHINA.

Propaganda in war has two purposes. One is to demonstrate that your side is the side of the angels, and the second that the other side is the side of the demons. It isn't often necessary to do much homework. There may be some home folks who will be contrary enough to doubt the perfect idealism of the national cause and there may be some who will refuse thoroughly to hate the other fellow. But these persons will be the minority and they will be regarded as either highly eccentric or criminally possessed. The chief place for the play upon emotion and, if possible, upon intelligence is among the neutrals, particularly such as may be valuable either by being brought in as an aid or by being kept from becoming an obstruction.

The Japanese have been doing the best they could in the United States to put a good face upon what the majority of Americans are inclined to believe is a demonic body. Although Japan and the United States have been friends and much of the time the Japanese and Americans have had no reason to dislike each other, the task of the Japanese propagandist here is a tough one. Explain it as the Japanese publicists will, the Americans just don't like it.

However, the Japanese are not easily daunted, whether they are trying to overcome an enemy or win a friend. Some of the work of making this war appear an affair of sweetness and light is entrusted to the Japanese-American, published in New York, from which publication it is to be learned that Japan has now launched an "unarmed or armless campaign in China."

One paragraph may illustrate how in a war you go about it to win friends and influence people:

"Where her [Japan's] soldiers have advanced, forces of her men and women, equipped with the instruments of peace, are following in order to help the Chinese return to their homes and their work. These Japanese are the first to build peace where destruction has been wrought. Like good Samaritans they have come to China to give food to the starving and to help the poor. Also they treat the sick and suffering, give shelter to the homeless, and provide work for the workless. These Japanese men and women are the harbingers of peace. They are bringing the tidings of hope and salvation where the life of the whole country had fallen into despair."

They wouldn't recognize this war in Canton.

A GOVERNOR IN CAP AND GOWN.

Gov. Frank Murphy of Michigan delivered a commencement address in New York the other day which seems to have been a remarkable effort even for Gov. Murphy and even in the field of commencement addresses. He said, among other things, that unless industry will voluntarily solve the problem of the wide-swinging business cycle government "will be compelled to exercise its helpful and reasonable influence."

There is an assumption here that the human race knows, or could easily find out, how to prevent the ups and downs of business. In fact, no such knowledge is available. This is an unpleasant truth but none the less true for being unpleasant. Some progress toward a solution of the problem may have been made in Italy, Germany, or Russia, but if so, the price in loss of liberty is so high that few Americans in their senses would think the game worth the candle.

If the world knew how to prevent booms and depressions business men would have every motive for putting the plan into effect. When a solution is found business men will support it. Only speculators, and not all of them, make money out of the boom-crash cycle. Most business men are hurt by it. It gives the owners of steel mills no satisfaction to have them running at 20 per cent of capacity. No employer likes to lay off men. Every factory manager likes to have orders on the books to replace the orders which have been shipped. The idea that business men have not thought about the business cycle or would not act to smooth it if they knew what to do is preposterous.

But it is not quite so preposterous as Gov. Murphy's other notion that if the business men won't act, the government's helpful and reasonable influence must be invoked. Helpful and reasonable since when? The helpful and reasonable influence of the government made the Roosevelt depression in which we now find ourselves. The decline in 1937-'38 has been the sharpest the country has ever experienced. Mr. Roosevelt's taxes, his monetary and fiscal management, and his attacks upon business, especially the public utilities, produced the slump as if by plan and specification. If that is a sample of helpful and reasonable intervention—and surely Gov. Murphy will not suggest that his great patron was anything but helpful and reasonable—the less we have of it the better.

Editorial of the Day

BEARS WATCHING.

[Baltimore Evening Sun.]

A joint resolution introduced by Mr. O'Connor of New York [H. J. Res. 699] provides that:

> No witness is privileged to refuse to testify to any fact, or to produce any paper, respecting which he shall be examined by either house of congress, or by any joint committee of the two houses of congress, or by any committee of either house, upon the ground that his testimony to such fact or his production of such paper may tend to disgrace him or otherwise render him infamous.

The language of this resolution is curious. Obviously, it was carefully drawn with a view to avoiding collision with the fifth amendment to the constitution of the United States, which decrees that:

> No person . . . shall be compelled in any criminal case to be a witness against himself.

A congressional investigation is not a criminal case, but the courts have exhibited a tendency to construe the fifth amendment pretty broadly, and there is, to say the least, a strong possibility that, if the word "incriminate" had been employed, the resolution might have crashed into a constitutional barrier.

But the very fact that great care had to be exercised to avoid the constitutional objection is evidence that the resolution is treading on dangerous ground. Why is it necessary? Congress already has the power to punish for contempt witnesses who refuse to testify, as Sinclair and Dr. Townsend found to their cost. Facilitating investigations is all very well, but facilitating them by infringing upon the spirit, if not the letter, of the bill of rights is anything but well This resolution has an evil look.

JUNE.

(From a factory window.)

The gold monotony it might have made,
Broken by the factories' sullen shade,
The summer sunlight spreads a shabby glow,
A bridal veil of tattered yellow lace
Upon the aged sidewalk's grimy face;
And that is all of June this street shall know.

Arboreal Note.

The only American family whose complete lineage is in Burke's Peerage is that of a Chicagoan, Edgerton Throckmorton, of Chicago and Dundee. There are many Americans who have married titles listed, but no other American family. The head of the Fairfaxes of Greenway Court, long the only family in America with the right to a title, has returned to England.

The 1938 edition of Burke's Peerage devotes three columns to the Throckmorton family, beginning with one John Throckmorton some sixty years after the Norman conquest. The present English representative of the family is Sir Robert Throckmorton of Coughton Court in Warwickshire, eleventh baronet. An earlier Robert Throckmorton came to Charles City, Va., in 1637. The present Col. Charles Wickliffe Throckmorton of New York City and Virginia is his direct descendant, and Edgerton Throckmorton, whose wife is the former Caryl Dunham, is his second son. Their home is Hall Weston at Dundee.

Tired Business Woman on Friendship.

Last night was a lovely evening. We sat together, the four of us . . . friends. The foam rose in the tall glasses while we talked . . . what their Peter said to the dentist . . . what our Perkie said to her aunt . . . (we skirted the New Deal—K. reads THE TRIBUNE, we read The Nation), but we talked. The light from the one lamp gleamed against the pine paneling (second mortgages lend a special luster we've found) . . . glasses were refilled, our lazy laughter floated up with the curling cigaret smoke . . . we were four friends sitting together and life was good. The last bit of cheese was scraped from the much-prized Spode platter, glasses tipped for the last time —warm good nights said. As we went upstairs together, tired shoulders bumping, I thought, "These are the essential things . . . love . . . little children in their beds . . . friendship." Last night was a lovely evening.

MORNING SHADOWS AT 39TH STREET

With muffled tinkle in the clammy air
Of rainy morn, the trembling clock is choked
By groping fists, while sleep-bound eyes do stare
Through tear-stained windows and the air soot-soaked.
A dusky shadow, shrouded as a nun,
Steps into morning mist and cools its lips
'Gainst lowering clouds, like slaves driven by the sun,
Their flesh torn by the Master's flashing whips.

From out the darkling cavern of the south
A black and sinuous monster of steely trace
Glides to a stealthy halt with gaping mouth.
It swallows shadows all and leaves the place.
A thousand, thousand shadow-souls rouse up
Each morn to taste the sweet wine of Life's cup!

The leading aviation bug of the country is Fred Walters, elderly Joliet attorney, who has been on every inaugural flight of every air line out of Chicago since the first passenger plane flew to Detroit in 1930. Mr. Walters is the only living member of what was once called the Three Musketeers of the Air Lines. Charles (Pop) Dickinson and Father James Organiziac were the other two, but both died recently, Father Organiziac in Poland in 1935 and "Pop" Dickinson in Libertyville in 1936, age 76. Mr. Walters, who is nearly 70, has reserved space on the first flight of the Pennsylvania Central Air Lines which inaugurates a new service from Chicago to Michigan cities next Wednesday. This will be his twenty-sixth inaugural trip. He is taking flying lessons himself. Hopes to be able to solo before the summer is over.

HOT WEATHER PRECAUTIONS FOR BABIES.

WITH the approach of warm weather we well may remind ourselves that thousands of babies will be in danger of developing summer diarrhea. Heat in itself is not responsible primarily—that is, if the tot is properly clothed or, rather, unclothed. But the things which accompany this season—flies and insects —menace food supplies by contaminating them with numerous disease-producing organisms. In addition, improper refrigeration may permit bacteria to reproduce at a prolific rate. There also is a substantial loss of resistance through the occasional chilling of the skin of the perspiring infant.

We must be careful, therefore, not to overdress the child and to use special precautions relative to his food. If it is time to begin the use of mashed and sieved vegetables—unless conditions are such that they can be prepared with sterile precautions—it may be well to defer the feeding of such edibles until it is cooler.

The following simple rules should be known and observed by all who have charge of our little ones:

1. Make certain that the clothing is suited to the temperature—more on cool days, less to none on those that are torrid.
2. Introduce new dishes cautiously—a very small quantity the first day.
3. See to it that refrigeration is sufficient to prevent spoilage. Test each bottle before feeding.
4. Boil all drinking water. During the process of cooling, the vessel should be covered.
5. The room where food is prepared and kept should be screened thoroughly and free from vermin. The same applies to the sleeping quarters.

Many cases of diarrhea come from colds, middle ear disease, inflammation of the bladder, or trouble within the throat and nose. This means that on the slightest indication of a nasal infection immediate measures should be taken to stop its spread and the physician can frequently accomplish much.

If, despite all precautions, diarrhea ensues, the youngster should be placed at absolute rest. This is so important that many medical men advocate the use of sedatives; otherwise the tossing and squirming infant may wear himself out. Because the frequent bowel discharges deprive the body of fluids essential to life, new sources must be supplied. If vomiting has not come on, liquids may be given by mouth and plain boiled water is preferred. Ginger ale may be retained even in the presence of vomiting, and weak tea is valuable. If the patient is seriously ill, however, injections under the skin must be resorted to. Another point is that if there is a tendency to acidosis, salty liquids will tend to correct the condition. In desperate situations we must not forget the beneficent rôle of blood transfusion.

Then comes the question of diet, and great care must be exercised not to use material rich in starch and sugar. Protein milk and buttermilk are excellent. The raw apple plan is effective in many instances. From one to four tablespoonfuls of ripe, raw apple pulp may be given every hour and, during its administration, no additional food other than water or weak tea is needed. If ripe apples are not available, apple powder may be obtained and, when properly mixed, will provide practically the same constituents.

If every mother will supervise carefully the hygiene of her baby this summer, the number of attacks of diarrhea will be lowered by 50 per cent. Watch particularly for signs of colds and nasal or throat infections.

LEAFLET MAY HELP.

E. D. writes: What is the cause of an 11 year old girl not being able to correct bedwetting? Have you any suggestions?

REPLY.

The condition may have an emotional basis. If a thorough physical examination discloses nothing wrong, the services of a psychiatrist may be indicated. We have a leaflet on the subject which you can secure by sending a stamped, addressed envelope with request.

CAUSED BY RICKETS.

P. C. writes: What causes a pigeon chest? Can anything be done to make it normal? I am 21 years old.

REPLY.

Rickets is the cause. The condition can be remedied easily in childhood; not so readily with adults. Arm, shoulder, and breathing exercises, however, will do much.

BETTER TO STOP.

J. L. B. writes: Does smoking cause heartburn? I smoke only one package a week, but after each smoke I get a pain near the heart. Should I stop?

REPLY.

By all means. You may be allergic to tobacco.

SUN GLASSES HELPFUL.

F. R. writes: Is it harmful to wear sun glasses? The glare seems to bother my eyes. What color would you suggest?

REPLY.

Sun glasses are recommended for all who are exposed to bright sunlight. Use a type which will filter out some of the ultraviolet rays. Be sure they give you comfort.

LEAFLET ON CORNS.

B. B. writes: Have you any printed material on corns? I am bothered greatly.

REPLY.

Yes. Send a stamped, addressed envelope for leaflet on corns and calluses.

1. Correct.
2. If the property is occupied as a homestead the husband's signature would be needed on this ground, and since the deed would not show on its face how the property was occupied, questions might be raised unless the husband joined.

FINDS OAK FOREST O. K.

Chicago, June 9.—The taxpayers of Cook county ought to know that the letter criticizing Oak Forest, published in your columns on May 26, is entirely unfair. The other day I drove out there, a complete stranger, and was courteously shown over the entire establishment.

Oak Forest institution houses approximately 3,600 people—nearly all of whom are chronic hospital cases. There are 600 patients in an isolated tuberculosis ward; there are nearly 1,000 patients confined in a so-called senility ward; a couple of hundred cancer patients in separate wards, etc.

All of the ward rooms are light and airy; the beds have perfectly clean linen. The patients live under the most ideal hygienic conditions. There seemed to be a radio in every ward room. There is a staf of about fifteen resident physicians and surgeons. I saw an operating room equal in equipment to that in any private hospital in Chicago, an X-ray equipment that is second to none, and a dentist's office.

I saw the dining rooms; I could observe nothing to be questioned in either the quality, quantity, or manner of service of the food. I was privileged to see their kitchens, and the refrigerator in which their food is preserved. I saw as fine meats as would be found in the refrigerator of any high class restaurant.

In connection with the institution is a large farm devoted to the raising of hogs. These hogs are slaughtered on the grounds and used for food purposes. The bread used is baked on the grounds, and as far as I am a judge, is as fine home-made bread as I have ever eaten.

The superintendent of the institution, Frank Venecek, has a national reputation in welfare work, and is looked upon as an authority by those who are interested in this subject. He told me that a project for rehabilitation of the buildings is about to commence at a cost of $225,000, of which the federal government is to pay two-thirds.

I am not a politician, and have no personal interest in writing this letter other than to do justice to the county board commissioners and the efficient management of Oak Forest home.

PROPOSES DEATH PENALTY.

Baltimore, Md., June 9.—I am a daily reader of THE TRIBUNE and have been horrified, as many others no doubt have also, at the high number of crimes in your city, especially rape.

I believe the reason such crimes are so prevalent in Chicago and vicinity is because of the court leniency. Some of these criminals, according to your news items, are given one to fourteen years.

Down here in Maryland we don't fool around with rapists. We make quick work of them by giving them the death penalty.

Illinois might profit by imitating Maryland in this respect.

Investigate and give our youth and unmarried teachers a chance.

POPPY DAY FINANCES.

Chicago, June 9.—As president of the Veterans' Poppy Day association of Chicago I welcome the opportunity to answer the recent inquiry about the use of funds received on Poppy day.

Last year 882,250 poppies were sold by the association. The gross amount received was $71,485. The actual expense of handling this drive by volunteer workers, including office expense, workers' supplies, containers, printing, publicity, shipping, warehouse expense, and all other expenses, was only $1,362. The association deducts this expense and the balance is then turned over to the three participating organizations, who deduct the cost of poppy materials, leaving the balance to be used exclusively for service work among the indigent veterans and dependents of veterans, thus relieving our nation and state of this burden.

Throughout the years one member organization of the association, through its state service department, has expended $601,144 for such service work, which is $120,012 over the net receipts accruing from the sale of poppies, and this does not include the moneys expended by posts and units, which is approximately $125,000 each year. This record of service to our veterans is made possible through the unselfish coöperation, in the interest of our less fortunate buddies, of our members, our auxiliaries, and our many friends. An audit report is submitted each year to the city council.

MYSTIFIED BY REPORT CARDS.

Chicago, June 8.—The subject of report cards has been discussed by all parents of today and should an intelligent explanation be forthcoming it will be heartily welcomed by all parents and children, to say nothing of teachers and principals of Chicago schools. The new system of marking report cards is E, C, and N, the meanings of which are listed below on the card. We have questioned both principals and teachers and thus far have not received an explanation of what these marks really mean. My son's principal tells us that E is not necessarily a passing mark. If not, what is it? I wonder if there is any one in the system that can answer that one.

ONE MOTHER.

CRISES JAR THEM AWAKE.

Chicago, June 9.—The turn of events in these days of crises makes one wonder just what the people who are paid to guide our local, state, and federal governments really do to fill up their day's schedule.

Not until the whole hearts of great cities begin to rot do these experts decide upon a mediocre housing program; it took the sickening case of a local child's death to stir public opinion enough to prompt an investigation into liquor sales to minors; it took the maniacal assaults of sex fiends upon innocent women and children to arouse the intelligent to the fact that laws prohibiting morons and maniacs from running around loose might be advisable; it took the recent wave of juvenile crime to awaken some of these sleeping beauties to the realization that youths out of work have to let off their youthful steam in one way or another, and that our sumptuous schools could be used for recreational purposes.

All down the list of recent national and local tragedies we find that it seems to take nothing short of a catastrophe to wind up these eight year clocks. It takes times like these to give the voters a real idea where to start pruning.

WILLIAM GARNESS.

COURTESY AT ART INSTITUTE.

Chicago, June 7.—If every one having something to sell was as solicitous and interested in a prospective customer as the attendants at the Art institute, who have nothing to sell, are in the visitors, the business of this world would pick up tenfold.

I did not seek aid; it was offered in a manner most sincere. When I left one of the wings in what the guard thought was too short a time he asked me if I had found certain rooms, that he hated to have me miss anything. Another guard, seeing that I carried a small camera, suggested that the light was good in a certain room at that time of day. Still another guard seeing my dismay at a particular room being closed for repair, opened the door and allowed me to stand just inside and enjoy some of my favorite pictures.

It's the little things in life that make the big things really worth while!

THE ONE ABOUT THE FARMER HAS A NEW ENDING

Henry Brings It In from Old Wyoming.

This may sound to you like an old story, dear reader. It's the one about the farmer from the open spaces meeting the affable stranger, etc. But if you will be patient you will learn something about the perspicacity of a traveler from Genoa, Wyo. And anyway, the story ends up differently.

Our hero is Henry Steinegger, a strapping gentleman of 48. He arrived in Chicago from Wyoming last Thursday, his savings in his pocket, on his way to visit two sisters in Switzerland. He put up in a hotel at 660 Madison street, looked around a bit, decided he liked the city ways and planned to stay for a few days.

He Meets the Stranger.

On Saturday afternoon Mr. Steinegger met an affable stranger near the hotel. They became friendly and went to a tavern where they bought each other drinks. Mr. Steinegger talked about his trip and the $750 savings in his pocket.

After another beer the stranger suggested they visit the Field museum. In Grant park they met another stranger, carrying a cardboard box. He said it contained money he was going to give to charity.

Then as an afterthought, he said: "Why don't you, my friends, put some of your money in this box? Then I will give you the box and you can give it all to charity."

Steinegger said most of his money was in the form of drafts, so they all agreed to meet the next day when he would have cash.

Sees a Familiar Face.

In a detective story magazine Saturday night Steinegger saw, among pictures of men wanted by police, a face resembling that of the stranger with the cardboard box. He mentioned this to Detectives Richard Cotter and Edward Smith of the Desplaines street station.

That is why Detective Cotter, wearing a Legionnaire's cap, happened to be limping down Michigan avenue near Harrison street yesterday and Smith was hiding in nearby bushes when Steinegger again met the two strangers.

Arrested they gave their names as Alex Chamalowich, 57 years old and Dan Hadzick, 52, both of 949 Madison street. In their room police found the cardboard box. In it were strips of paper.

And the picture in the magazine? Police sent the finger prints of both men to the federal bureau of identification to find out about it.

Moose Close Convention with Initiation of 500

More than 500 members were initiated yesterday at the concluding session of the 50th annual supreme convention of the Loyal Order of Moose, held at Mooseheart. Officials said that 10,000 Moose attended the convention. Cadets of the Mooseheart school, which has been in existence for 25 years, paraded on the drill grounds while the delegates applauded.

MOTHER INDICTED FOR KIDNAPING 2 CHILDREN WEDS

Mrs. Florence Orr, under indictment in Chicago for the kidnaping of her two children, was married yesterday in Beverly Hills, Cal., to Nolen Allen, vice president of the Los Angeles City Planning commission, according to a dispatch received here.

For the last year Mrs. Orr Allen and her former husband, Willard J. Orr, of 1309 East 53d street, have been battling in the courts over custody of their children, Willard Jr., 9 years old, and Priscilla, 8. She obtained a divorce in California, but the Superior court here decreed that she could have the children for only six months of the year providing they were kept in Cook county.

The kidnaping indictment was returned against her when she took the children to California contrary to the court ruling.

Cabaret Girl, 16, Confesses Part in Maywood Robberies

Betty Semper, 16 years old, who said she is a night club entertainer, confessed at the Chicago avenue police station early today that she acted as a lookout for her sweetheart and his twin brother in the robbery of three Maywood stores last week. She was arrested with her sweetheart, Herman Sittig, 22 years old, in his room at 724 West North avenue. Sittig denied the girl's accusations. He was to be questioned further by Policemen Leo Kelly and John O'Donnell. The girl told police she lives at 606 South Western avenue.

Fisherman Drowns When Boat Overturns in River

Shelby, Ind., June 12.—[Special.]—Vernon Dumont, 33 years old, of Highland drowned today when the boat in which he and a companion were fishing upset in the Kankakee river near here. His companion, Joseph Gilboe of 5738 Erie street, Hammond, was rescued as he clung to the overturned boat.

BIGGER BOMBERS ON PROGRAM OF ARMY AND NAVY

Friendly Competition in Plane Building.

Washington, D. C., June 12.—(AP)—Disclosure by the United States navy of preparations to build a long range patrol flying boat of possibly fifty tons pointed today at a friendly competition with the army in efforts to get better airplanes.

On the drafting boards of army air corps designers, it is reported without official confirmation, are plans for a bomber of some seventy-five tons. This is more than twice the size of the army's experimental super flying fortress.

[Advices from Santa Monica indicate that an eighty ton bombardment plane is being constructed in a closely guarded hangar of the Los Angeles Aircraft corporation. It is reported that the plane will be 250 feet wingspread, with a speed up to 300 miles an hour and a cruising range sufficient for a full load trip to Europe and return light nonstop.

Either of these ships would be larger than any military plane now in the air. Great Britain has a forty ton flying boat and soviet Russia is reported to be testing bombers of huge size, with six engines.

Navy Will Let Contract.

Regardless of whether the army undertakes its projected craft, the navy is going ahead with its flying boat and expects to let the contract by September. Minus engines and propellers, it will cost a minimum of $2,400,000.

With defensive missions that are theoretically distinct but actually overlap, the high commands of both the army and navy are convinced of the necessity of building up long range aerial striking forces, as well as fighting planes to supplement troops and warships in conventional military tactics.

Congress furthered these plans by providing appropriations of more than 67 million dollars for new war planes in the next twelve months.

Big Army Program.

With the $33,150,646 provided by the war department appropriation bill now awaiting President Roosevelt's signature, the army hopes to buy 394 new and replacement planes in the next twelve months, aside from eighty for the National Guard and organized reserves.

Thus far no decision has been announced whether to build more of the thirty-two ton super flying fortress bombers, of which the air corps has a single experimental ship.

With approximately the same sum as the army has for new construction, the navy hopes to buy 328 planes, comprising 284 replacements of obsolescent and crashed aircraft and forty-four additions.

BEATEN, ROBBED OF $600 RING.

John P. Mugan, president of the American Extension school of law, 737 North Michigan avenue, was beaten by two men early yesterday and robbed of a diamond ring worth $600 near his home at 1340 North Dearborn street.

SEEK TREASURE IN SHIP SUNK OFF VIRGINIA CAPES

Norfolk, Va., June 12.—(AP)—Jewels and silver, value unknown, lured a new salvaging expedition today toward the grave of the Ward Line steamer Merida where she sank 27 years ago 65 miles off the Virginia capes.

The Italian salvage steamer Falco will take aboard supplies here this week for the attempt to recover whatever valuables there may be in the hulk of the Merida which lies in some 250 feet of water.

Hundreds of thousands of dollars have been expended on four previous efforts to reach the treasure, which long-repeated reports, all unconfirmed, say includes the crown jewels of former Emperor Maximillian of Mexico.

Sinks After Collision.

The Merida plunged to the bottom within 20 minutes after a collision with the Admiral Farragut May 11, 1911. All her 200 passengers—many of them wealthy refugees from the Mexican revolution—were saved, but their valuables left in care of the purser and a considerable quantity of silver in cargo went down with the ship.

One expedition in 1933 brought up a few water-worn coins and a seaman's badge which bore the legend "S. S. Merida," but the Atlantic defied every effort to reach the treasure itself.

Other Attempts Fail.

In 1922 another salvaging effort brought the expenditure of more than $250,000, all to no avail. The late Capt. Harry L. Bowden made two attempts to reach the treasure, and another was made by Klass Everts of Norfolk and Capt. George Hall of Massachusetts.

There have been many widespread rumors about the Merida's "gold," but her manifest shows no gold in the cargo. It does show silver and copper and other valuables which, aside from the articles in possession of the purser, were valued as high as $1,250,000.

The Falco, equipped with modern devices for underwater work, sailed from Spezia, Italy, May 29 for the venture.

Seek 80,000 CCC Recruits in First 20 Days of July

Washington, D. C., June 12.—(AP)—The civilian conservation corps proposes to recruit between 80,000 and 85,000 men during the first 20 days of July. Director Robert Fechner today said this would bring the total enrollment to 300,000, the authorized maximum strength.

CURED OF RARE INFECTION, FLIES TO AID OF YOUTH

A Joliet mother who recovered two years ago from a rare blood infection flew to Newark, N. J., last evening in response to an appeal to offer her blood to a youth, 16 years old, critically ill of the same infection.

The mother is Mrs. Eugene Koehl of 519 Walsh street, Joliet. She left Chicago airport at 6 p. m. on an American Airlines plane. From Newark she was to be taken to King's county hospital in Brooklyn to aid Hyman Liederman of Brooklyn, the stricken youth.

Mrs. Koehl's case came to the attention of Brooklyn physicians who appealed for help for the Liederman boy, who was said to be suffering from an unusual form of septicemia. Recovery from the disease is so rare, physicians said, that comparatively few persons are available for transfusions.

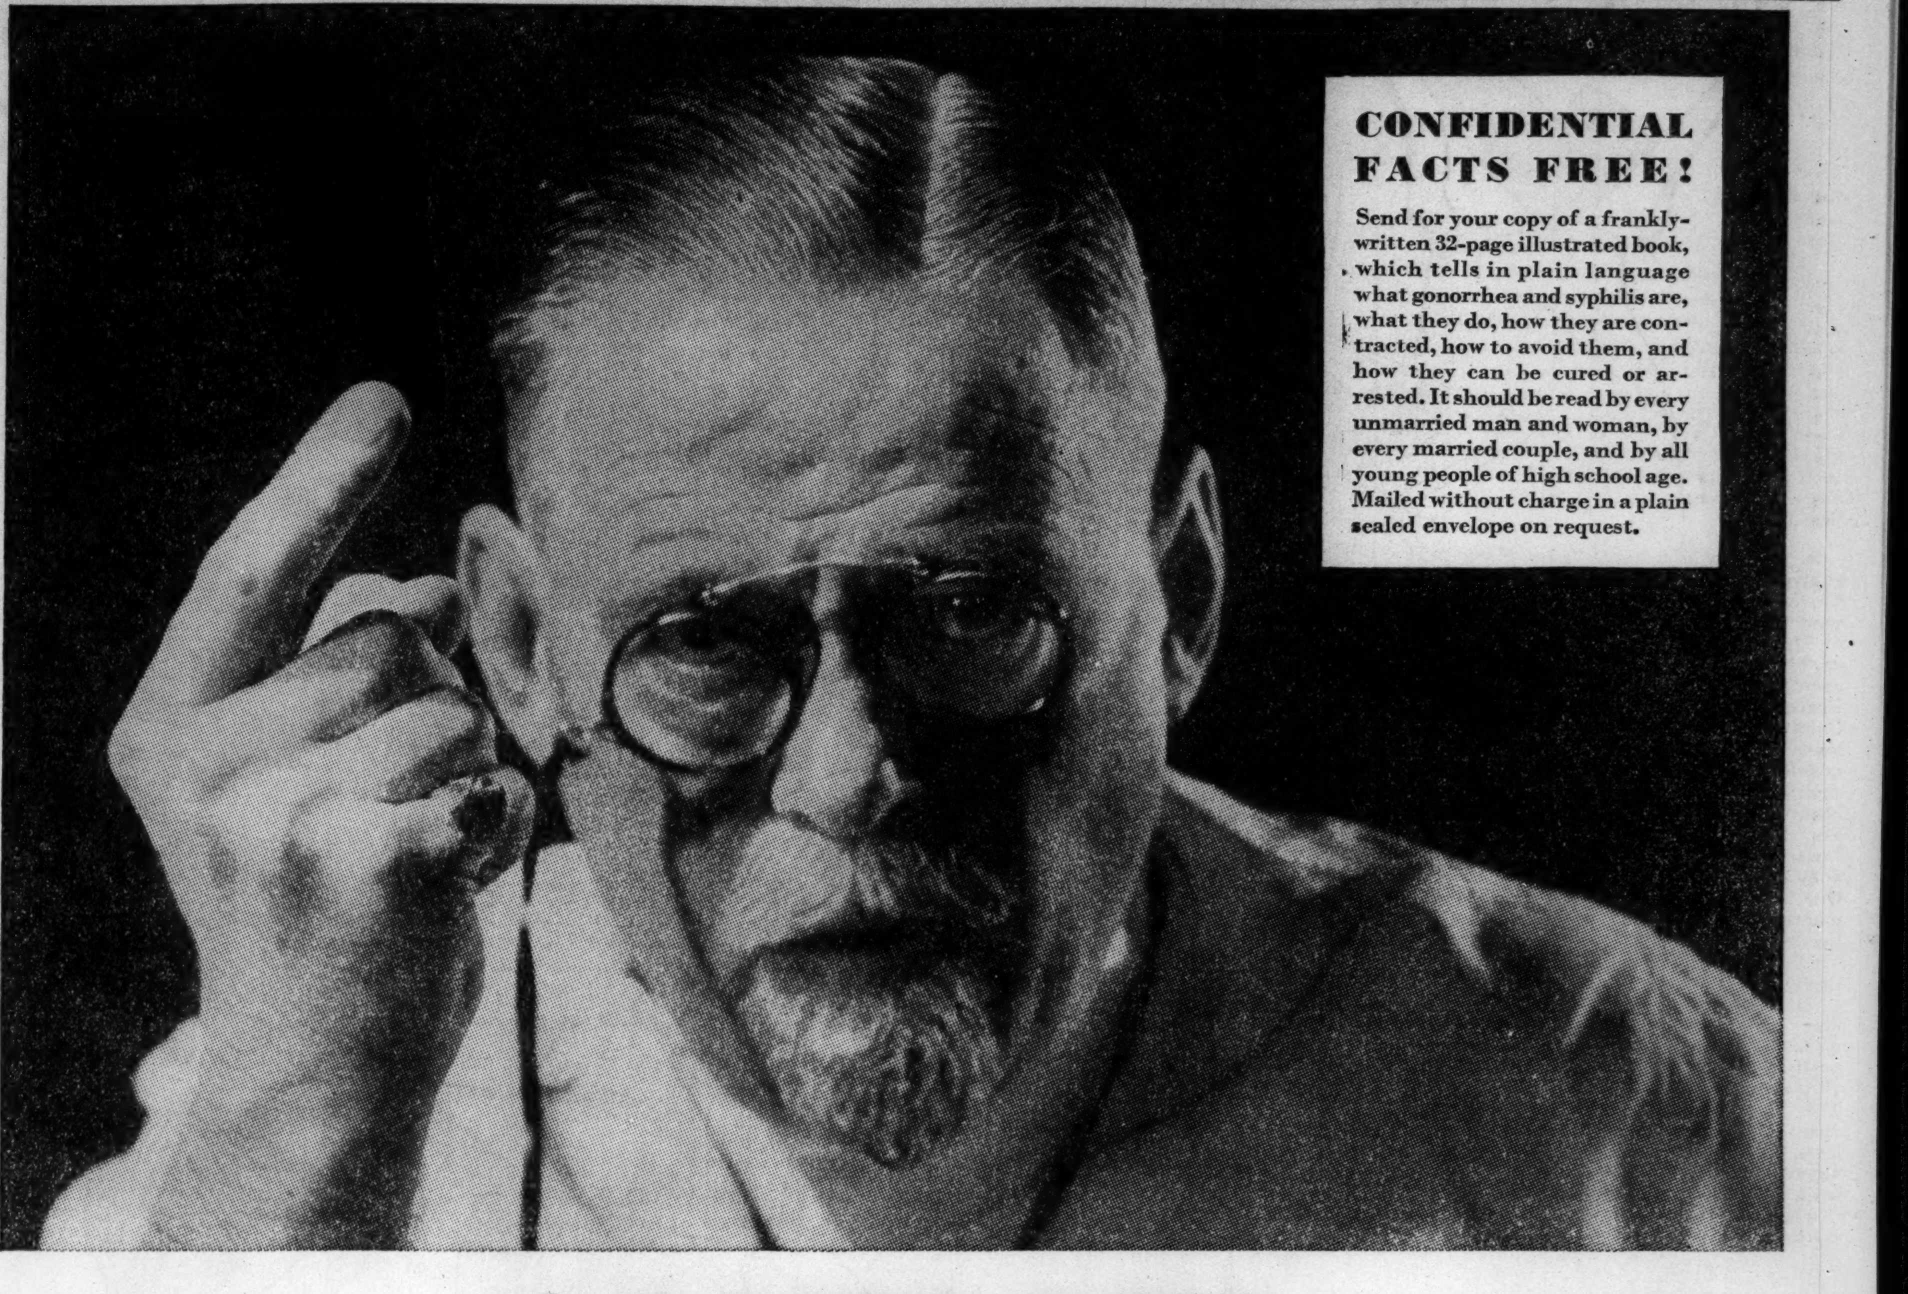
"I'VE LEARNED PLENTY ABOUT LAXATIVES"

"No one could possibly be troubled with constipation more than I was—until I started to take NR Tablets. They work like a charm. Give thorough relief. Yet, act so gently I hardly know I've taken a laxative."

Says: Mrs. E. M. of Chicago

The reason Nature's Remedy—NR Tablets—acts this amazing way is simple. They are made by an exclusive formula from vegetable laxative ingredients and act on the true basic principle of aiding nature. Give gentle, thorough relief without upsetting the stomach—without griping. Leave you clear headed, refreshed, invigorated. NR Tablets are all vegetable.

Guaranteed to contain no salts, no phenol derivatives. Over 500 million NR Tablets have already brought welcome relief. Get a 25c box from your druggist. Whenever you need a laxative, get NR Tablets and get the sure, gentle, dependable relief millions enjoy.



CONFIDENTIAL FACTS FREE!

Send for your copy of a frankly-written 32-page illustrated book, which tells in plain language what gonorrhea and syphilis are, what they do, how they are contracted, how to avoid them, and how they can be cured or arrested. It should be read by every unmarried man and woman, by every married couple, and by all young people of high school age. Mailed without charge in a plain sealed envelope on request.

CAUTION!

Self treatment is very dangerous because you have no proof of cure

Do not risk carrying the germs of gonorrhea or syphilis in your system for years, but consult a good doctor or this trustworthy clinic!

Self medication for a venereal disease may speedily relieve your symptoms and cause you to "feel fine." But you have no proof whatever that the infection has been *completely* driven out of your body!

That is why treating yourself for gonorrhea or syphilis is so very dangerous. It gives you an utterly false sense of security, because some of the germs are likely to remain in the system and lead to serious complications months or years later!

No reliable physician or clinic will pronounce a venereal disease sufferer cured until certain laboratory tests and physical examinations have been passed. For unless there is definite proof of cure, some very disastrous consequences can easily occur.

Uncured gonorrhea, for example, is responsible for much infantile blindness, and frequently results in sterility, crippling arthritis, or serious prostate, bladder, kidney and other troubles. Uncured syphilis is the principal cause of stillborn, deformed and feeble-minded babies, and often leads to heart disease, blindness, deafness, paralysis and even insanity!

Obtain tests of cure!

If you have been treating yourself for gonorrhea or syphilis, do not let another day pass without getting the tests of cure necessary to prove that you are wholly free from infection. Such tests can be obtained from any competent physician, or you can get them at the Public Health Institute.

The Public Health Institute is unusually painstaking in carrying out its tests of cure. It will not give a patient a clean bill of health until exacting laboratory tests and physical examinations have been made. Hence any person discharged as cured by the Public Health Institute can be confident that he or she is no longer infectious.

One of the largest clinics of its kind in the world, the Public Health Institute has been *specializing* in venereal diseases ever since 1920. Not only do its friendly, sympathetic men and women physicians devote their entire time to such infections, but it maintains its own laboratory in order to insure the utmost accuracy in making tests of cure. To date it has given more than 5,000,000 examinations and treatments to over 250,000 persons!

Examination costs $3.00

Organized by public-spirited citizens as a corporation "NOT-FOR-PROFIT" under the laws of the State of Illinois, the Public Health Institute puts *specialized* venereal disease attention within the reach of those with limited incomes. A thorough physical examination for gonorrhea and syphilis, *including* blood tests, urinalysis and smears, costs only $3.00, while some treatments for syphilis cost as little as $1.00 and some of those for gonorrhea still less!

Thus there is no need for any venereal disease victim who has treated himself to be deprived of tests of cure. For not only can a thorough examination be obtained inexpensively, but even persons temporarily short of funds can arrange to be attended!

PRE-MARRIAGE EXAMINATIONS, including blood and other necessary tests, cost $3.00 per person. Those examined before 2 P.M. (at 159 or 169 North Dearborn St.) can obtain their certificates the same afternoon.

Sign Six Famed Musicians for Park Concerts

BY CECIL SMITH.

Six musicians of world celebrity have signed contracts to make solo appearances at the free Grant park concerts to be given this summer under the joint sponsorship of the Chicago park district and the Chicago Federation of Musicians. Artists who have already definitly agreed to appear include Rosa Raisa, dramatic soprano of the Chicago City Opera company; Edith Mason, lyric soprano of the Chicago City Opera company; Tito Schipa, famous tenor of most of the world's leading opera houses; Efrem Zimbalist, violinist; Moriz Rosenthal, pianist, and Walter Gieseking, pianist. The names of other stars will be added to the list in the course of the summer.

The season opens July 1 at the band shell north of the Field museum with a program by the Chicago Civic Opera orchestra. Many of the city's leading orchestras and bands, conductors, and vocalists will have a share in the concerts, which will be given nightly until Labor day [with the exception of Aug. 20, the date of the annual Chicagoland Music Festival sponsored by Tribune Charities, Inc.].

In recognition of the eighty-fifth anniversary of its founding, New England Congregational church presented a distinguished choral service in Thorne hall, its temporary home, yesterday afternoon. The church choir, trained by its director, Porter Heaps, joined forces with the First Unitarian church choir under the baton of Robert Sanders in music for double chorus. Together the two choirs gave musicianly and tonally beautiful performances of works by Bortniansky, Schütz, Bach, Harold E. Darke, and Vaughan Williams. The noble psalm, "Lord, Thou Hast Been Our Refuge," written by the last named composer in free style around the eighteenth century hymn tune "St. Anne," was a high moment of the choral year.

The skilled Unitarian church choir also sang several unaccompanied works alone, including two new compositions of Mr. Sanders, "Chanson of the Bells of Oseney" and "Build Thee More Stately Mansions." The chanson of the bells, in which the lower voices of the choir peal out the names of the six bells of Oseney while the upper voices sing a plaintive melody, is expertly wrought and delicately imaginative.

•

Priscilla Mayo, colored mezzo-soprano, sang an interesting program of songs in the Woman's club theater yesterday afternoon. While her vocal method is somewhat obscure and limits the expressive color of her singing, she has nevertheless developed a feeling for flowing line and melodic continuity that lifts her art far above the level of mediocrity.

UNKNOWNS WIN PRAISE

BY EDWARD BARRY.

With other concert cycles blighted and dead at the approach of summer the Illinois Symphony orchestra continues to charge along through June. At the Great Northern yesterday a good sized audience of faithful followers saw Izler Solomon and his group not only repeat their usual feat of turning up good soloists from nowhere but even give the process a special virtuoso twist by presenting two instead of the customary one.

Where do these people come from? Here was an unknown pianist named Mae Yampolski, who, far from approaching her duties in a tentative or perfunctory manner, actually charged through the horribly difficult Pick-Mangiagalli "Sortilegi" with such conviction and passion that the performance brought the audience figuratively to its feet.

Preceding her on the platform was another unknown named Joseph Bloch. His clean, austere delivery of the first and third movements of the Honegger concertino for piano revealed a clear understanding of the patterned, percussive character of these sections of the piece. In the more gracious larghetto there were tonal effects of an extremely novel type of loveliness.

•

The recital by Mildren Brod, mezzo, at Kimball hall yesterday afternoon is enough to project any unwary person into one of those endless and very dangerous arguments on voice production. Should a young singer possessed of a light and enchanting voice be content for the time being with the expressive power which such an endowment assures her, or should she seek to hurry nature along by developing a large volume and a deep, mature quality as quickly as possible?

Whatever the answer, the fact remains that Miss Brod sings well in both manners. Scarlatti's "Le Violette" was exquisitely dainty, the Luzzi "Ave Maria" rich and meaty.

Besides the sensuous beauty of her voice, Miss Brod has that precious type of natural musicianship which permits her to color and phrase with intuitive correctness. Her diction is not at all good.

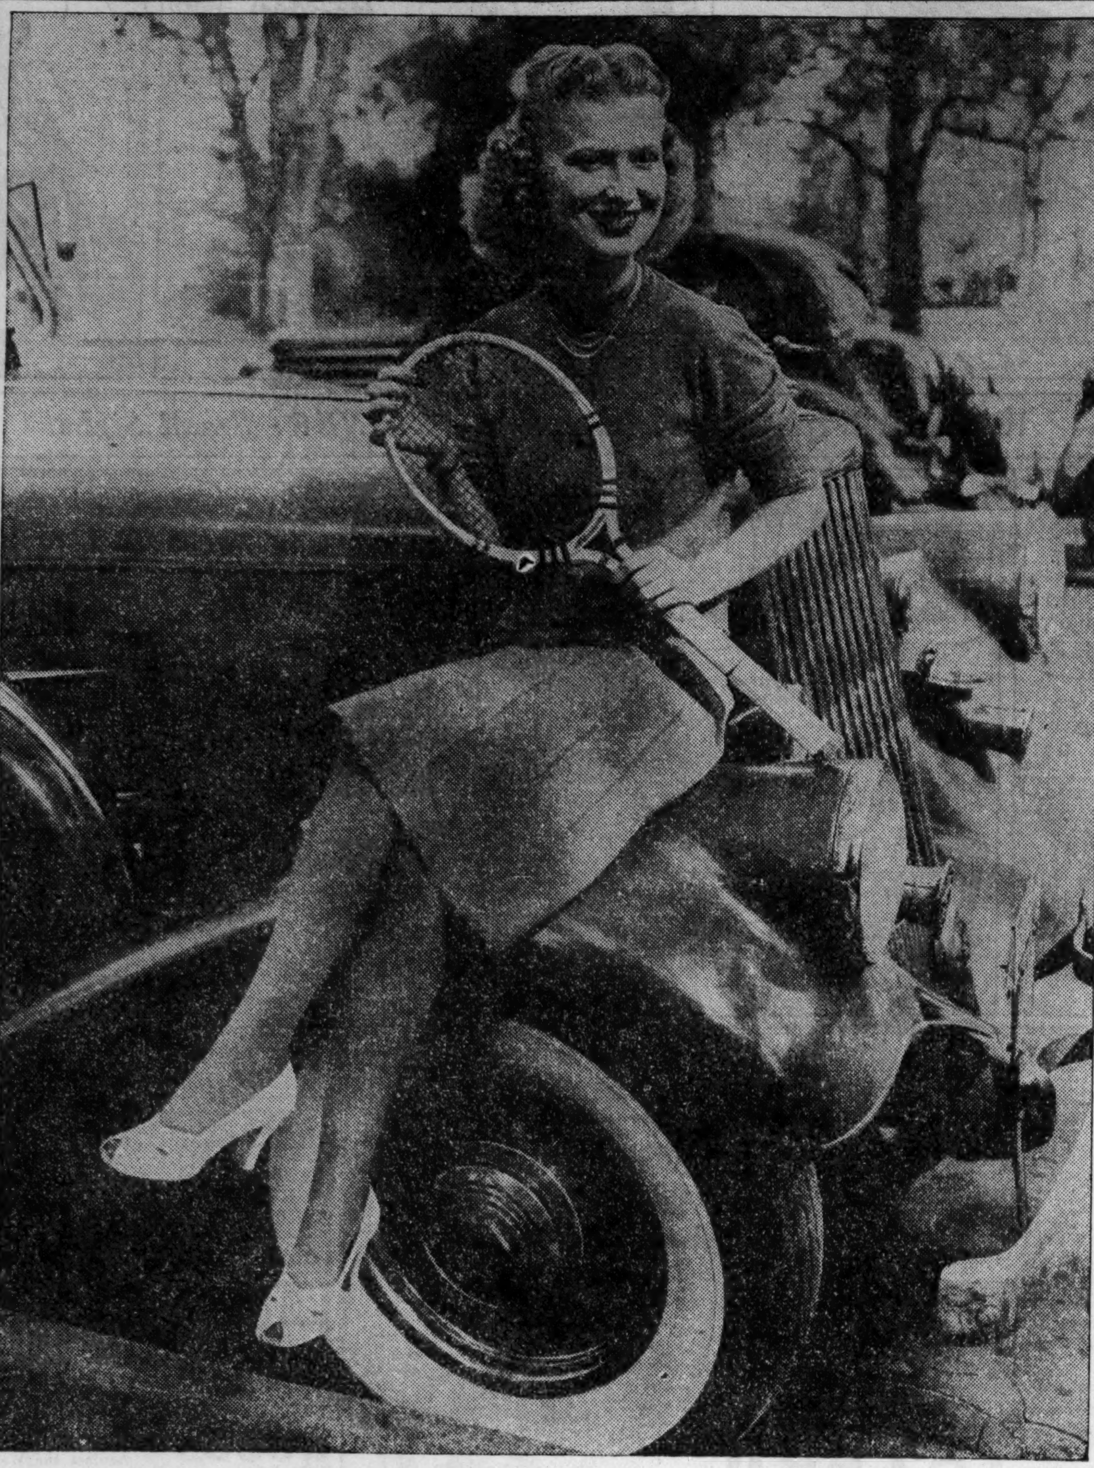
Summer Brings Out Tennis Beauties



[TRIBUNE Photo.]

Pretty girls with tennis rackets are familiar sights on pleasant early summer days. Here is Miss Nadine Kinney, daughter of Mr. and Mrs. William M. Kinney of Kenilworth. She is garbed for tennis, but she did not intend to play immediately after this picture was made, for it was taken at a fashion show held recently for the benefit of the Mary Crane league.

Light Girdles Will Be Cool on Warm Days

BY RHEA SEEGER.

Enterprising corset makers are determined that everyone can be smoothly streamlined in summer as well as in winter. The result of all their determination may be seen in the current showings of cool summery underlayers. All-togethers of sheer cotton have airy panels of cotton elastic fabric at the sides and even the lace brassiere tops are made of cool cotton. The whole affair can stand a summer of frequent tubbings.

•

Girdles and matching brassieres, though the brassieres are separate, also take your small change because they'll do wonders for anything that faintly resembles a bulge, spare tire or just an undesirable thickness around the midriff. Active sports have underlayers designed especially for action. Cotton and other easily tubbed fabrics make stepins or the fitted panties and just as cool brassieres, cut to a mere nothing, with shoulder straps that will not bind or slip over the shoulders.

All the new molded to the figure daytime dresses look pretty bad without the proper foundation. You simply can't wear a shirred tighter-than-your-skin jersey gown unless your figure is flawless and the new under layers do the smoothing down trick better than anything.

•

Nor can you don a dirndl dress and fool anyone . . . bulges show at the waistline. See the dirndl girdles if you doubt that foundation designers keep a lap ahead of fashion. These are short, made of silk satin lace at the sides and you can keep the neatest, smallest waistline you ever boasted about with a helpful bit of control right where it will do the most good.

For all the strapless ball gowns—oh yes, there's an under layer for those, too—a high waisted girdle, cleverly cut and built high to keep that front bulge from showing. With the brassiere sewed into the dress and this high girdle, you can wear the fashion pets of the season, in cotton, lace, silk or net.

Finns of Three States Enter Waukegan Girl in National Contest

Miss Tagne Maki, 17 years old, 534 May street, Waukegan, yesterday was chosen the best Finnish feminine type in Illinois, Wisconsin, and Indiana at the second Illinois Finnish grand summer festival in Finnish Temperance park, Waukegan. The festival celebrated the landing of the first Finnish settlers in Delaware 300 years ago. Miss Maki will go to Chester, Pa., scene of the national celebration on July 28, to compete with other Finnish beauties for the right to unveil a monument there to the Finnish-American pioneers. The two-day Waukegan observance attended by 4,000 persons, closed last night with a ball in the Temperance hall.

Miss Elizabeth Archer to Wed J. G. Patterson

BY JUDITH CASS.

A TREASURE hunt that wound up at the James D'Wolf Archers' home on Ridge avenue in Evanston last evening ended in the announcement of the engagement of the Archers' daughter, Elizabeth D'Wolf, to John Graham Patterson, son of Mr. and Mrs. Graham C. Patterson of Ardmore, Pa., formerly of Evanston. The announcement came as a surprise to all but the closest friends of Miss Archer and her fiancé.

Miss Archer was graduated from the Roycemore school and Connecticut college, and is on the boards of the Evanston Junior league and the Park Ridge School for Girls. Mr. Patterson is a graduate of Hill school and Harvard university, and is in business in Chicago. No date has been set for the wedding, but it probably will take place next winter. Mrs. Patterson is visiting in Evanston now and her son and Miss Archer plan to visit the Pattersons in the east this summer.

Miss Nancy Doering, daughter of Mr. and Mrs. Edmund J. Doering, and Harold Hartog of The Hague, the Netherlands, have selected July 15 as the date for their wedding. The ceremony, which will take place in Paris, France, will be attended by the bride's parents.

Winnetka N. U. Settlement Fashion Show to Be Sept. 28.

Now that the Winnetka board of Northwestern University settlement has decided upon Wednesday, Sept. 28, as the date of its annual fall fashion show, its members feel free to disperse in all directions for summer holidays. They will start meeting again in the late summer to plunge into all of the detailed work that is necessary to make the show the financial success that it always is.

The show will be given this year in the gymnasium of the New Trier school in Winnetka, a much larger place than the auditorium of the Skokie school, where it has been held the last two or three years. Mrs. Austin Jenner is chairman of the show. Mrs. Ernst Von Ammon again will be the stage director; Mrs. Whipple Jacobs is in charge of publicity, and Mrs. Richard Hoffman is the program chairman. Mrs. Robert Butz is president of the board.

Mr. and Mrs. Jenner are not going away this summer, which is just as well, for Mrs. Jenner and others who will be remaining here will be able to scout for pretty debutantes to model in the show. The board members of St. Luke's hospital, whose annual fashion show is to be held on Oct. 18 at the Stevens, also will be looking over the season's buds for material for their show. It is a coincidence that Mrs. John W. Gary, general chairman for this show, and Mrs. Jenner are cousins. The Service club, whose annual revue will be given on Nov. 5 at the Auditorium, will be looking at debs as prospective show girls all during the summer.

Junior W. Ogden Colemans and Children Sail June 21.

Mrs. W. Ogden Coleman Jr., one of the Winnetka board's hardest working members, will spend the entire summer traveling abroad. She and Mr. Coleman and their three younger children, Randolph, Kirby, and John—Kirby is their daughter—are sail-

Good morning!

Shopping for a bit of fluffy comedy? The Palace has it on display.

"The Rage of Paris" has one of those plots that's been in the family for years and seen lots of wear. But you won't mind this because you'll like all the players so well. [Though honesty compels me to say that I've certainly seen the little French star better cast.]

She plays a Parisienne, adrift in New York and befriended by a one time stage star and a head waiter who once had been a bus boy.

•

The head waiter has saved $3,000 with which to start a restaurant of his own. The one time actress persuades him to invest it in Nicole, who, both believe expensively clothed and luxuriously housed in the Hotel Savoy, where Mike is employed, will land a rich husband. AND, of course, show her gratitude to her benefactors in no mean fashion. . . .

A rich Mr. Duncan is selected as the victim. Nicole and her "auntie" are installed in a suite right across from his apartment. . . .

•

All goes as planned till—Duncan's best friend, who has met Nicole under far different conditions, pops up, threatening to tell all. [Ha, ha, does HE get all sewed up!]

That's your yarn.

The film is short, sometimes amusing and always deftly manipulated.

[Einstein wouldn't like it, but Ermyntrude will.]

See you tomorrow!

SYNOPSIS.

Elizabeth Sandal is shocked to find her children, Dorothea and Oliver, resent their father's will that unexpectedly left a fortune to her and did not mention them. She goes off to Switzerland for a change and rest, and meets Andrew Leicester, who was a groom at her wedding. Andrew, a widower, is returning after years of absence in the east to meet his children. William, his son, lives with a bachelor relative. His daughter Shirley with his wife's relatives. Shirley was in an airplane accident with a young pilot, Tony Voisin, after which Tony's engagement to another girl was broken. Her mother's people blame Shirley. Andrew hopes to have it out with Shirley before seeing his in-laws. Shirley believes he is aligned with her hated relatives and treats him coolly. Andrew turns to Elizabeth for sympathy. She tries to make friends with the boy and girl. Oliver visits his mother and lingers to fall in love with Shirley. After William flies back to school, Shirley enlists Oliver's aid and summons Tony Voisin, who explains to her father that he—not Shirley's actions—broke his engagement. Even though the scandal is cleared up, Andrew and Shirley quarrel fiercely.

INSTALMENT XXXVII.
A BATTLE ROYAL.

"And why hadn't you seen William?" exclaimed Andrew impatiently. "You are not a child. You've been quite old enough, I should have thought, to arrange a simple matter like that if you chose to take the trouble."

Shirley looked at her father hopelessly as though no words of hers were any use.

"You had school holidays at the same time, hadn't you?"

"Of course, but you wouldn't let me go to Uplands, and when I wanted to have William stay it was never convenient."

"Then why didn't you write and tell me so?" asked her father, frowning.

"I couldn't know you hadn't said I was not to see him. . . . Why did you take me away from Uplands? What had I ever done to make you think I couldn't behave myself decently without a lot of spying women round me?" Her fury died to despair again. "How could I ask you anything? You'd refused the only thing that really mattered. . . . The holidays didn't matter because William was better off where he was. . . . He was all right."

Andrew sat down on the bed, touched and wretched.

"Ah well," he said at last, "I suppose it is hard for you to realize how little I can be expected to know of girls and what is best for them. . . . All your mother's people insisted that a girl growing up ought to have women of her own kind about her, and that it was unfair to you to be left at Uplands. There never was the least reflection on you or anybody else. That's sheer imagination."

"O, it is?" she retorted. "Then why was every little thing they didn't like about me put down to the Upland's influence? The one place in all my life where —— " She broke off, for what was the use of talking to him of Uplands when it was beside the question.

"Go on. The only place where you were ever happy, I suppose?"

"That would be absurd," said the girl.

"Don't talk to me in that patronizing tone," he commanded. "Answer my question."

Shirley turned away her head.

"Do you hear me, Shirley?" thundered her father.

"What do you know of me except the lies you have been told?" she asked indignantly. "You call me patronizing and order me to answer as though I were a child of four. . . and suspect me of moaning about happiness! . . . All I was going to say was I have never seen a mean thing done there or a beastliness hinted at. When they talk of the Uplands influence I should be an ingrate not to resent their sneers."

Andrew got up wearily, indignant at this attack, but at least realizing that his own approach to her was somehow hopelessly wrong.

"And because I had taken you from there you wouldn't write and tell me these things. Is that the real trouble between you and me?" he asked.

"Of course not. . . . I shouldn't have told you now if you hadn't talked of William's holidays, saying I had taken no trouble, and accused me of imagining myself ill used. I have been ill used, and besides that I have had to plot and scheme since I was a youngster of 14 to see my brother even for a few minutes once a term."

"But surely you might have told me this or told some one?" expostulated her father. "You might have written to me about Voisin yourself instead of leaving me in the dark," he persisted.

She looked at him this time and almost smiled.

"Write letters to you on a private matter, to be steamed open and read and probably destroyed."

"Shirley! That is a very serious accusation. Did you ever see such a thing done to one of your letters?" he demanded.

"I saw the kettle where it had no right to be, after I had written to Aunt Janet to tell her I had arrived safely, and later I put a bare sheet of paper in an envelope to a friend and was asked why. Naturally I said I wished to know whether it would be opened."

"Well? And what reply did that piece of insolence receive?"

"More," said the girl stung into fury.

"You little devil." Her father began to pace up and down the room, nauseated by this latest Mortimer trick, but in no mood to admit it while he could get nothing from her but bitterness or flippancy. "Is that the way to talk of your grandmother?"

"Isn't it? O, if it isn't, what is the use? We don't even speak the same language," she cried.

Andrew went on in a milder tone:

"They had no right to open your letters and I don't uphold it for a moment, but aren't you capable of posting your mail at your age, without laying traps for your grandmother in her own house?"

Shirley turned away her eyes and looked past him into space.

"Beggars can't be choosers," she said. "Or prisoners, either. Well, I was both. They wrote enough to you and might have added the spicy bits. . . . They took my money . . .out of my bag behind my back . . . and out of Aunt Lillian's letter when it came. . . . There was no pillar box except in the village street, and I was followed wherever I went. I didn't choose to brawl in public."

"They kept your money?"

"O, yes, quite honestly as far as I know. I don't suggest they are thieves." She was satirical, but could not maintain that tone for her growing anger as scene after scene came back to her. "If I wanted the smallest or most personal thing I had to ask them prettily to buy it for me or go without. . . . I went without. . . . They even held my collection sixpence till the plate came round. . . . When the vicar preached on the immorality of the modern young with pointed references to me, I walked out of the church and never went back, and I never shall."

"References to you? By name?" blazed her father.

"Not by name, but as everybody in the place had been told in the strictest confidence by then it was plain enough. . . . Ask the vicar what he's heard. Ask the whole village. . . ."

"You want me to believe that they treated you like this and you could do nothing to stop it? Have you no spirit—no pride, or was it all expended on histrionics at your grandmother's expense?"

"What did you expect me to do?" she asked, almost curiously. "I could have climbed out of a third story window, I suppose, in the night, or run by day to tramp to Uplands. . . . What a prospect. The B. B. C. and Scotland Yard and all the newspapers full of it. . . . The Mortimers would have been photographed and interviewed, to say nothing of the village. . . . And William? What about him? . . . I'm his grownup sister . . . missing from her home . . . running away from her kind grandmother. . . . Look at your own letters if you can't guess what they would have said to the papers. . . . Drag the rivers quickly . . . she's run away with a man . . . immoral creature. . . . Nice for William, with all the school reading the news and jeering at him! Can't you even think of your son?"

"Shirley! Shirley!"

He tried to take her by the shoulders, but she beat him off, her dark eyes blazing in a white face.

"You've asked for it and now you know. . . . I won't go back there, do you hear? . . . I shall earn my own living. . . . If I had fifty love affairs with Tony Voisin, he was at least a man I know, and that was too frightful for words, wasn't it? . . . But that old woman can marry you, whom she hasn't seen for years and years, and it is perfectly marvelous and jolly . . ."

Andrew clenched his hands against the door, as though otherwise he would have struck her down.

New St. Francis De Paula Gothic Church Dedicated

The new $265,000 Gothic church of St. Francis de Paula, 78th street and Dobson avenue, was dedicated yesterday by Cardinal Mundelein. The dedicatory mass was offered by the Rev. John Francis Quinn, S. J., dean of Detroit university, with the Rev. Samuel Knox Wilson, S. J., president of Loyola university, delivering the dedicatory sermon. The Rev. J. Ambrose Murray, pastor of the church, said the new edifice will seat approximately 1,000 persons and that the church's altars, baptismal font, and many religious ornaments were created in Italy.

Does Your Breath Broadcast—
"I WEAR FALSE TEETH"?

Play Safe—Be Sure—Use Polident

Most people who wear plates or bridges suffer from a special kind of bad breath. Dentists call it—"denture breath."

You won't know if you have it—but it can spoil your happiness. Friends will shudder—people avoid you! And the worst of it is that ordinary brushing cannot prevent it. Neither will mouth washes. For the odor comes from a mucin-scum that collects on plates and bridges. This scum soaks up germs and decay bacteria and causes a vile odor that *you* cannot detect.

One thing can stop "denture breath"—and that's Polident! This new brushless cleaner has won the approval of thousands of dentists. Users say it's a blessing.

Polident not only purifies false teeth—but also removes all stain, tarnish and deposits. Makes breath sweeter—plates look better and feel better. Costs only 30¢ at any drug store and lasts for many weeks. Money back if not delighted.

Cleans, Purifies Like Magic

Put plate or bridge in ½ glass of water. Add a little Polident powder. Leave in 10 to 15 minutes—rinse—and it's sweet and purified—ready to use!

ing June 21 in the Exeter to cruise in the Mediterranean. They will spend some time in the Holy Land, and then will leave the ship at Genoa to travel through Switzerland and the Black forest to Paris and London. They will return to Winnetka Sept. 1.

W. Ogden Coleman III., who transferred from Dartmouth to the University of Chicago, is meeting Kelly Hooker, a son of another board member, Mrs. John Hooker, in Memphis later this month and the two will motor to San Diego, Cal., to continue their training course in the United States navy. Mrs. Coleman's mother, Mrs. Randolph Buck, has taken the Coleman house for the summer.

The Von Ammons are planning to be in Winnetka for the summer. Their son, Carl Von Ammon, who is working in Cleveland, and his fiancée, Miss Mary Ellen Herron of Lansing, Mich., spent the week-end in Winnetka. Philip Von Ammon, who just has been graduated from Northwestern university law school, will spend the summer with his parents.

Parties Galore Formed for Bowl of Rice Dance.

Parties galore are being formed for the Bowl of Rice supper-dance Friday night at the Hotel Sherman, and many of those who are inviting guests or getting up Dutch treat parties are planning Chinese dinners to precede the party, feeling that it is appropriate to make the whole evening an oriental one. The supper-dance is for the benefit of civilian relief in China.

The floor show at the dance is to be Chinese, and Kenneth Foster, who is arranging it, promises that it will be unusual and beautiful, but he is not telling all about it in advance. He does say, however, that a group of pretty Chinese girls will do a sleeve dance; that there will be a fashion show, a pageant, dancers, singers, and perhaps a magician and some jugglers. The supper is to be Chinese, too. In addition to a bowl of rice, there will be chicken chow mein and sam-shu, a rice wine which is served warm in thimble-size cups.

A few of the many who have reserved tables for the party are the Robert S. Piries, the Adlai E. Stevensons—Mrs. Pirie's and Mrs. Stevenson's mother, Mrs. John Alden Carpenter, is general chairman for the benefit—the junior Byron Harveys, the junior Julius Rosenwalds, the Herbert E. Bradleys, the Walter R. Kirks, Dr. and Mrs. Frederic Woodward, Mr. and Mrs. Dexter Cummings, and Mrs. O. H. Robertson, who is Mrs. Carpenter's co-chairman. Among Mrs. Robertson's guests will be Dr. Tzechin Lu, the Chinese consul, and Dr. and Mrs. Harley MacNair. Mrs. Carpenter has left to spend the summer at Beverly, Mass., but she is considering flying west for the party.

Lake Forest Horse Show Occasion for Many Parties.

The Lake Forest horse show, to be held from June 22 through June 25, will be the occasion for many parties. On Wednesday noon, June 22, Mr. and Mrs. William B. McIlvaine Jr., Mrs. Merrill Hubbard, and Mr. and Mrs. Kimball Salisbury will give small luncheons at the Onwentsia club. Thursday John T. Pirie Jr. will entertain at luncheon at the senior Piries' home. Mr. and Mrs. Thomas Connor will give a luncheon at their home on Friday, and in the evening Mr. and Mrs. William H. Mitchell and Mr. and Mrs. S. Prentice Porter will entertain at dinners.

Saturday the William A. P. Pullmans, the Laurance Armours, the John Morses, the Hugh Johnsons, and Mr. and Mrs. A. Watson Armour III. will give luncheons at Onwentsia. Mr. and Mrs. Albert B. Dick Jr. will give a cocktail party in their home before the large ball to be given Saturday night at the club.

Country Day School Alumni Picnic Sunday.

Whatever plans alumni of the North Shore Country Day school may have had for the coming week-end will be changed to include the alumni association's annual spring picnic, which will be held Sunday afternoon. These parties always are such fun that no one wants to miss one. The picnic will be held at 4 o'clock on the school grounds, fair weather or foul.

"Lucy Gorham [Mrs. Willett N. Gorham], vice president in charge of meats and salads, will ply you with food," read the association's invitations; "Jack Leslie, vice president in charge of beer and cups, will operate the kegs. Henri Bouscaren, vice president of balls and bats, will see that you are stiff Monday morning. Joe Miller, vice president in charge of ticket taking, will relieve you of the painless tax."

That tax is to be $1 for the affluent unmarrieds; $1.50 for the indigent marrieds. Husbands and wives of alumni are invited.

Mrs. Fred F. Ferry Has Two New Grandsons.

Mrs. Frank F. Ferry of Winnetka has two new grandsons, Fred Burnett Hill III., born May 29, and David Edward Hill, born June 3. Fred is the second child of the Fred B. Hills and David is the first of the Edward S. Hills. Mrs. Fred Hill was Miss Anne Yarbrough and Mrs. Edward Hill was Miss Janet Healy. The Fred Hills' older child is Deborah Anne, 2 years old.

Word has come from New Haven that John Shedd Reed has been elected chairman of the editorial board of the Yale Scientific magazine for the coming year. Young Mr. Reed, the only son of Mrs. Kersey Coates Reed, is a high ranking scholar and was a member of the freshman forum during his first year at Yale. He prepared at Hotchkiss for Yale, where he is a member of St. Anthony. He already has returned home from New Haven and is with his mother and her mother, Mrs. John G. Shedd, in Lake Forest.

The annual meeting of the Evanston Junior league will be held at 12:30 o'clock today at the Skokie Country club. Mrs. Arthur Rogers, the retiring president, will turn her chair over to Mrs. Robert Stockton, the new president.

Mrs. Alfred W. Mansfield will give a farewell luncheon at the Knollwood Country club today for Mrs. D. F. Kelly and Mrs. James R. Bremner. Mrs. Bremner will leave soon for Santa Ana, Cal., where she and Mr. Bremner have taken a house for the summer, and Mr. and Mrs. Kelly will sail from New York on June 29 for a summer abroad. They are going over with Dr. Dudley Crafts Watson and a party to tour Ireland, Scotland, Norway, Sweden, Finland, Denmark, and England, returning on Sept. 1. Mrs. George J. Jaeger and Mrs. Pauline Palmer will be among other Chicagoans in the party of thirty.

The annual meeting of the Lake Forest League of Women Voters will be held today at the home of Mrs. Waldo Allen.

Mrs. Dwight C. Orcutt will entertain the members of her Ravinia festival committee at 4 o'clock this afternoon in her home in Glencoe. Mrs. Louis Eckstein will be the especial guest. Mrs. Orcutt's daughter, Miss Frances Orcutt, and some of her friends will serve.

The Bohemians Have Annual Dinner Tonight.

This evening at 7 o'clock the Bohemians of Chicago will meet at the Cliff Dwellers for their annual dinner and election of officers. During the evening announcement will be made of plans for a public event to be given in the fall by the organization of musicians. After the business is disposed of Amy Neill, wife of Avern B. Scolnik, president, will play a group of violin solos and the Sowerby violin and piano sonata, with the composer, Leo Sowerby, a member of the group, at the piano. Miss Neill is appearing just as a guest artist, for no ladies are invited to the affair and only male guests are permitted.

The balloting to pick the winners in the art exhibit just closed at the Lake Shore Athletic club demonstrated that abstract paintings were not liked by those who visited the show nearly as well as realistic and representatives canvases. Nicola Ziroli's brilliant "Self-Portrait" won first award; Joseph Vavak's "Still Life," a stylized and brilliantly colored group with an oddly contradictory background, was second; "Interior," by Gertrude Abercrombie, was third, and Julio De Diego's "Still Life" was voted fourth best.

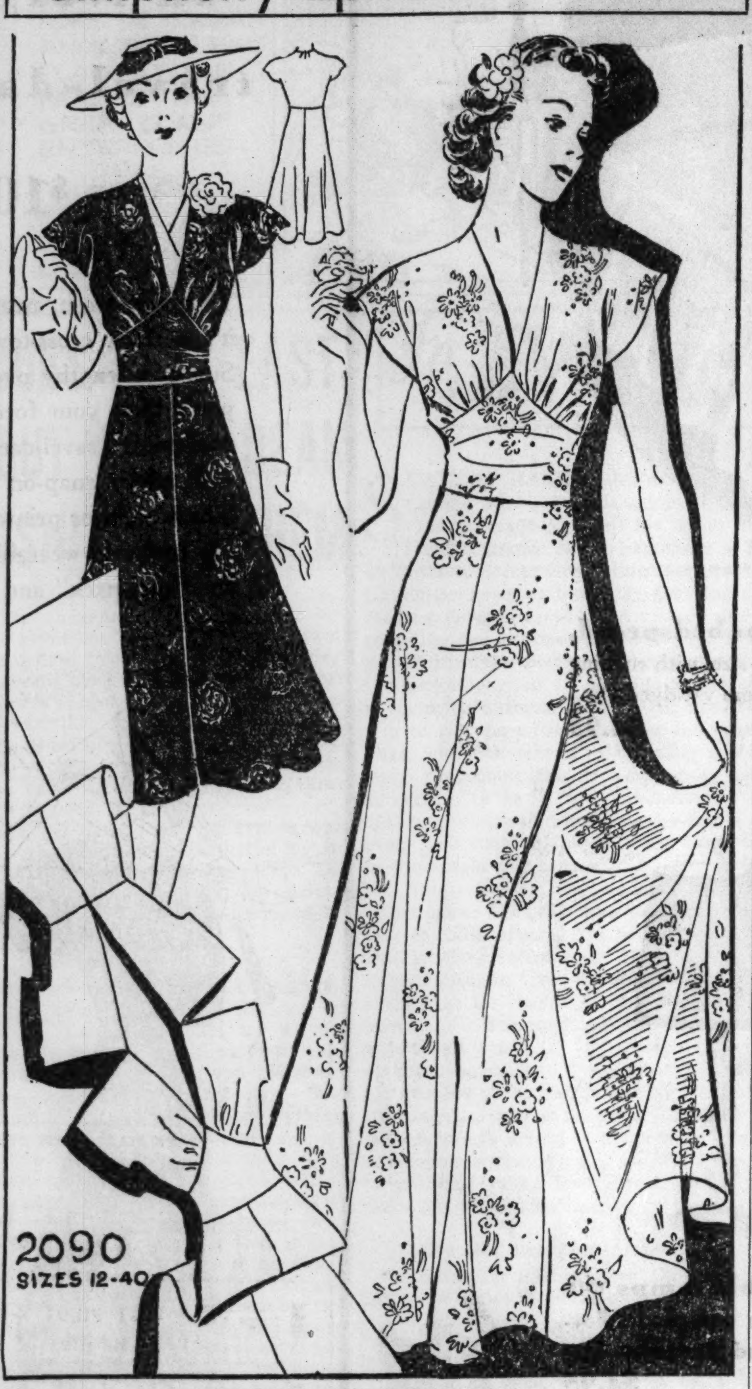
Simplicity Epitome of Chic



WOMAN'S AND MISS' DRESS.

Simplicity always has been, and always will be, the epitome of charm and chic, no matter how many fanciful modes come and go. The dress illustrated today is one that has this supreme smartness. It may be made for street and informal daytime wear or it may be a party and dance frock.

The daytime version is styled with a V neckline which possesses contrasting vestee. The short cap sleeves are cut in one with the shoulder line. The smooth, superbly fitted waist points up into the bodice, and the paneled skirt has definite flare. Dark and light figured wash silks and cottons are perfect mediums. Both "opaque" and sheer fabrics are suitable.

The dress for party occasions is similar, except that it is floor length. Its low V neckline is left unadorned. The beauty of this frock is inherent in the lines and the daintiness of the fabric chosen. The new silk organdies and the chiffons, as well as delicate voile confections, are perfect mediums for this dress.

Style No. 2090 is designed for sizes 12, 14, 16, 18 and 20 years, and 30, 32, 34, 36, 38, and 40 inches bust measurement. Size 16 requires 4¼ yards of 39 inch material.

DRESS STYLES for hard-to-fits, sports wear, hints about accessories, 'teen age clothes, evening formals, budget dresses, clothes for children—these are included in the 111 patterns in the Tribune's new Book of Clotilde Fashions for summer, 1938. Price, 15 cents, or 10 cents when ordered with a pattern. On sale at Tribune Public Service offices, 1 South Dearborn street and Tribune Tower.

Mothers, Too, Have 'No' Habit Says the Baby

BY GLADYS HUNTINGTON BEVANS.

[Copyright: 1938: By The Chicago Tribune-N. Y. News Syndicate, Inc.]

"My baby says 'No' to almost everything."

"My little girl has the most annoying habit of saying 'No' when I tell her to do the most ordinary things."

These, as you can guess, are parts of letters and also complaints I hear at first hand. Some are just mild complaints; others rather frantic or even resentful.

I don't believe any of these mothers ever stops, looks at her small child, and wonders, "What is he thinking about? How does what we grown-ups do appear to him?"

I have a notion that, if the small runabout could express his conscious and subconscious feelings, he'd complain in a way not unlike his mother's:

"My mother has certainly got the 'No' habit. Every time I want to do the most reasonable thing she says 'No.' I get pretty tired of it.

"Of course, she's bigger than I am, so what can I do? Once in a while I try to hold out, and then my mother calls me stubborn. Or else I just go ahead and do it. Goodness! If I stopped every time some grown-up said 'No' I'd do hardly anything—and I'd be terribly dumb.

"Think of all the things there are to find out about and all the interesting things there are to do, and all I hear is 'No.'

"And they're such reasonable things, like helping mommie wash in the big suds, or seeing what's in the box the grocery man brought, or cutting with the scissors, or turning the little knobs like daddy does and hearing funny noises and nice sounds come out, or—well, just finding out about everything I see. Sometimes I get stopped so much I sort of explode or burst into tears.

"My mommie's got the 'No' habit pretty bad," says the baby-child. "Mrs. Bevans, what can I do? I'm just about *desperate!*"

And I answer him: "I'll tell you what—I'll take mother aside and have a little talk with her tomorrow."

Chicago Woman Wins Honorable Mention for Advertising Award

Miss Marye Dahnke of Chicago, home economist, recently won honorable mention in a nationwide contest for the annual Josephine Snapp award for outstanding achievement of women in the advertising field. She is to be among the honored guests at a reception the Women's Advertising Club of Chicago will give at the Hotel Statler in Detroit today. Miss Consuela Miller, newly elected president of the club, will head a large delegation from Chicago at the Detroit convention.

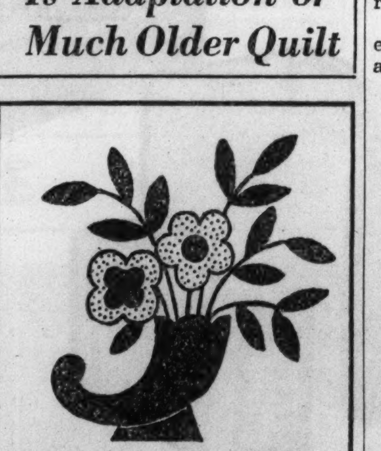
'Horn of Plenty' Is Adaptation of Much Older Quilt



Horn of Plenty.

Patterns of this design are 5 cents, stamps or coin. Address Nancy Cabot, Chicago Tribune, or call at one of the Tribune Public Service offices, 1 South Dearborn street and Tribune Tower.

BY NANCY CABOT.

"Horn of Plenty" is an adaptation of an old applique quilt in an all-over design. The original coverlet contained an enormous cornucopia scattering fruit and flowers in profusion over the entire quilt. Reduced to the size of an 11½ inch square, "Horn of Plenty" has much of the same charm and beauty on a smaller scale. The entire quilt is composed of applique blocks set together with three inch bands of material between blocks and surrounded by a three inch border and a one-half inch bias binding. The overall dimensions are 90 by 104 inches.

According to CULBERTSON

[Copyright: 1938: By Ely Culbertson.]

"Dear Mr. Culbertson: I am sending you a hand that illustrates what a man [meaning me] will do when playing against his wife. It also illustrates that providence takes care of fools and drunkards, and being partly both, I proceeded to give my exhibition as the South player.

The bidding:

South	West	North	East
1 heart	2 spades	3 hearts	4 clubs
Double	4 spades	Pass	Pass
5 hearts	Pass	Pass	5 spades
6 hearts	Pass	Pass	Double
Pass	Pass	Pass	

"The opening lead was the spade ace, which probably was wrong. I trumped and led a heart to the ace, felling the king and queen. I took home the good spade, discarding a club from my hand, and then led a club from dummy. At this juncture my poor lady, probably in a panic, jumped up with the club ace!

"There were plenty of recriminations and North, who plays the game only about twice in a year, was the only one who could be said to have acted normally. Sincerely yours,

"R. T. P., Chicago."

Before I get around to the play I had better say a word or two about the bidding. It is very obvious that South, my correspondent, is not a timid bidder. His opening heart bid was shaded about a trick and a half but, nothing daunted, he proceeded to rebid every time it was his turn. Perhaps he knew in some occult fashion that North was underbidding commensurately. North, having given one heart raise over the two spades, seems to have been stricken dumb thereafter by his own boldness. With a far better hand than South's in respect to honor tricks, he kept on passing as though he had a near bust.

Now for the play. I agree that West's opening lead was pretty bad. His partner having bid clubs at the four level, the club king certainly could be considered a safe lead. After the spade ace opening the six heart contract was as cold as ice, this despite the fact that my correspondent evidently felt that his wife [East] made a fatal play in rushing up with the club ace and dropping the blank king.

My innate chivalry always lead me to protect the ladies, when possible, and it is a pleasure to point out that South could have played in such a fashion as to make his wife's play unimportant. Ruffing the opening lead, South should lead a high heart to the ace, cash the spade king, and then play three rounds of diamonds, ruffing the third round. He should return to dummy with a trump and ruff the last diamond. With spades and diamonds stripped, he should lead a heart back to dummy and then play a club. Now, whatever East did, the contract would be ironclad. The ace play would drop West's blank king, whereas a duck would throw West on lead with the king and force a spade return. On this dummy could discard its last club while declarer ruffed.

I wonder whether my correspondent's "poor lady" will see this article?

Mr. Culbertson will discuss this hand in tomorrow's column.

The Housewife

If more housewives would get the waxing habit they'd save themselves a lot of time and hard work. For it's really not necessary to scrub your kitchen linoleum floor every week. Try applying a liquid wax after the floor has dried after the scrubbing. You'll find the glossy, protective covering it gives will last a long time and that sweeping can substitute for soap and water.

You can get a wax that gives a splendid finish and yet requires no polishing or rubbing. You simply let it flow on. And it dries to a shine that brings out the beauty of the floor.

The hard meringue, as I mentioned in this column last week, is something very different from the soft meringue which is used for pie topping. A hard meringue has a higher proportion of sugar, four tablespoons for each egg white, in comparison with two tablespoons per egg white for the soft meringue. And it is baked in a slow rather than moderate oven, since it must be dried out for proper texture and consistency.

Hard meringues often are used as foundations for desserts. Many bakeshops display meringue shells along with pastry shells, and they easily are made at home, too. The dainty confectionlike cookies called "kisses" are nothing but very sweet hard meringues, more or less disguised by nuts, coconut, chocolate, dates, or raisins.

Kisses and other cookies made with a basis of hard meringue may be baked in an oven at 300 to 350 degrees, but the true hard meringue takes a fruit cake oven—250 to 275 degrees. The meringue mixture is dropped on ungreased paper which is placed on a baking sheet. Several sheets of paper should be used unless it is heavy enough to provide good insulation in one thickness.

The length of the baking period depends upon the size of the meringue. If the sweets are to be baked the day before they are used, they should be left in the oven with the heat turned off at the end of the baking period, so that they may completely dry out. Otherwise that interior moistness which is likable in a fresh meringue will become an undesirable, tough gumminess.

Hard Meringues.

[Makes Four.]

1 egg white
⅛ teaspoon salt
¼ teaspoon cream of tartar
4 tablespoons sugar

Add salt and cream of tartar to the egg white. Beat to a stiff foam. Add sugar one tablespoon at a time and beat until the mixture forms peaks. Shape with a spoon or pastry bag into mounds on heavy, ungreased paper placed on a baking sheet. Bake at 275 degrees until dry and barely browned, 40 to 50 minutes. Allow to cool slightly before removing meringues from the paper.

Chocolate meringues may be made from the same recipe by adding one tablespoon of cocoa to two tablespoons of the sugar and adding the mixture last.

Plain Kisses.

[Two Dozen Two Inches Wide.]

2 egg whites
¼ teaspoon salt
½ teaspoon vanilla
⅔ cup sugar

Add salt and vanilla to the egg whites and beat to a stiff foam. Add sugar gradually in one tablespoon portions, beating thoroughly after each. Beat the mixture until it peaks. Drop on heavy, ungreased paper and bake in a 350 degree oven until very lightly browned.

VARIATIONS OF PLAIN KISSES.

1. Add one cup cornflakes just before dropping the kisses.
2. Add one cup chopped nuts or raisins.
3. Add one cup coconut.
4. Add a mixture of nuts, cornflakes, coconut, and raisins.

The amount of any of these added materials may be varied from two-thirds cup to two cups. With two-thirds cup the cookie is a dry, fluffy, and porous confection. With two cups it is a chewy sweet.

Forsake Porch for Beach, You Loving Mothers

BY ANTOINETTE DONNELLY.

[Copyright: 1938: By The Chicago Tribune-N. Y. News Syndicate, Inc.]

You are getting closer and closer to that big moment in your life when you will decide whether it's to be a bathing suit year for you or the summer porch again. But why leave it to the youngsters to do all the beach health and energy earning tricks? You are the one who needs the outdoor life, you mothers of growing girls.

We would strongly urge older women this year to try the experiment of reducing their line etching concerns about the home upkeep and the college careers. Forget it all for one or two days a week, at least, by simply going on strike and setting out for the outdoors. Get some of that tan on your skin that, in itself, makes a person feel more buoyant.

There is no reason on earth why the men folk of the household and the growing or grownup daughters should have all the fun. Why should you keep on wearing that "house baby" paleness? It isn't right and you are not treated any better for your sacrifice.

You give the family, whom you make selfish, the surprise of a lifetime if you suggest a different program. Give them the shock. Those young people don't need all that they are pestering you for. They will get along, and be better for having to consider you for once. We are urging this in order that you'll contribute your bit toward making less selfish citizens of those around you, wives and mothers, and more so that you prolong those years of yours with the vim, energy, and good natured disposition that mean more to your own and your family's happiness than all the sacrifice you make.

THROUGH THE LOOKING GLASS

Father's day is coming up. If you've shopping to do you'd better hop to it.

First, there is the lether covered flask of eau de cologne. Men are mad about it. They like the cologne because it's clean and tangy, not stamped with the obvious perfume note which always scares them half to death. The cologne is a fine one, cooling and refreshing.

The toilet goods counters are good shopping centers for masculine gifts. There you'll find things that show imagination. You can get away from the ordinary offerings. Gifts of after-shaving lotion or of cologne are as flattering to a man as fine perfumes and cosmetics are to a woman. They imply that he's a fastidious creature.

Men who play golf, motor or travel a good deal are especially receptive, we've found, to colognes. They will discover, if they own one of the masculine kind, that it can be used to dissipate the muggy, dusty feeling. Men, like women, now use cologne as a rub down lotion and also to scent their handkerchiefs.

CUBS WIN, 9-3; LOSE, 6-0; SOX BREAK EVEN

SCORE 9 RUNS IN EIGHTH TO BEAT DODGERS

Get Only Four Hits in Second Game.

BY IRVING VAUGHAN.

The second place Cubs exhausted themselves by putting together one big inning yesterday before 27,428 admirers. That big inning—the eighth, in which nine runs scored—was more than sufficient to defeat Brooklyn's Dodgers, 9 to 3, in the first game of a double-header. But later on in the afternoon a 36 year old fellow named Freddy Fitzsimmons took charge and subjected the Cubs to their second shutout of the season, 6 to 0.

The Cubs won the first game only after Van Lingle Mungo, who blanked them on his last visit here, seemed determined to repeat and Bill Lee's winning streak of six apparently was shattered. Through seven innings Mungo dazzled his foes with a four hit exhibition and Lee went out of action with two runs against him. The two runs, however, were traceable directly to errors.

Mungo Gets "Help."

Topping the athletes who had a hand in the nine run disturbance was Jim Asbell. Called on to pinch hit with the bases filled, two out and the Cubs one run behind, Asbell doubled off Vito [Lefty] Tamulis, who had just relieved Mungo. The smack started things rolling in a big way. Tamulis quit in a hurry. Luke Hamlin's appearance was equally brief. Finally Max Butcher caught up with the third out, but not until two more hits had rounded out the total of eight. Four of these eight were produced by Stan Hack and Carl Reynolds. One was by Clay Bryant, who got the decision Lee missed.

The second game also developed a big inning, different only from the other in that the run total was five and that the Dodgers did the scoring. It happened in the third when Larry French was suddenly confronted by a full house and one run already in. The full house was cleaned up in a hurry by Dolph Camilli, Cub alumnus, who hit a home run over the right field barrier. That was more than was needed by the aged, fidgety Fitzsimmons, who was charitable enough to yield four hits.

FIRST GAME

After being stopped by Lee on three hits in the first four innnigs of the first game, the Dodgers got a break on Demaree's error in the fifth and a run resulted. Camilli opened with a single to center. Koy struck out, then Durocher singled to right. Camilli intended to stop at second, but went on to third when Demaree fumbled the ball. The error permitted Camilli to score a moment later on Mungo's fly which Marty chased almost to the center field wall.

The sixth in which the Dodgers made it 2 to 0 opened with Hack booting Coscarart's slow bounder. The usual sacrifice was supplied by Hassett. Phelps drew a pass. Just as Lee was about to start pitching to Lavagetto, the ball dropped from his hands, advancing both runners on a balk. Lavagetto then grounded to Jurges and the latter threw to the plate, but the toss was a bit wide and Coscarart slid in safely.

That Hectic Eighth.

Hack precipitated the wild eighth by singling to center. Herman lost a chance to get in on the fun by rounding to Coscarart. Reynolds then singled over short to score Hack with the first Cub run. Three strikes dispatched Demaree. O'Dea caromed a single off Mungo's glove and when Marty walked, Mungo was withdrawn. Tamulis replaced him and by

CUBS HEAD EAST, BUT DIZZY DEAN ISN'T WITH THEM

The Cubs went east last night but the great Diz Dean wasn't with them. On orders from Owner P. K. Wrigley, the one time marvel remained here for the purpose of undergoing a series of examinations aimed to determine why the Cubs can't get any pitching out of the arm which two months ago cost $185,000 in cash and three ball players.

On the theory that his arm is well enough but is being bothered by infection from an unknown source, Diz will be given the works by various specialists who will be summoned by Owner Wrigley.

Sees Solution to Mystery.

Owner Wrigley, instead of being concerned over the fortune he gave to the St. Louis Cardinals for an apparently lame duck, is confident that the medical men, if given sufficient time, will solve the mystery. The examinations will include everything from corns to dandruff.

Diz's trouble was originally diagnosed as a tear in the right deltoid [shoulder] muscle and practical baseball men who have watched him throw are of the opinion that it is a permanent injury and that he never will pitch in his old style. Doctors worked for almost two years on the arm of Schoolboy Rowe of the Tigers without results and he recently was farmed out to Beaumont in hopes that he might be able to work the arm back into condition.

Started in Four Games.

Since joining the Cubs the day before the season opened Dean has started four times. He pitched one complete game, blanking his former mates, the Cardinals.

In the other three he was withdrawn because of his arm. On May 4, after an examination by Dr. John F. Davis, the club physician, he was ordered to go on a month's vacation. When this expired he was given an extra week. He then warmed up to be ready for a rescue job during the Giant series and this extra effort brought a return of the ailment.

◆

The Cubs departed over the Michigan Central last night at 11 o'clock. They will arrive in Boston tonight preparatory to a three game series with the Bees.

◆

Frank Demaree did a rough and tumble slide into second base trying to break up a double play in the opening inning of the second game against the Dodgers yesterday, injuring his leg. Two innings later he was forced to retire.

We rode past Barney Ross' Chicago home the other evening and my girl friend remarked, "Barney must be home. I saw a car with a New York license in front of his home."

"Was it a nice looking car?" I inquired.

"Yes," she replied, "you don't think the car was in the same ring with Armstrong, do you?"

SNYDER TAKES 25 MILE RACE; SETS TRACK MARK

Jimmy Snyder, Chicago race car driver, who in 1937 set the qualifying trial record for the Indianapolis 500 mile race, yesterday turned in another brilliant performance by winning the fifty lap feature of the inaugural program in the Fair Grounds, North avenue and River road, in record time. A crowd of 8,000 saw the six event program on the half mile oval.

Snyder's time of 23:07.15 broke the track record for 25 miles of 24:00.9 made by Frank Wearne of Pasadena, Cal., in 1937.

Sets 15 Lap Record.

Snyder took the lead in the feature race on the 11th lap passing Duke Nalon, also of Chicago, who encountered motor trouble. Snyder was forced to gun his motor throughout the remainder of the race to win over Ted Horn of Los Angeles by 50 yards. Wearne was third.

Another track record was established when Nalon won the first preliminary of 15 laps in 6:48.20.

Gardner Forced Out.

Rex Mays, Glendale, Cal., star, was unable to compete due to motor trouble which developed during his time trial. The crowd, however, saw Floyd Roberts, winner of this year's Indianapolis grind drive a ten lap exhibition in the car which carried him to victory.

Chet Gardner, who replaced Ronny Householder in a scheduled match race with Snyder, was forced out on the sixth lap after leading for two laps. Summaries:

FIRST RACE [Fifteen laps]—Won by Duke Nalon, Chicago; Tony Willman, Milwaukee, second; Ted Horn, Los Angeles, third; Frank Wearne, Pasadena, Cal., fourth. Time—6:48.20 [New track record for fifteen laps].

SECOND RACE [Fifteen laps]—Won by Jimmy Snyder, Chicago; Chet Gardner, Long Beach, Cal., second; Roy Lane, Burbank, Cal., third; Frank Beeder, St. Louis, fourth. Time—7:08.28.

THIRD RACE [Fifteen laps]—Won by Ronny Householder, Los Angeles; George Connor, Los Angeles second; Bud Hardy, Chicago, third; Jimmy Sheridan, Chicago, fourth. Time—7:22.35.

SPECIAL MATCH RACE [Seven laps]—Won by Jimmy Snyder, Chicago; Chet Gardner, Long Beach, Cal. [car broke drive shaft in sixth lap].

FIFTH RACE—[Twelve laps]—Consolation Won by Lou Webb, Beverly Hills, Cal.; John Gruber, Melrose Park, second.

FIFTY LAP FINAL—Won by Jimmy Snyder, Chicago; Ted Horn, Los Angeles, second; Frank Wearne, Pasadena, third; Tony Willman, Milwaukee, fourth; Ray Lane, Burbank, Cal., fifth. Time—:23.07½ [new track record for 25 miles].

FRENCH DOUBLES TEAM DEFEATS BUDGE AND MAKO

AUTEUIL, France, June 12.—(AP)—Bernard Destremeau and Yvon Petra of France scored a stunning upset today by defeating Don Budge and Gene Mako for the French hard court doubles championship, 3-6, 6-3, 9-7, 6-1.

The women's doubles title was won by Simone Mathieu of France and Billy Yorke of Great Britain over Mme. A. Halef of France and Nelly Adamson of Belgium, 6-3, 6-3.

3,794 Pay $1 Each for Right to Cheer, Boo Louis in Drill

BY WILFRID SMITH.

[Chicago Tribune Press Service.]

Pompton Lakes, N. J., June 12.—Three thousand seven hundred and ninety-four paid to watch Joe Louis work six rounds this afternoon at Doc Joe Biers' camp for his title bout with Max Schmeling in Yankee stadium June 22. At a dollar and a dime each, the gross receipts were $4,173.40.

If this record attendance for any Louis workout isn't sufficiently impressive, it may be added that at least 1,500 were turned away. There just wasn't any more room and when the ticket sellers at a fight camp hang up the sold out sign, it means that not another can be jammed in.

The boys from Harlem today were paying admission with the old-fashioned envelope size paper dollars, the kind that they stowed away long ago for just some such occasion. They put money into circulation today that had been retired before the Roosevelt era.

They Refuse to Leave.

The folk who weren't permitted to climb the trees or sit on the rooftop of Joe's training quarters inside the dilapidated board fence wouldn't go home until they had a chance to see the champion.

The mass of humanity jammed around the ring blocked off all vagrant breezes which might have alleviated the blazing Jersey sun. In the ring, center of wildest attention, Louis boxed six rounds, two each with Basher Dean, Leonard Dixon, and Murray Kanner.

Even before Louis started his abbreviated workout—he had been boxing eight rounds—perspiration was pouring down his greased face. This may have been excuse for his lackadaisical drills against Dixon and Kanner. Against Dean, first opponent, Louis opened up with a two-fisted attack that pleased the crowd.

It was well that Louis popped Dean with both fists in the second round, for in the first three minute drill the Basher certainly showed no respect for his majesty. The members of Joe's race were extremely critical of his defense against the Basher.

Dean Harries Champion.

"Ah'd do as good as that; jes' gimme a drink first," one fellow shouted derisively from the ringside.

Dean crossed his right, the same punch which dropped Louis in the fourth round of the fight with Schmeling two years ago, and Joe's head snapped back. Again Dean shot home the same punch.

"Jes' think of Schmelin', Joe," another spectator shouted as Louis caught a third right hand smash on his protective head covering.

Joe may have though of 'Schmelin'.' Anyway, he unloosed a barrage of punches. And these blows, although his hands were encased in sixteen ounce gloves sodden with perspiration and water, checked the Basher. Dean slowed up as suddenly as if he had run into a wall. As Joe hammered home punch after punch the crowd went wild with joy.

"Knock him over here, Joe," one demanded.

"Naw, Ah chose him," shouted another.

The Basher Is Sorry.

Came the end of the round with Dean bleeding from the mouth and obviously pleased to escape from Louis' vicious punishment.

"There will be no more remarks passed by the customers while they is boxing today," Mushky Jackson, the camp's first assistant publicist to Jersey Jones, announced. Perhaps Mushky's ukase quelled the multitude. More likely, the crowd found little to enthuse over in the remaining four rounds.

The tempo of the workout fell away and Louis pranced cautiously around Dixon and Kanner, neither of whom could hurt him if he stood with jaw uncovered.

Even so, Dixon was weakened from a succession of left hooks and Kanner, an inept youngster from Washington, D. C., boxing in front of the largest crowd he'd ever seen, was punched at Joe's whim.

Louis today looked no different than when he practiced for Jim Braddock last June in Kenosha. Nor was he noticeably different than when he was in Lakewood, N. J., and could boast no man had ever knocked him off his feet.

Joe Never Changes.

It's the same Louis. He carried his left hand low on defense. He can be hit with a right, but he still has the weapons to knock over Schmeling if he's given the chance and, with a big if, he doesn't get hit first.

Louis isn't worried. That was his own statement after today's workout.

Joe weighed 202½ pounds today.

"Louis will weigh 199 pounds for Schmeling," Manager Julian Black said. "He'll box four more days, finishing his drills next Sunday."

BY EDWARD BURNS.

[Chicago Tribune Press Service.]

Boston, Mass., June 12.—Johnny Rigney and Gerald Walker, whose pitching and homer act distinguished the White Sox's 11 to 0 victory in New York Wednesday, repeated against the Red Sox for a 4 to 3 Chicago victory over the Bostons in the second game of a double-header today before 34,500.

The Sox had a tough luck 3 to 2 decision snatched from Ted Lyons when the Red Sox made two undeserved runs in the first game. Walker scored both of the Sox runs in that game with his seventh home run and put the Chicagoans ahead in the seventh on a walk and some rapid base running to score without a hit. He was shorn of victory laurels, through Chicago misadventures in the Red Sox's final inning. Gee was not to be denied in the second game, however. His eighth homer, like No. 7, a plus 400 footer, broke up a 3 all tie and clinched victory.

Rigney replaced Bill Dietrich at the start of the fourth and did not allow a man to get on base in five innings, except for Roger Cramer, who led off the fifth with a Texas league single.

Ted Has Tough Luck.

While the White Sox offensive, aside from Walker, was negligible in the first game, Lyons should have won on his and Gee's efforts alone. Walker's home run in the second inning was matched by a Boston run in the second. The tie prevailed on almost perfect pitching by Lyons and Jack Wilson until the seventh, when Walker again scored, this time on a walk, a steal, and two flies.

The 2 to 1 Chicago lead held through the home seventh in which the boys went out in order. The White Sox dropped in order in the eighth, and then came misfortune. Nonnenkamp batted for Wilson and singled to right for the sixth Boston hit. Sewell apparently trapped Nonnenkamp fifteen feet off first, but Radcliff, thinking Nonnenkamp would try to return to first, turned his back on second, then stumbled and fell, whereupon Nonnenkamp ran to second. The Sox obviously were up in the air as a result of Rip's clumsiness. Nonnenkamp went to third on a sacrifice and scored the tying run on a single by Vosmik. A double by Chapman sent home Vosmik with the winning run.

A Reversal of Form.

Thus did the Sox end their second eastern trip by winning five of their last seven games against New York and Boston. They ran a losing streak to ten by losing two in Cleveland, three in Washington, and their first in Philadelphia. They won the first and lost the second in Philadelphia a week ago today, then started going places. What had started as the worst eastern trip in history ended with six victories and nine defeats,

FIRST GAME

The first game became interesting to the capacity crowd in the first Boston inning. With two out Chapman doubled to center, whereupon Foxx was given an intentional pass. Higgins walked after a three and two count, loading the bases. Then McNair flied to Kreevich.

After Radcliff had flied out in the second inning, Walker knocked his seventh homer, a 410 foot drive, into the center field bleachers.

The Red Sox tied the score in the second. Doerr opened with a single to left and went to third on Desau-

ARLINGTON'S NEW CUP RACE MAY BE YEAR'S BEST

Seabiscuit, Other Stars Are Eligible.

BY FRENCH LANE.

There is scant possibility that the Arlington Park Jocky club will find it necessary to call off its $25,000 Arlington cup race next month.

At the time this new race was proposed by the Arlington officials, the committee reserved the right to cancel the race ten days in advance of its scheduled running, if it found that the rich stake was not attracting a sufficient number of the topnotch handicap turf performers.

It now seems that it might turn out to be the race of the year and provide that long awaited meeting between Seabiscuit and War Admiral. Both horses have been made eligible for the race.

Other Horses Develop.

Even if one or both of these stalwarts should dodge it, the Arlington cup still can develop into a battle that will have all the race fans in the country awaiting its outcome. By the time the race comes along there will be at least seven horses from Chicago and other parts of the central states capable of giving any rival a battle.

These will be, according to their latest racing performances and training trials, Warren Wright's Count Morse and Cross Bow II., Jerome Despass' Main Man, Mrs. John Hertz's Count Arthur, Thomas D. Taggart's Arica, Fred A. Burton's Deliberator, and Mrs. Emil Denemark's Finance.

Howard Promises Seabiscuit.

While passing through Chicago yesterday, Charles S. Howard of San Francisco said he had every intention of starting Seabiscuit at least once in Arlington Park this year.

The cup race also could bring the second meeting between Stagehand and Seabiscuit. In their first encounter Stagehand trimmed Seabiscuit by the length of his nose in the $100,000 Santa Anita handicap.

It can bring the first meeting between Lawrin, the Kentucky Derby winner, and Stagehand. Both the 3 year olds are eligible for the race.

In can bring about the first meeting betwen Deliberator and War Admiral, both noted for great speed, and it can give Count Morse, the best of all the sons of Chicago's champion, Reigh Count, his first opportunity to match his speed and stamina with all these leaders.

It can bring a meeting of last year's Kentucky Derby winner, War Admiral, and Lawrin. There hasn't been a race run in America in years with as many possibilities.

First Big Race Saturday.

Chicago fans will get a very definite idea of what this race may be within the next few weeks. The first stake race over a distance to be run in Chicago this year will be the Lincoln handicap at Lincoln Fields on Saturday. The Peabody Memorial handicap is scheduled a week later on the closing day of the meeting. Next on the list is the fashionable Stars and Stripes at Arlington Park on July 4. Later on there will be the Arlington handicap, the Classic stakes, in which the cup eligibles will start, and finally the Arlington Cup on the last day of Arlington's meeting.

Car Skids in Brazil Race; Fifteen Spectators Hurt

[Copyright: 1938: By the New York Times.]

RIO DE JANEIRO, June 12.—Fifteen persons were hurt, one seriously, today in the Brazil international auto race when a car skidded over the wet track into the crowd. Pintacuda, an Italian, won the race. Arzani, an Argentinian, was second, and Oliveira, Portuguese, was third. Nascimento, a Brazilian, was fourth. The winner's purse was $16,000.

Mr. Fisherman! Go North if You Seek Lake Trout

BY BOB BECKER.

Although our lake trout fishing expedition on Lake Michigan last week proved that these elusive fish, when close to the surface, can be caught on spoon lures at this season of the year, the lakers off the Chicagoland shore line aren't nearly as obliging in their habits as those which live in northern lakes.

Up north, in inland lakes not as deep as Lake Michigan, fishermen can put down a spoon lure and usually catch lakers all summer. In the Quetico and the Superior-National forest, where hundreds of the lakes are stocked with lake trout, fishermen catch them right through the summer. You have to use a lot of lead to get a spoon lure down to them, but they can be found and hooked.

According to commercial fishermen around Chicago, the trout in Lake Michigan aren't nearly so accommodating. They disappear when hot weather comes, possibly due to the fact that the water in the south end of Lake Michigan gets too warm.

The fact that lake trout are abundant in many northern lakes, and much easier to catch—even in Lake Superior—than they are down here has made lake trout fishing very popular in the north in recent years. More fishermen are going to the Apostle Islands in Lake Superior [via Ashland and Bayfield] to catch lakers than ever before.

When we fished along the north shore of Lake Superior, not far from St. Ignace island, for those big "coaster" brook trout, we found lake trout abundant around the small rocky islands and reefs.

In the spring and fall the lakers in hundreds of inland lakes in the north country are in shallow water, so they may be caught on bait casting tackle and even with flies. This migration to shallow water after the ice goes out takes hundreds of anglers north every season to catch these fish.

BUNNY, WHAT'S WRONG--YOU'VE BEEN ACTING LIKE A SICK KITTEN EVER SINCE JACK CAME HERE--SAY, HAVE YOU FALLEN FOR THAT GUY?
--ER--GUESS I MIGHT AS WELL ADMIT IT-- I HAVE-- BUT I DON'T EXIST AS FAR AS HE'S CONCERNED!
WHAT CHANCE HAS A POOR GIRL LIKE ME WITH A WEALTHY BEAUTY LIKE GALE FOR A RIVAL? SHE'S IN LOVE WITH JACK, TOO--
AW, DON'T WORRY ABOUT HER, BUNNY-- GALE DOESN'T RATE WITH HIM, EITHER--JACK'S A WOMAN HATER!
MAYBE SO--BUT I'LL BET I'D STAND A LOT BETTER CHANCE IF I HAD PRETTY CLOTHES LIKE HER!

Zale and Clark Meet in Eight Round Battle

Tony Zale and Jimmy Clark will meet in a return bout of eight rounds in Marigold Gardens, Broadway and Grace street, tonight. In their previous meeting Feb. 21, Zale was knocked out in one round when he underrated his colored welterweight foe from Jamestown, N. Y.

Since this meeting Clark has scored knockouts over Ernie Horn, March 4, and Paulie Mahoney, April 11, and whipped Charley Eagle, March 21. During the same span Zale defeated King Wyatt, March 28, and stopped Bob La Monte, May 16.

Pallatin Meets Howell.

Tommy Pallatin, who won the National A. A. U. lightweight title two years ago and was a member of the 1937 International Golden Gloves team, meets Tommy Howell of Danville, Ill., in the eight round semifinal.

Lou Laurie, also a Golden Gloves product, will be in quest of his ninth victory in ten starts in a four round preliminary match with Sammy Sferas. Sferas is making his professional debut.

Lander vs. Batson.

In other matches of four sessions Eddie Lander faces Sonny Batson, and Norman Roth opposes Martin O'Gradney.

An amateur boxing and wrestling show, scheduled in the Jackson park bathing pavilion, 63d street at the lake, last Friday night and postponed because of rain, will be held at 8 o'clock tonight. Tickets purchased for the scheduled date will be honored. The card consists of eight boxing and one wrestling match.

Bruno Black, southern heavyweight wrestler, clashes with Ruffy Silverstein in the windup bout of the mat show this evening in White City, 63d street and South Park avenue. In the secondary feature Joe Corbett meets Jack Conley. Other encounters match Hugo Schnable with Bull Curley, Phil Malloy with Jack Zeravitch, and Kid Chapman with Jim Landes.

ST. JOHN GIVES ST. ADRIAN 1ST DEFEAT, 10 TO 6

St. John Baptist of Harvey scored a major upset in the Catholic Youth Organization Baseball league yesterday, beating undefeated St. Adrian, last year's champions, 10 to 6.

In the far north section, St. Stanislaus scored its fifth consecutive victory, trouncing St. Andrew's, 20 to 5.

Sacred Heart [46] beat St. Martin, 4 to 3, in a game which went eleven innings. Scores:

Sacred Heart, 4; St. Martin, 3 [11 innings].

SPARTAS DEFEAT MACCABEES, 6-1, IN SOCCER FINAL

The Sparta soccer team yesterday won the Chicago league invitation seven-a-side soccer tournament, beating the Maccabees, 6 to 1, in the finals to add the Kessler Memorial trophy to its National and Professional league cups.

The German Americans held the Olympias to a 2 to 2 tie in the International league's major division. The two teams finished in a tie for first place. Other scores:

INTERNATIONAL LEAGUE.
Schwabens, 5; Norwegian Americans, 2.
Fichte, 2; Kickers, 2.
Vikings 3; Linneas, 1.

Postpone Midget Races Because of Wet Grounds

Because of the soft condition of the track, midget races at the Riverview speedway last night were postponed until next Sunday.

Nye Triumphs in Regatta by a Single Point

Harry G. Nye Jr., sailing the Star class sloop Gale, won the Jackson Park Yacht club's invitational regatta yesterday, although he was first in only one of the three races. Nye scored 41 points to 40 for the runner-up, Lockwood M. Pirie, sailing the Twin Star. Mrs. L. L. Karas' entry, Alcor, was third with 39 points.

Gale and Alcor represented the Chicago Yacht club and Twin Star the Sheridan Shore Yacht club. The second race of the series, yesterday morning, was sailed in a steady north wind. Twin Star took the lead and kept it around the windward and leeward course. Harry Nye passed several rivals, but the Twin Star beat him by three seconds.

Wind Falls in Afternoon.

The wind fell during the afternoon and the third race was much slower. Leeds Mitchell Jr. of the Chicago Yacht club was first.

Ariel, Robert C. Richheimer's R class sloop, won the Columbia Yacht club's closed handicap race in the universal division yesterday. Baccarat, Louis Ainbinder's cutter, was first in the cruising division. The new Columbia Yacht club fleet of Frostbite dinghies competed around the downtown harbor course twice. Cadet, owned and sailed by Commodore Milton Friend's son, Bro, won the first race.

Eastman Retains Lead.

Fleet Captain K. Eastman of the Wilmette Snipe class sloops retained his lead after the two races yesterday off Wilmette. Popper, sailed by Robert Leis, won the first event at three miles in 1 hour 26.2 seconds. Ric Lor, Eastman's 15½ footer, was second and Walter Eggers' High Seas, third. The second race at five miles was won by Ric Lor, with Aeolus, John Lockhart's Snipe sloop, second, and Rip Tide, James Griffith's craft, third.

Home.

A home is built of peace and love
And not of brick or stone,
A place where understanding lives
And memories are sown.
A home is built of happy hearts
And not of wealth or fame,
Where faith and loyalty exist
And make of life a game.

A home is built of simple things
And not of price or size,
Because we find within the walls
What money never buys.
A home is built of dreams and hopes
And not of selfish greed
A place to lay our burdens down
Or share them if we need.

Start Play in Women's Western Open Golf Today

Colorado Springs, Colo., June 12.—[Special.]—A field of more than one hundred, including the nation's two "business women golfers," starts play here tomorrow in the ninth annual women's western open tournament over the par 77 Broadmoor course.

Winner yesterday in the Trans-Mississippi finals in Tulsa, freckled faced Patty Berg of Minneapolis, has installed herself as the favorite. She arrived by plane this afternoon.

Mrs. Opal Hill of Kansas City, whom Patty defeated yesterday, 6 and 5, also arrived with the Twin Cities star. Miss Berg was runnerup in Memphis last year to Mrs. Estelle Lawson Page in the national women's finals.

Chicago and vicinity has a total of 21 entries, headed by Mrs. Lillian Zech, the Chicago district champion; Shirley Ann Johnson of Sunset Ridge, runnerup to Hilda Mae Livengood of Danville in Elgin last year in the Illinois state tournament finals, and Bernice Wall of Glen Oak.

Other Chicagoans who will tee off tomorrow morning in the 18 holes of qualifying play include Louise Willard of Exmoor; Marie Louise Gardner, Indian Hill; Mrs. S. D. Raymond, Evanston Golf club, and Mrs. C. B. Willard of Exmoor.

Title Holders Win B. B. Y. O. Softball Games

Forty-five games were played yesterday in the opening rounds of the B'nai B'rith Youth organization softball tournament. Four were postponed because of wet grounds.

Lake View of the lodge division, defending champion, won from the Austin No. 1 team, 10 to 6, in the first round, then defeated the Austin No. 2 team, 19 to 2, in the second round.

The Arveys, defending titleholders in the senior division, defeated the Club Carlisle entry, 9 to 1. Arnold Glassberg pitched a three hit game for the Spartans, winning, 8 to 0, from the Unknowns in the junior division. Yesterday's scores:

When your STOMACH GOES ON STRIKE!
When your stomach is out of order, your intestines are often out of order, too. Don't make the mistake of adding to the disturbed condition with over-doses of drastic, irritating physics and purges. Take Pepto-Bismol to quiet, soothe and help soothe the irritated intestinal walls.
Pepto-Bismol retards intestinal fermentation, gas formation and simple diarrhea. It gives quick relief to the stomach distressed by over-indulgence, nervous indigestion, change of diet, or improper elimination.
50¢ at all druggists. In the distinctive three-cornered Norwich bottle. Made by the makers of Unguentine.

GULDAHL SHUNS REST TO DEFEND WESTERN TITLE

Champion Acts the Part; Asks No Quarter.

BY CHARLES BARTLETT.
[Chicago Tribune Press Service.]

Denver, Colo., June 12.—Ralph Guldahl, the giant Texan who won the National Open golf title yesterday for the second year in succession, is continuing to prove himself a real champion. Less than 24 hours after he had shot a final round of 69 to become the third man in the forty-two year history of the tournament to score a double, Guldahl was en route to St. Louis to defend the Western Open championship, which he has won the last two years.

Many another champion, after coming out of the 72 hole ordeal of the National Open, would have passed up an event scheduled for so soon after as the Western, which will be decided on Tuesday, Wednesday, and Thursday. But not Guldahl. This tall young man, whose confidence through the four trying rounds of the National Open earned him the game's biggest title, is now embarked on another and equally difficult quest.

Meets Old Rivals.

The search in question involves the feat of winning the Western crown for the third consecutive year, one not accomplished in the preceding thirty-eight years of the tournament, which ranks second to the Open in importance.

At St. Louis, where he began the comeback which has made him one of the game's all time masters, Guldahl will meet all his rivals in the Open. These will include Dick Metz, runnerup in the Open yesterday; Harry Cooper, Tony Penna, Jimmy Thomson, Horton Smith, Lawson Little, Sam Snead, Jimmy Hines, and Al Brosch.

Guldahl's attitude after he had won the title was almost blase. This mood, obvious at a dinner party given by L. B. Icely of Chicago last night, had been more or less in evidence since Ralph landed here a week ago today, passing up the Kansas City Open in favor of practice at Cherry Hills.

Enters Meet Prepared.

Guldahl, a firm believer in the fundamentals of the game, as revealed in a series of articles he wrote for THE TRIBUNE less than two months ago, was sure of all of his A. B. C.'s when the tournament opened Thursday, with one exception—putting.

Last night, he admitted that putting had played the most important part in his victory. After the first round, he said his greens play was still awry and pointed out that he needed 35 putts in getting a 74. His touch returned in Friday's second round and he needed only 31. Yesterday he took 61 shots on thirty-six greens.

Before the tournament started, Ralph was frank in stating his goal. "I had to win it last year," he said. "This year I've got it. If they take it away from me, let 'em."

He proved that statement in the final round. Despite the fact that he was two strokes behind Metz and one behind Hines, his play on the greens was well nigh perfect.

CARDINALS SPLIT WITH GIANTS BY BEATING HUBBELL

Weiland Wins, 4-1; Lon Warneke Loses, 8-5.

St. Louis, Mo., June 12.—(AP)—The largest crowd of the season, 29,141, saw the Cardinals and New York Giants break even today. The Giants won the first game, 8 to 5, and the Cards routed Carl Hubbell to take the second, 4 to 1.

Holding the Giants to six hits and striking out six, Bob Weiland outpitched Hubbell to score his fourth victory. Hubbell was trying for his 200th major league triumph. Lon Warneke suffered his first defeat of the year in the opening game.

Gordon Hits Homer; Yanks Beat Indians

New York, June 12.—(AP)—The Yankees cut Cleveland's American league lead to a game and a half today by twice coming from behind with home runs to beat the Indians, 7 to 6, before 43,702.

Rookie Joe Gordon's home run off Bobby Feller with one on base in the eighth inning clinched victory for the Yankees. It was the fourth straight defeat for Cleveland.

Red Ruffing went the route for the Yankees. His bat as well as his right arm played a big part in the victory, for he hit a homer with two on in the second inning to bring the Yankees from behind the first time. Feller, who had replaced Johnny Allen in the sixth, was charged with his second defeat of the year.

Cubs Conquer Dodgers, 9 to 3; Then Lose, 6-0

[Continued from first sport page.]

way of outsmarting Burleigh Grimes, the Brooklyn manager, Grimm summoned Asbell, a right handed hitter, to bat for Cavarretta. Asbell boomed his double into left on Tamulis' first pitch, scoring Reynolds and O'Dea. Tamulis remained long enough to give an intentional pass to Lazzeri.

Bryant Surrenders One.

Hamlin succeeded Tamulis and Bryant singled to left, Marty and Asbell scoring. Hack doubled over third, scoring. This persuaded Grimes he had best make another switch. Butcher replaced Hamlin and Herman doubled to left center, Bryant and Hack scoring. Reynolds singled to center and Herman galloped home. This brought up Demaree again, but instead of fanning as he did for the second out, he rolled to Coscarart to conclude the inning.

The Dodgers got a run off Bryant in the ninth, but it didn't scare anybody. The big fellow surrendered a couple of passes and one of these blossomed into a run when Cuyler singled with two out.

SECOND GAME

The Dodgers revealed just how funny they can be at times by not getting a man as far as third on three singles in the second inning of the second game. They weren't funny in the third, however. They scored five runs on four hits. Fitzsimmons started this bit of violence by beating out a bunt and going to second on Hack's wide throw. Cuyler singled to right. Coscarart fanned, but Hassett scratched a hit to Jurges and Fitzsimmons scored. After Phelps had grounded to Cavarretta an intentional pass to Lavagetto filled the bases, whereupon Camilli hit his sixth home run of the season over the right field wall.

Fitzsimmons handed out three passes, one of them intentional, in the first inning, but with the bases filled Marty poked into a double play. The Cubs had another chance in the third when Hack singled with one out, but another double play popped up. Marty tripled with two out in the fourth and died there. Jurges singled after Hassett had made a one handed catch of Cavarretta's drive in the fifth, but both Pinch Hitter Bryant and Hack flied out.

The Dodgers got a run the easy way off Russell in the ninth. Durocher doubled to left and Fitzsimmons bunted. Russell threw to third too late to nip Durocher. Cuyler then lined to Herman and the latter's throw to Cavarretta for a double play caromed off Fitzsimmon's shoulder, Durocher scoring on the error.

Summer Sun May Lead to Baldness

Call for Free "Exposure Test"

● Before you go on your vacation, play golf without a hat, or go to the beach—you should learn how to expose your scalp to the sun so benefit, not damage, will result. Overexposure to the hot summer sun increases hair-loss, aggravates dandruff, and starts your scalp on the road to baldness. Call today at a Thomas office for a free "exposure test" and learn the proper way to give your scalp a beneficial "sun bath."

The Thomas' will gladly advise you—without charge—on all matters of hair health. Call for a complete scalp examination and learn for yourself how Thomas treatment ends dandruff, stops abnormal hair-loss and actually re-grows hair on thin and bald spots. Sox Split with Boston; Walker Hits 2 Homers

tels' single to right. Doerr scored on Wilson's fly to Steinbacher. Desautels was out trying to steal second and Cramer flied to Walker.

Walker Runs Wild.

The White Sox didn't get a man on base in the fourth, fifth and sixth innings, but Walker walked and stole second at the start of the seventh. Gee reached third on Hayes' long fly to Cramer and scored after Vosmik had plucked Sewell's liner off the score board. Lyons singled for the fifth Chicago hit and Berger walked. Owen flied to Chapman. Then came the disastrous Boston eighth.

Bagby pitched the ninth. Walker flied to Chapman, Hayes flied to Vosmik, and Thompson, batting for Sewell, fouled to Desautels.

SECOND GAME

The double with which Cramer opened the Red Sox's half of the first inning of the second game bloomed into the first run of the contest and it also was the sixty-ninth run batted in by Foxx this season, as Cramer got home on a long fly by Jimmy.

The Chicago Sox did not get the ball out of the infield until Dietrich singled with two out in the third inning. Berger walked and Owen singled to center. The throw to the plate beat Dietrich by an eyelash, but Bill hit Catcher Peacock so hard that he dropped the ball. The maneuver was so well executed that Peacock was not charged with an error. Steinbacher tapped a grounder to short, which McNair permitted to hop through to left center, Berger and Owen scoring. Kreevich fouled to Peacock.

Cramer walked at the start of the home third and scored on Vosmik's double to right center. Vosmik advanced on Chapman's sacrifice, Foxx walked and Higgins flied to Walker, Vosmik scoring on a close play. McNair forced Foxx.

After Radcliff had fanned at the start of the ninth, Walker rapped his second enormous homer of the afternoon, a 410 footer over the 20 foot wall in center. Hayes doubled to left. Rensa fouled to Chapman, Hayes reaching third, but Higgins threw out Rigney.

C. H. GEIST, NOTED UTILITY AND LAND OWNER, IS DEAD

Once Business Associate of Dawes Brothers.

Philadelphia, Pa., June 12.—[Special.]—Clarence H. Geist, who quit his position as a brakeman on the Rock Island railroad about 1901 and became one of the largest holders of utility stocks in the United States, died today in his home in suburban Villanova. He was 72 years old.

Born on a farm near Laporte, Ind., Mr. Geist attended the Valparaiso normal school. At 18 he left his father's farm and went west. He came back and settled in Chicago five years later. "No one in the west," he explained later, "had any money and I had discovered that I couldn't make money where there wasn't any."

Real Estate Possibilities.

While he was a conductor on the line between Chicago and Blue Island Mr. Geist saw the possibilities in real estate development. Later he became interested in utilities and acquired the gas and electric franchises in East Chicago, Hammond, and other cities. Soon afterward he and his associates, including Gen. Charles G. Dawes and Rufus Dawes, sold their interests in the middle west and Mr. Geist moved to Philadelphia.

Geist continued to acquire utility properties in the east. His wealth had been estimated once at 100 million dollars. In 1927 he paid $7,000,000 for the Boca Raton holdings, an important development in Florida.

President of His Company.

At the time of his death he was president of the C. H. Geist company and of the American Pipe and Construction company, the Philadelphia Suburban Water company, and the Spanish River Land company. He was a director of the United Gas Improvement company and a trustee of Jefferson Medical college and Bryn Mawr college.

Surviving Mr. Geist are his wife, the former Florence Hewitt of Philadelphia, and three daughters, Mrs. Theodore C. Sheaffer, Mrs. Van Horn Ely Jr., and Mrs. Alfred Zantzinger. Funeral services will be held at 4 p. m. Tuesday at the residence.

OBITUARIES

Peter Possehl.

Funeral services for Peter Possehl, for many years a blacksmith and wagon maker in Chicago, will be held at 2:30 p. m. tomorrow in the chapel at 2917 South Michigan avenue. Mr. Possehl, who lived at 329 West 24th street, died early yesterday in the County hospital. He was the father of Sergt. Louis Possehl of the Marquette police station and Policeman Raymond Possehl of the Rogers Park district. The widow, Anna, and a daughter, Mrs. Florence Lourich, also survive. Burial will be in Mount Auburn cemetery.

Prof. William Bone.

LONDON, June 12.—Prof. William Arthur Bone, one of the leading British experts in the use of coal and fuels, died today. He was 67 years old. Bone was the inventor of the Bonecourt system for incandescent surface combustion. The system showed particular efficiency in the application of gas firing to boilers and in 1913 won him the Howard Potts gold medal of the Franklin institute in Philadelphia.

Mrs. Annette Slader.

Funeral services for Mrs. Annette Slader will be held in the chapel at 5218 South Kedzie avenue at 2 p. m. today. Mrs. Slader, the wife of Thomas Slader, died in the Evangelical hospital Friday. She was 53 years old. Her home was at 5034 South Ashland avenue. Besides her husband she leaves three daughters, Evelyn, Beatrice, and Eleanor, and a son, Thomas Slader Jr.

Mathias Jostock.

The funeral of Mathias Jostock will be held at 11 a. m. tomorrow from the chapel at 1424 Larrabee street to St. Michael's church. Mr. Jostock died Saturday in the Alexian Brothers hospital. He had spent all his life in the home at 1431 Larrabee street, where he was born 78 years ago. Two sons, Andrew J. and Frank Jostock, and a daughter, Mrs. Theresa Moser, survive.

Mrs. C. V. Criss.

Springfield, Mo., June 12.—[Special.]—Mrs. Alice Toland Criss, 81 years old, widow of the Rev. C. V. Criss, superintendent of the Methodist church for many years, died at her home here today of a heart attack. She was the author of more than 100 published songs and was known as a poetess. She was the mother of Vance C. Criss, Ozark's poet.

Enrique Vacas Galindo.

GUAYAQUI, Equador, June 12.—Enrique Vacas Galindo, Dominican friar, considered the foremost authority on geography in Ecuador, died yesterday. His map gave frontiers to the country based upon data in the colonial archives.

Arthur Prentice Rugg.

Sterling, Mass., June 12.—(AP)—Arthur Prentice Rugg, who rose from a farm boy to become chief justice of the Massachusetts Supreme court, died today in his 76th year. He had been ill of heart disease for a week.

John F. Nugent.

Dowagiac, Mich., June 12.—[Special.]—John F. Nugent, 62 years old, vice president in charge of sales for the Round Oak company, died this morning. Funeral services will be conducted Tuesday.

Harry Greenwood Snelling.

Scarsdale, N. Y., June 12.—[Special.]—Harry Greenwood Snelling, former treasurer of the New York Central railroad, died today at his home here. He was 72 years old.

DUNCAN-CLARK, CHICAGO WRITER, DIES IN TORONTO

Veteran Newspaper Man and Lecturer.

Samuel John Duncan-Clark, veteran Chicago newspaper man and lecturer on social and religious subjects, died yesterday in St. Michael's hospital at Toronto, Ont., where he underwent an operation on Friday.

S. J. Duncan-Clark.

Mr. Duncan-Clark was born in Toronto on Jan. 26, 1875. He was graduated from the University of Toronto in 1898 and for several years was in the ministry of the Christian church. For a short time he was a missionary in Labrador. From 1905 to 1913 he was on the editorial staf of the Louisville, Ky., Herald.

In Chicago Since 1913.

From 1913 to 1931 he was chief editorial writer for the Chicago Evening Post. He had since been an editorial writer for the Chicago Daily News. He left his home in Wilmette last week to go to Toronto for the operation.

Throughout his career Mr. Duncan-Clark was active in civic work. He was a member of the City club and a member of the board of directors of the Travelers' Aid society and the Juvenile Protective association.

Articles Widely Printed.

Many large newspapers in the United States published Mr. Duncan-Clark's articles on international affairs and on political subjects. He was the author of "The War at a Glance," written in 1916, and "The Progressive Movement." In 1918 he toured the European battle zones and wrote a series of analytical articles for the Post.

Mr. Duncan-Clark was a member of the Cliff Dwellers' club. He is survived by his widow, Mrs. Blanche Goldstone Hamilton Duncan-Clark; a son, and a daughter.

BURY CALLAHAN, DETECTIVE HERO, ON WEDNESDAY

Leader in Civil Service Test Dies Suddenly.

The funeral of Detective Christopher Callahan, police hero whose name headed the recent sergeants list posted by the civil service commission, will be held at 9:15 a. m. Wednesday from his home at 5533 Ingleside avenue, with services in St. Thomas the Apostle Catholic church, 5468 Kimbark avenue. Burial will be in Holy Sepulchre cemetery.

Christopher Callahan.

Callahan died early yesterday in Mercy hospital of a heart attack. He entered the hospital on Saturday after becoming ill while on duty at the Pekin station. At his bedside were his widow, Marcella, and his son, John, a University of Illinois student. Callahan was 44 years old.

In his 18 years on the police force he received 35 creditable mentions for his bravery in facing dangerous criminals. He was instrumental in sending 450 criminals to the penitentiary.

For killing two bandits in a store in 1930 Callahan and Policeman Edward Donovan were awarded THE TRIBUNE heroism prize.

Iin running down public enemies, Callahan was shot at eight times. In 1933 he assisted in the raid which resulted in the arrest of Frank Nitti, a Capone gang chief.

The civil service commission's new sergeants list was issued last week. It contained the names of 2,200 patrolmen who had competed in an examination for promotion. Callahan, with a grade of 88.85, led all his competitors.

SUBMARINE "RAY" PLAN IS STOLEN; BRITISH ALARMED

PORTLAND, England, June 12.—(AP)—Temporary disappearance of a highly secret document from the archieves of the world's premier anti-submarine school on the warship Osprey here gave authorities the jitters and resulted in a secret court of inquiry last night, it was learned reliably. Findings of the court were not learned nor was the nature of the document.

The Osprey archives are known to contain papers relating to one of Great Britain's most prized instruments—a silent detector ray for hunting submarines. Authorities called in admiralty intelligence agents when the document disappeared and ransacked student lockers before the "borrower" returned it.

The secret ray device, known simply as "asdic," was evolved after years of experimenting by Britain's cleverest naval researchers. It is reputed to be able to detect motionless submersibles lying on the bottom of the sea.

NEWS OF FINANCE AND COMMERCE

SLOAN ASSAILS U. S. CONTROL OF PAY AND HOURS

Warns of Increased Unemployment.

Proposed federal legislation for minimum wages and maximum hours will increase unemployment, penalize small businesses, and further unbalance the entire national economy, Alfred P. Sloan Jr., chairman of General Motors corporation, said in a statement to stockholders accompanying the dividend disbursement of 25 cents a common share payable today.

Alfred P. Sloan Jr.

Sloan's message, on "The Trend of Business," said that one of the two major contributing causes of the present depression has been the unstabilizing of the national economy by too rapid an increase in wages and too rapid a shortening of hours in many key industries—thus unbalancing purchasing power in relation to prices.

Blames Federal Policies.

The second cause, superimposed on the first, Sloan continued, "is the fact that there has been developing a growing lack of confidence and a fear as to the attitude of government toward business, as well as to economic policies that have been enacted as affecting the national economy and penalizing the operating effectiveness of industry."

Criticizing the government's spending-lending program as a recovery medicine, Sloan said:

"The policy apparently is to ignore largely the inherent causes of the depression and to attempt to offset them by the creation of further credit where there already is a superabundance even to the extent that it cannot be used, and to embark upon a program of large governmental expenditure in unproductive enterprise, instead of eliminating the embargoes that now prevent the investment of much larger sums in private enterprise.

Not Optimistic of Future.

"There certainly is nothing in the picture to warant optimism so far as the immediate future is concerned, or to establish my confidence as to any intelligent solution of our difficulties."

Discussing the current trend of the automotive industry, the General Motors chairman said that employment faces a more than seasonal decline because of declining business and its effect on finished car inventories, which must be reduced at a greater rate than normally.

If business continues its downward slide, according to Sloan, the expectancy of automobile sales volume for the year starting Nov. 1, 1938, will be about equal to that for 1932, low point of the depression, and employment will be correspondingly low.

U. S. May Take Lead in Wheat Export Effort

Washington, D. C., June 12.—(AP)—Agriculture department officials consider it "quite possible" that the administration will take the initiative in placing surplus American wheat in export markets rather than depend on regular trade channels to do so.

This possibility was considered, they said today, at the White House conference yesterday at which President Roosevelt directed Secretary Wallace and state department officials to survey the foreign market possibilities.

Faced with prospects of a record 1938 American crop and surplus, the administration intends, these officials said, to use every means to prevent a price collapse.

Will Get Wheat Through Loans.

Officials said the administration could take advantage of the forthcoming wheat loan program to facilitate shipments abroad. Wallace has estimated that as much as 200,000,000 bushels may be turned over to the government by farmers as collateral for wheat loans.

It would be possible for the government to sell or trade this grain to foreign countries or individual buyers even if it had to take a financial loss, it was said. Such losses could be absorbed by using funds set aside from customs receipts for disposal of surplus farm products into domestic and foreign channels, they contended. Explaining that $18,000,000 could be used for wheat, department officials said, this money would allow sale of 180,000,000 bushels abroad at prices 10 cents a bushel below the loan rate.

Extent of Outlet Uncertain.

But whether the government could find an outlet for this much wheat in addition to what private traders might sell in foreign markets was a big question.

While officials said the government may find new markets for wheat, they emphasized that they did not believe the administration would "dump" the grain in foreign markets at a heavy lass just to get rid of it. Such a program, they said, would be contrary to Secretary Hull's reciprocal trade policies.

AMERICAN PLANE BUSINESS SOARS IN FOUR MONTHS

New York, June 12.—(AP)—The airplane business boomed during the first four months of this year, with foreign customers accounting for more than 30 per cent of the business.

Leighton W. Rogers, president of the Aeronautical Chamber of Commerce of America, reported today that the value of all planes, engines, and spare parts delivered was $46,140,702, as compared with $30,491,501 in the same period last year, an increase of $15,649,201.

Sales figures compiled by the industry's trade association showed that in the first four months of this year 1,053 planes, values at $24,926,141, were delivered, of which 101, valued at $7,818,570, were built for export. The values do not include the engines.

During the period ended April 30 last 454 military planes, valued at $18,836,347 less engines, were delivered. Commercial airplane deliveries totaled 599 planes, valued at $6,089,794 less engines.

Military engines totaled 836, valued at $6,023,296, and commercial engines amounted to 1,185, valued at $4,501,072. Deliveries of airplane and engine spare parts amounted to $10,690,193.

Day By Day Story of the Experimental Farms

by HOMER NEISZ

Alfalfa Time.

HARVESTERS at THE TRIBUNE'S Du Page county farm are confronted with the problem of making hay between rains, a task that caused them much worry during the summer of 1935, when wet weather extended throughout most of the haying season. Alfalfa and clover meadows are ready to cut as soon as the fields are dry enough and there are prospects for sufficient sunshine to cure the hay. Harvesting machinery was examined in the tool shed and put in order last week.

Only a small portion of the alfalfa—not more than 10 per cent of the plants—is in blossom, but the farm manager plans to start cutting the first crop as soon as possible rather than to take chances on having the plants become beaten down or over ripe should the rains continue. The practice usually followed at the farm is to cut alfalfa when about half the blooms are out. There is, however, no noticeable difference in the feeding quality of the hay when cut earlier, although the yield of cured hay may be slightly less.

Clover Ready.

The red and alsike clovers are at about the right stage for cutting. Blooms are open on at least half the red clover plants. The manager thinks red clover should be cut when in half to full bloom instead of waiting until one-fourth of the heads start to turn brown, a custom that was widely practiced in former years because the clover cut at that stage was easier to cure than when harvested earlier. Early cutting not only improves the hay crop, but usually produces a heavier yield of either seed or hay at the second cutting.

Most of the alsike plants are in full bloom. This is considered the best stage for harvesting the crop. There are no fields of straight alsike clover on the farm this year, but alsike was seeded with red clover in some of the meadows.

Corn Satisfactory.

Corn at the farm is growing, despite excessive moisture, and most of the plants have a healthy green color. All the fields have been gone over with harrows or rotary hoes and all except a few rows in one field have had at least one cultivation.

Weeds still are bad in some spots in the corn and quack grass is causing trouble in one field. There has been no damage by chinch bugs, army worms, or grasshoppers. The cultivators routed cut worms that infested some of the fields two weeks ago.

Oats are beginning to show the need for more sunshine. The plants have made relatively slow growth in the last week and some of them are turning yellow.

ARGENTINA EXPECTED TO NATIONALIZE RAIL LINES; ROADS LOSING

BY HAROLD TATAM.

[Chicago Tribune Press Service.]

BUENOS AIRES, Argentina, June 12.—Nationalization of Argentina's privately owned railroads, now in a hopeless position due to competition from lightly taxed trucks and automobiles, was seen today as a likely outcome of negotiations between the government and British railway directors.

The anticipated crop failure this year is expected to add to the plight of the railroads, whose common stock now is quoted at 6 per cent of par.

Reports that negotiations for purchase of the roads were under way appeared recently in London newspapers, and on June 9 a bill was presented to the Argentine congress calling for the purchase of the railroads at a price not to exceed 60 per cent of the $1,250,000,000 invested capital. This bill was considered as a "feeler," but it is believed that eventually the government will take over the roads at about half of their capital value.

PENNSY'S FAST NEW TRAIN ON EXHIBIT TODAY

The Pennsylvania railroad's new streamlined Broadway Limited, which on Wednesday will begin regular sixteen hour runs between Chicago and New York, will be exhibited to the public at the Union station here today from 2:30 to 7:30 p. m., daylight time. It also will be on display from 10:30 a. m. to 7 p. m. tomorrow.

The New York Central system's new sixteen hour Chicago-New York streamliner, the Twentieth Century Limited, will be displayed today and tomorrow also, as previously announced, at the La Salle street station. This train also will go into service Wednesday.

At the city hall at 11 a. m. today Mayor Kelly, on behalf of the city, will present commemorative placques to officials of the two roads, of the Pullman-Standard Car Manufacturing company and of the Pullman company in honor of their companies' part in making possible the fast runs between New York and Chicago.

SELFRIDGE PLANS "FIVE AND TEN" STORE IN LONDON

[Copyright: 1938: By the New York Times.]

LONDON, June 12.—Selfridge & Co., Ltd., will open a three penny, six penny store [same price range as Woolworth's] here on June 20, H. Gordon Selfridge has revealed. Selfridge's has had vacant premises opposite its main store and, having no other use for them, decided to try a "little experiment." He emphasized that he did not want the public to get the idea that Selfridge's was going into the three penny, six penny business.

The new store will be called "John Thrifty." It will not be a separate corporate entity, but will be more or less a department of Selfridge's. The merchandise carried will be linked with that in the bargain basement of the main store.

Chile Issues Regulations on Interest Resumption

[Copyright: 1938: By the New York Times.]

SANTIAGO, Chile, June 12.—The text of a decree giving details of regulations for application of the law of January, 1935, which gave legislative approval to a plan for partial resumption of payment on pending interest on Chile's foreign debt obligations, was published today and was well received in financial circles. The impression now prevails that the plan, which is based on negotiations conducted recently in New York, will be accepted by the bondholders. The plan does not affect the total capital outstanding abroad but replaces fixed type interest with undetermined interest year by year, according to revenues coming to government from its share in profits of the nitrate industry and also from exports of copper.

150 Cars of FSCC Tomatoes to Leave Texas Tomorrow

Austin, Tex., June 12.—[Special.]—The first of the season's shipment of 150 carloads of tomatoes purchased by the Federal Surplus Commodities corporation will move out of Jacksonville, Tex., Tuesday, consigned to various relief agencies for distribution. Each car contains 864 half-bushel baskets for which the government paid the grower forty-five cents.

Bumper Wheat Crop Forecast in U. S. Report

The prospect that the United States will harvest a bumper crop of winter wheat, probably one of the largest on record, was reinforced by the official government appraisal based on June 1 conditions. The belief has arisen, however, that the government's estimate of a harvest of 761 million bushels may have to be shaded when the final returns are in.

Crop reporters touring the winter wheat belt report that rust is present in many sections. Evidence indicates that the rust is spreading northward and may possibly result in materially changing the harvest outlook. A further unfavorable factor that is affecting the heretofore excellent crop prospects is the extremely wet weather over a large part of the producing belt. The excess of moisture is unfavorable for harvesting operations.

Yield Lower Than Expected.

Reports of lower wheat yields than were expected earlier have been reported, presumably the result of frost damage not previously apparent.

The government estimate on winter wheat production proved temporarily bullish because it was about 50 million bushels below earlier average private forecasts. The government report did not take into consideration crop damage subsequent to June 1.

Country purchases of corn declined during the week until the final market session, when better business was done at the improved prices which then prevailed. Gains made by corn futures were small. Rye was higher, but oats could make little headway.

DEMANDS ARMY TRUCKS AND CARS BE STANDARDIZED

White Sulphur Springs, W. Va., June 12.—(AP)—Louis A. Johnson, bringing a "definite challenge" from the war department, called on automotive engineers tonight to bring about sound improvements in the army's mechanized forces and provide for its "standardization and mass production."

The assistant secretary of war, in a speech at the opening session of the semi-annual meeting of the Society of Automotive Egineers, said the purchasing system makes some variation in makes and models unavoidable, but added:

"In my opinion, however, twenty-eight different makes and models of passengers cars and 143 makes and models of trucks are an odd-lot of too great a variety. That absurd situation we must improve."

Johnson said the regular army now has about 13,000 motor vehicles, and the National Guard about 8,000.

National Power and Light.

Investors' Guide: I own stock in National Power and Light company. Please give me a report on the company.—Mrs. G. J. F.

Answer: The National Power and Light company, a $591,969,000 holding company, is one of the private utility systems whose operations are most threatened by government regulation and competition. Important subsidiaries of the company are located in the territory of the Tennessee Valley Authority, government agency engaged in development of electric power resources.

About one-sixth of National Power and Light's property investments are in TVA territory. Operating subsidiaries in TVA territory have in the past provided as much as 35 per cent of the system's gross revenues.

An offer of $7,900,000 recently was accepted by National Power and Light officials for the purchase by the city of Knoxville, Tenn., and the TVA of electric properties of Tennessee Public Service company, a subsidiary. Negotiations are now in progress for sale of properties of the Memphis Power and Light company, another subsidiary, to the city of Memphis, Tenn. Memphis expects to use TVA power.

National Power and Light is one of the major systems in the Electric Bond and Share group. The company now supplies various utility services to important communities in Alabama, North Carolina, South Carolina, Pennsylvania, Tennessee, and Texas. Population served is in excess of 3,047,000 persons. Between 80 and 85 per cent of gross revenues are derived from sale of electricity, 7 to 10 per cent from transportation, and about 7 per cent from gas, and about 1 per cent from other services.

Net income for the first quarter of this year declined to $2,431,095, or 37 cents a common share, from $2,596,667, or 40 cents a share, in the first quarter of 1937. The record of earnings in recent years follows:

	Subsid. oper. revenues.	Net income.	Earned per com.sh.
1937	$84,221,736	$ 9,136,015	$1.37
1936	78,272,295	7,094,578	.99
1935	72,229,741	6,296,835	.85
1933	68,122,274	6,615,768	.90
1929	80,979,244	13,557,090	2,17

The parent company has outstanding 279,716 shares of $6 cumulative no par preferred stock and 5,456,117 shares of no par common stock. The common pays 60 cents a year. Consolidated current assets at the end of 1937 were $50,197,551 and current liabilities were $21,680,807.

77-B PLEA FILED FOR TOM MOORE DISTILLING CO.

Louisville, Ky., June 12.—(AP)—The Tom Moore Distillery company, with offices and plant in Nelson county, had on file here today a petition for reorganization under Section 77B of the bankruptcy act. A creditors' meeting to hear the reorganization plan was set for July 10 by Federal Judge Elwood Hamilton.

Paul T. Ewing was named operating trustee by Judge Hamilton under a $50,000,000 bond. Ewing was instructed to file a financial statement with the court June 30.

The petition stated a stockholder had filed action against the company in Detroit and hearing there has been set for June 20 on application for a receiver. Assets were put at $1,493,424 and liabilities at $510,183.

Fears of War, Trade Dip Hit London Stocks

BY DAVID DARRAH.

[Chicago Tribune Press Service.]

LONDON, June 12.—Faced by alternating visions of war and slump London market operators have been steadily marking down the majority of stock values in recent weeks. The effect of alarms over the central European situation and depression business indices has been to damage the price structure and cause buying gradually to dry up.

According to a survey in the current issue of the Bankers' Magazine the aggregate value of 365 representative stocks on the London market declined from $33,108,685,000 on April 19 to $32,475,940,000 on May 19—a loss of $632,745,000 during the month.

Bond Group Declines.

In the fixed interest group the setback, estimated to total $390,000,000, was largely accounted for by deduction of the half yearly interest on the 3½ per cent war loan, but there was also a heavy fall in the prior charge railroad stocks and foreign government bonds.

In variable dividend stocks the market's decline of $245,000,000 mainly resulted from a drop of more than 12 per cent in British railroad ordinary stocks. United States railroads also fell heavily and commercial and industrial stocks dropped altogether by about 4 per cent.

Among the speculative stocks oil and rubbers were marked lower, and even South African gold mining shares, issued before the recent speculation, felt the pinch of the recession.

Slightly Above March Level.

The total value of the shares embraced in the survey was slightly higher on May 19 than on March 18, when the market was just beginning to recover from the shock of the annexation of Austria by Reichsfuehrer Hitler, but the total was considerably below the figure for mid-February.

Only from the middle of March to the middle of April, or between Hitler's Vienna coup and the framing of Prime Minister Neville Chamberlain's Anglo-Italian deal with Premier Mussolini, have stock market values shown any measure of sustained appreciation this year.

The total nominal amount of all stocks outstanding March 24 was $89,651,209,855, with the market valuation $86,526,579,420. On March 24, 1937, the corresponding figures were $88,488,731,910 and $97,377,301,420, respectively. Official statistics thus disclose a decrease of $10,850,722,000 in the market valuation during the twelve months.

ADVERTISING MEN OPEN SESSION IN DETROIT TODAY

Detriot, Mich., June 12.—(AP)—The men who sell the nation's products by placing their message before the public flocked into Detroit today for the opening tomorrow of the thirty-fourth annual convention of the Advertising Federation of America.

Several hundred of the 2,000 who are expected to attend the five day session were on hand for preconvention activities. The morning was devoted to registration. Later the delegates toured Henry Ford's early American village.

Speakers scheduled for the session include Thurman W. Arnold, first assistant attorney general of the United States, who will discuss "what is a monopoly" on Wednesday; Donald Richberg, former NRA administrator, who will speak Tuesday; the Rev. Charles E. Coughlin, Royal Oak [Mich.], priest, who will speak tomorrow on "religion in advertising," and Edward F. McGrady, former assistant secretary of labor and now labor relation counselor for the Radio Corporation of America, who also will speak tomorrow.

Trading in Hide Futures Begins Today in Chicago

Trading in hide futures will start this morning on the Chicago Mercantile exchange when the opening gong rings at 9 a. m. September, December, and March contracts will be posted today and the June delivery will be added within a few weeks. The addition of hides brings the number of products traded in futures on the exchange to six. The other five are butter, eggs, cheese, potatoes, and frozen eggs.

STEEL OUTPUT TO CONTINUE AT PRESENT RATE

Magazine Predicts 25½ Pct. Production.

Steel ingot production was unchanged last week at 25.5 per cent of capacity, and indications for this week are for continuance of that rate of operations, the magazine Steel said yesterday in its weekly review of the industry.

"Dullness continues unbroken in all departments of the steel and iron market, with no signs of changes within the immediate future," the trade journal asserted. "Buying is confined to a minimum, measured by current needs, and no accumulation of inventory is being done. The volume of orders in June matches closely that of May and April, with a slight downward tendency."

Small Changes Shown.

Changes in operating rates by districts were small last week, with increases balancing declines. The Chicago district reduced ingot production a half point to 22 per cent of capacity, the lowest rate since 1934, according to Steel's estimate, but this cut was more than offset by an increase of 1.3 points to 19.3 per cent at Pittsburgh.

Output was 4 points higher at 25 per cent in the Youngstown area, and up 2 points to 23 per cent at Buffalo. The operating rate fell 11 points at Birmingham to 58 per cent, 2 points in New England to 25 per cent, 6 points in Cincinnati to 16 per cent, and ½ point to 25.5 per cent in eastern Pennsylvania.

Foreigners Buy Scrap.

There were no changes at St. Louis, at 39.3 per cent; Detroit, at 18; Wheeling, at 38, and Cleveland, at 31 per cent of capacity operations.

"Purchase of scrap tonnage by European consumers, as high as 350,000 tons of No. 1 and No. 2 heavy melting steel being involved, shows how far scrap has receded, the price being reported as $10 and $8.50 respectively, free at shipboard," the magazine said.

A minor adjustment of prices in Chicago resulted in a further decline of 4 cents in Steel's composite scrap price to $10.71 a ton, the lowest since July, 1935.

OUTPUT OF BEER IN U. S. IN 1937 IS 58,748,087 BBLS.

New York, June 12.—[Special.]—The United States, reëstablished as the world's largest producer and consumer of beer following relegalization in 1933, produced 58,748,087 barrels, or 68,932,000 hectolitres, in 1937, according to a report made public today by the United Brewers Industrial Foundation.

This figure compared with 60,794,000 hectolitres in 1936, 53,069,000 in 1935, 44,209,000 in 1934, and 11,496,000 in 1933.

The next largest producers and consumers of beer in 1937 were [in order] Germany, the United Kingdom, Belgium, and France.

Everyday Economics

Wheat Production.

Wheat crops of the United States have varied greatly in size in the last twenty-five years. Production has ranged from more than a billion bushels in 1915 to about a half billion in 1934. Because domestic consumption has been fairly constant, near 650 million bushels annually, the United States has depended on foreign outlets for its surplus production. With a fluctuating foreign demand, the American wheat grower has experienced alternate periods of prosperity and depression over the last quarter century.

The record of domestic production since 1914 follows [in millions of bushels]:

1914	891	1926	832
1915	1,026	1927	875
1916	636	1928	914
1917	637	1929	823
1918	921	1930	886
1919	968	1931	937
1920	833	1932	757
1921	815	1933	552
1922	867	1934	526
1923	797	1935	623
1924	842	1937	874
1925	669	1938 [est.]	1,067

On the basis of present estimates, this year's crop may set an all time production record. The winter crop now being harvested is expected to yield about 800 million bushels. Production of spring wheat is forecast at about 267 million bushels, but the crop is still subject to many hazards that may materially alter the outlook.

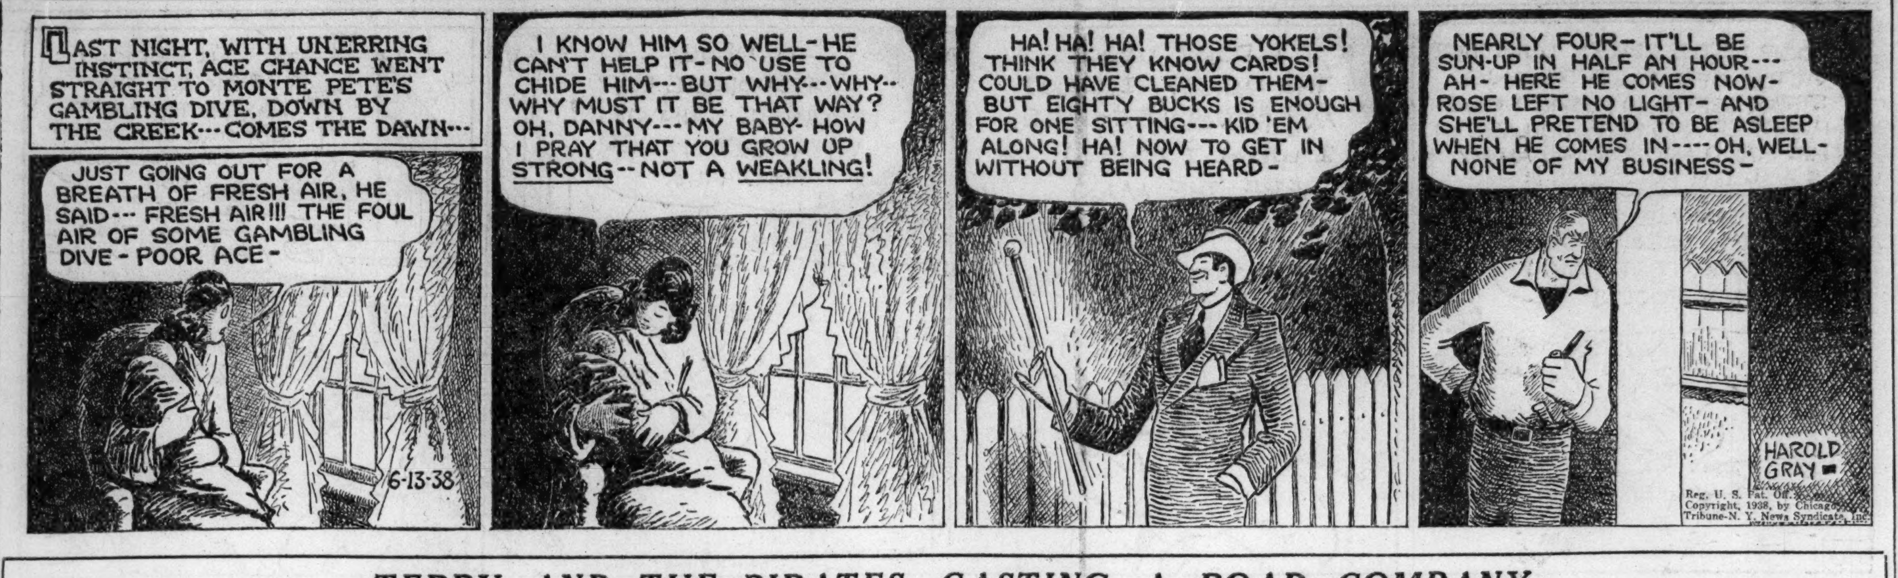
LITTLE ORPHAN ANNIE: Came the Dawn



LAST NIGHT, WITH UNERRING INSTINCT, ACE CHANCE WENT STRAIGHT TO MONTE PETE'S GAMBLING DIVE, DOWN BY THE CREEK---COMES THE DAWN---
JUST GOING OUT FOR A BREATH OF FRESH AIR, HE SAID--- FRESH AIR!!! THE FOUL AIR OF SOME GAMBLING DIVE - POOR ACE -
6-13-38
I KNOW HIM SO WELL- HE CAN'T HELP IT- NO USE TO CHIDE HIM--- BUT WHY--- WHY--- WHY MUST IT BE THAT WAY? OH, DANNY--- MY BABY- HOW I PRAY THAT YOU GROW UP STRONG-- NOT A WEAKLING!
HA! HA! HA! THOSE YOKELS! THINK THEY KNOW CARDS! COULD HAVE CLEANED THEM- BUT EIGHTY BUCKS IS ENOUGH FOR ONE SITTING--- KID 'EM ALONG! HA! NOW TO GET IN WITHOUT BEING HEARD -
NEARLY FOUR- IT'LL BE SUN-UP IN HALF AN HOUR--- AH- HERE HE COMES NOW- ROSE LEFT NO LIGHT- AND SHE'LL PRETEND TO BE ASLEEP WHEN HE COMES IN---- OH, WELL- NONE OF MY BUSINESS -

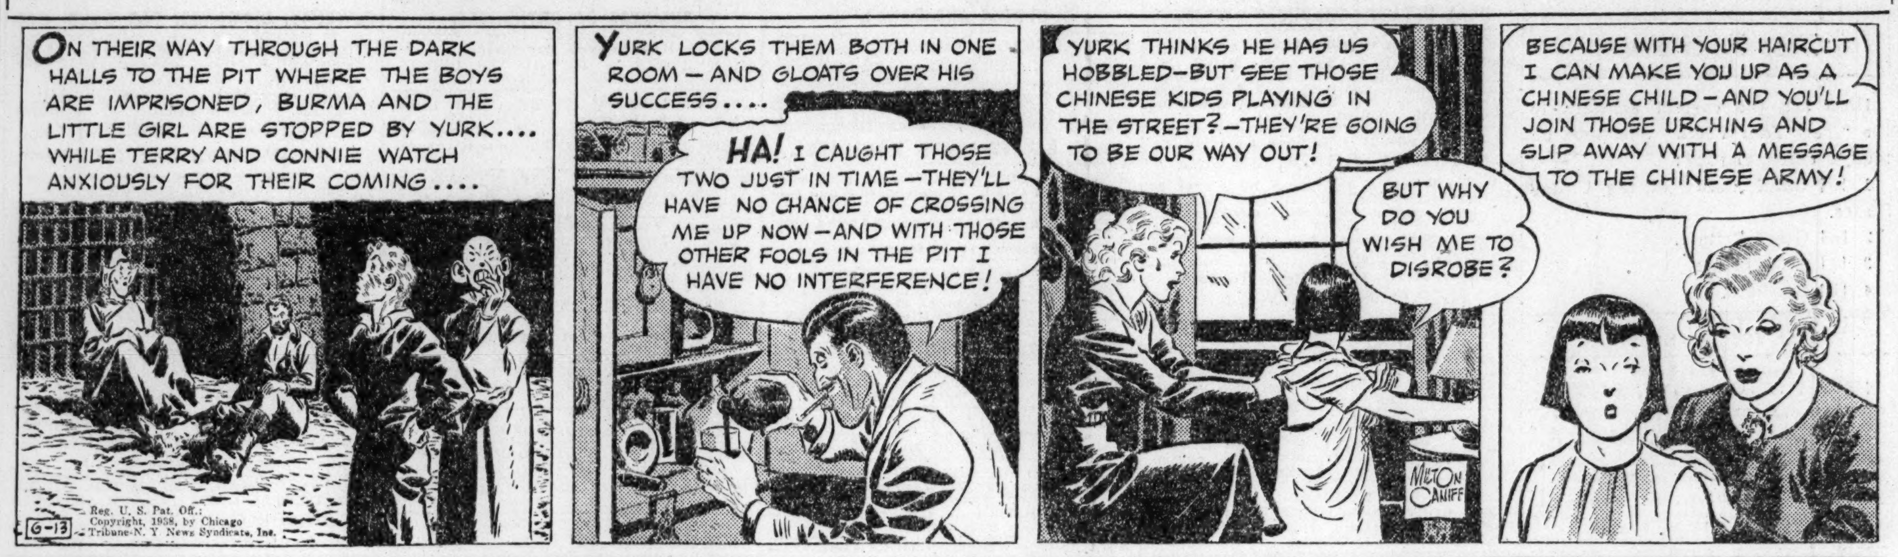
TERRY AND THE PIRATES—CASTING A ROAD COMPANY



ON THEIR WAY THROUGH THE DARK HALLS TO THE PIT WHERE THE BOYS ARE IMPRISONED, BURMA AND THE LITTLE GIRL ARE STOPPED BY YURK.... WHILE TERRY AND CONNIE WATCH ANXIOUSLY FOR THEIR COMING....
6-13
Reg. U. S. Pat. Off.: Copyright, 1938, by Chicago Tribune-N. Y. News Syndicate, Inc.
YURK LOCKS THEM BOTH IN ONE ROOM — AND GLOATS OVER HIS SUCCESS....
HA! I CAUGHT THOSE TWO JUST IN TIME—THEY'LL HAVE NO CHANCE OF CROSSING ME UP NOW—AND WITH THOSE OTHER FOOLS IN THE PIT I HAVE NO INTERFERENCE!
YURK THINKS HE HAS US HOBBLED—BUT SEE THOSE CHINESE KIDS PLAYING IN THE STREET?—THEY'RE GOING TO BE OUR WAY OUT!
BUT WHY DO YOU WISH ME TO DISROBE?
MILTON CANIFF
BECAUSE WITH YOUR HAIRCUT I CAN MAKE YOU UP AS A CHINESE CHILD—AND YOU'LL JOIN THOSE URCHINS AND SLIP AWAY WITH A MESSAGE TO THE CHINESE ARMY!

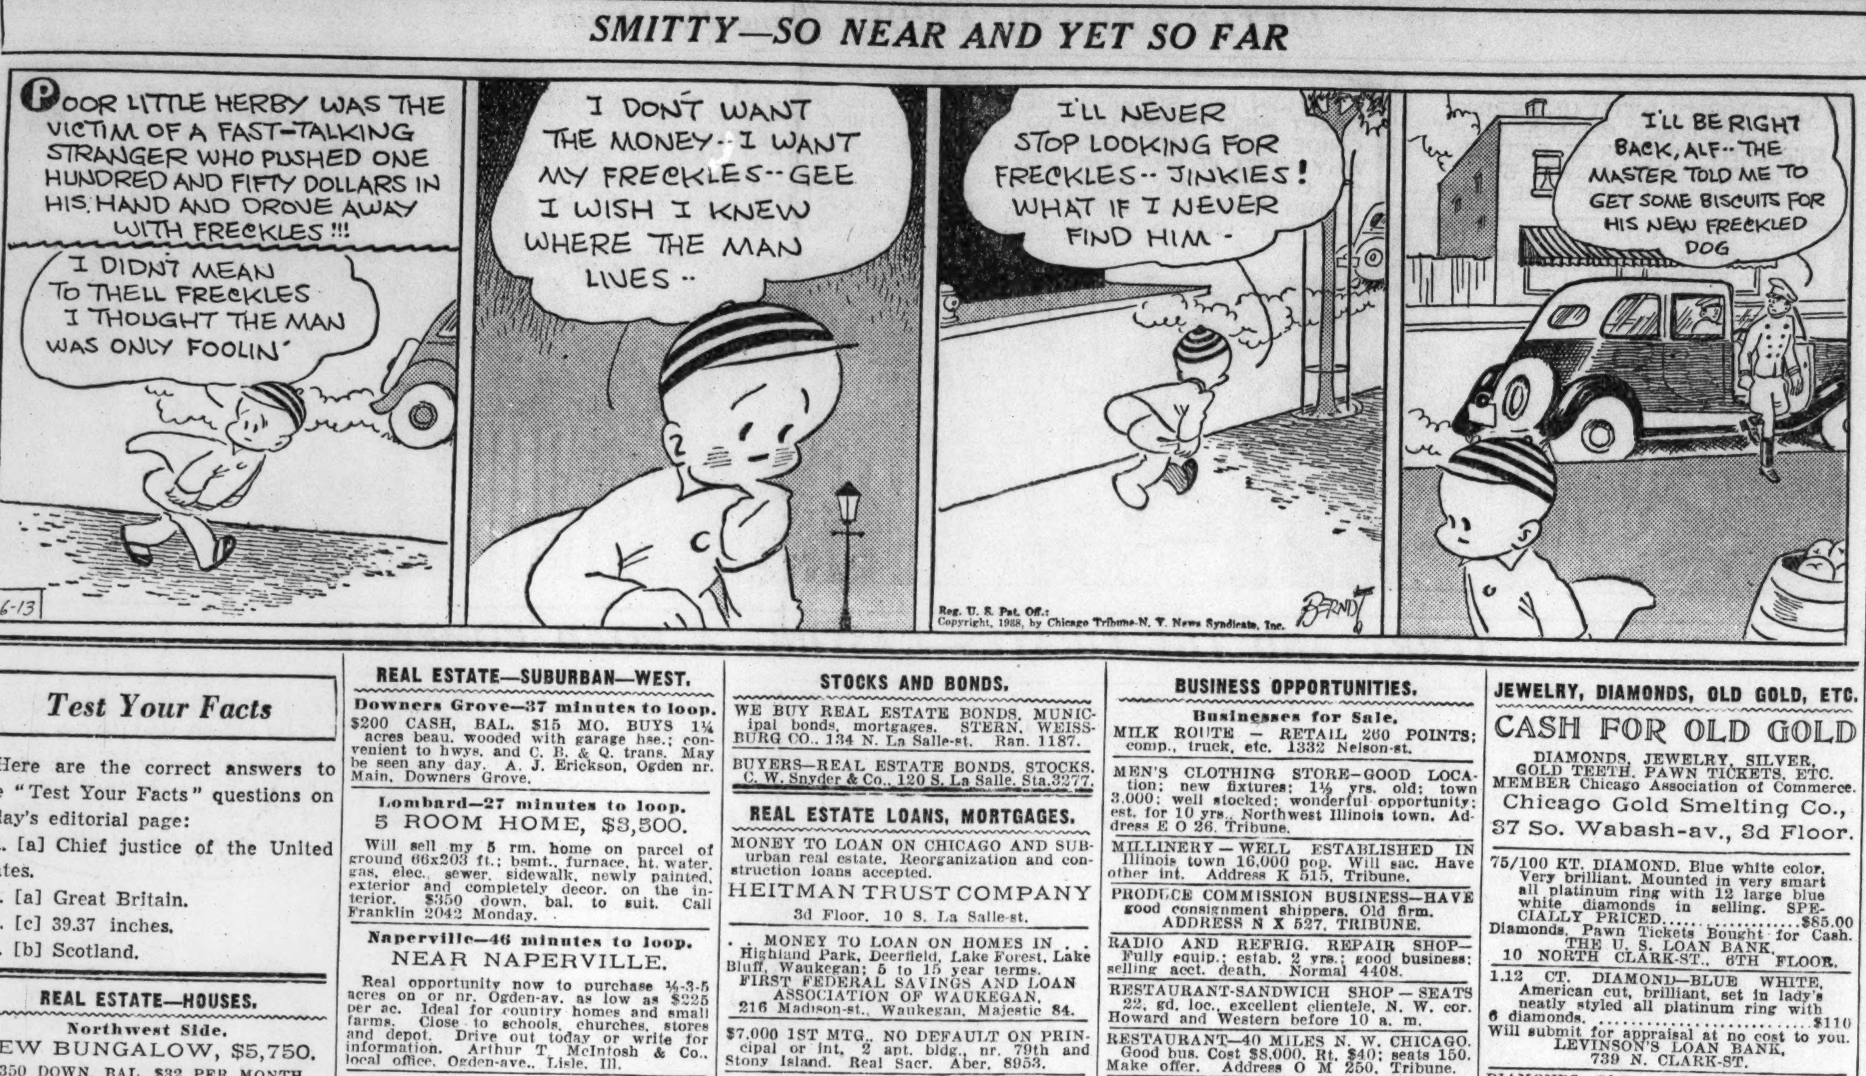
SMITTY—SO NEAR AND YET SO FAR



POOR LITTLE HERBY WAS THE VICTIM OF A FAST-TALKING STRANGER WHO PUSHED ONE HUNDRED AND FIFTY DOLLARS IN HIS HAND AND DROVE AWAY WITH FRECKLES !!!
I DIDN'T MEAN TO THELL FRECKLES I THOUGHT THE MAN WAS ONLY FOOLIN'
I DON'T WANT THE MONEY -- I WANT MY FRECKLES -- GEE I WISH I KNEW WHERE THE MAN LIVES --
I'LL NEVER STOP LOOKING FOR FRECKLES -- JINKIES! WHAT IF I NEVER FIND HIM -
I'LL BE RIGHT BACK, ALF -- THE MASTER TOLD ME TO GET SOME BISCUITS FOR HIS NEW FRECKLED DOG
